(b) In the event that the cost of an authorized major item of equipment exceeds, by more than ten percent (10%), its estimated cost, as approved by the general assembly, due to an unforeseen decision by a federal or state court or regulatory agency, monies in excess of ten percent (10%) of the estimated cost may be transferred from the capital construction and equipment purchase contingency fund to the allotment account of the item.

(c) The [~~department of~~] finance *and administration cabinet* shall, prior to making any transfer under this subsection, present the proposed transfer to the capital construction and equipment purchase oversight committee for review in accordance with KRS 45.800. Presentation of a proposed transfer under paragraph (b) of this subsection shall include written certification to the committee from the secretary of the [~~department of~~] finance *and administration cabinet* that the transfer is necessitated by cost increases resulting from an unforeseen decision by a federal or state court or regulatory agency.

Section 32. KRS 45A.305 is amended to read as follows:

(1) Any public purchasing unit is authorized, within its discretion, upon written request from another public purchasing unit or foreign purchasing activity, to provide personnel to the requesting public purchasing unit or foreign purchasing activity. Payment to the public purchasing unit providing the personnel, by the public purchasing unit or foreign purchasing activity making the request, of direct and indirect costs of furnishing the personnel, and the terms relating thereto shall be agreed upon by the parties involved.

(2) The informational, technical, and other services of any public purchasing unit may be made available to any other public purchasing unit or foreign purchasing activity provided that the requirements of the public purchasing unit tendering the services shall have precedence over the requesting public purchasing unit or foreign purchasing activity. Additionally, and subject to agreement between the parties, the requesting public purchasing unit or foreign purchasing activity shall pay all of the expenses of the services so provided.

(3) This Commonwealth, through the *finance and administration cabinet* [~~department of local government~~], upon request may make available to all public purchasing units the following services, among others:

(a) Standard forms;
(b) Printed manuals;

(h) Supplier prequalification information;
(i) Supplier performance ratings;
(j) Debarred and suspended bidders list;
(k) Forms for invitations for bids, requests for proposals, instructions to bidders, general contract provisions, and other contract forms; and
(l) Contracts or published summaries thereof, including price and time of delivery information.

(4) The Commonwealth, through the *finance and administration cabinet* [~~department of local government~~], may provide the following technical services, among others:

(a) Development of products specifications;
(b) Development of quality assurance test methods, including receiving, inspection, and acceptance procedures;
(c) Use of state product testing and inspection facilities; and
(d) Use of state personnel training programs.

(5) The *finance and administration cabinet* [~~department of local government~~] may publish a schedule of fees for the services provided under subsections (3) and (4) of this section.

Section 33. KRS 56.802 is amended to read as follows:

(1) Whenever an agency determines that it will need office or other space it shall submit a request for the acquisition of such additional space to the *department for facilities management* [~~bureau of public~~

~~properties~~] in the [~~department of~~] finance *and administration cabinet*. If the *department for facilities management* [~~bureau of public properties~~] determines that insufficient space has been allocated to the agency making the request, it may then acquire the space required by lease as provided by KRS 56.800 to 56.820.

(2) The *department for facilities management* [~~bureau of public properties~~] shall review each agency space request to determine whether space suitable to meet the agency's reasonable needs may be available in a state-owned or occupied building. If it is determined that there is no suitable space available in a state-owned or occupied building, the *department* [~~bureau~~] shall, except as provided in KRS 56.804, cause an advertisement to be placed in a newspaper having general circulation in each county where space is sought, soliciting negotiations of a lease to the Commonwealth of space meeting the agency's general requirements. The advertisement shall be published two (2) times during any seven (7) day period in daily newspapers and one (1) time in weekly newspapers. Whenever an advertisement for space is made in a weekly newspaper, it shall also be made in a newspaper of daily publication in the county of closest geographic proximity to the county in which the space is sought and for which advertisement has been made in a weekly newspaper. All leases of space in Franklin County, and all leases in any county for which the annual rental charge is estimated to exceed one hundred thousand dollars ($100,000), shall be published in at least two (2) newspapers having broad circulation within the state, to be designated by the secretary of the *finance and administration cabinet* [~~department~~], in addition to a newspaper published and of general circulation in the county in which the space is sought. The advertisement shall contain such general information concerning the agency requirements for the space sought as will reasonably inform persons having property to let within the county of the type of space wanted, the general location of the property, and the number of square feet needed, and shall state the last time, date and place that responses will be received. Responses may be made by any person in writing on or before the time and date designated and need only designate the type and location of the property, the name and address of the property owner and the date of the availability of the property for lease.

(3) Following the expiration of the time specified for the submission of proposals, the space proposed to be leased to the state by each person submitting a proposal will be inspected to determine its suitability to the reasonable needs of the agency for whose use the property is sought. The owner or other person submitting the proposal shall provide access to the property for such inspection. A report of the findings about each property inspected shall be submitted to the commissioner of the *department for facilities management* [~~bureau of public properties~~] who shall, after consultation with the head of the agency for whose use the space is sought, determine the best proposal received in the interest of the state. The commissioner shall, in making his determination, take into account factors including but not limited to: the location and accessibility of the property to the public; its condition and state of repair; its conformity with the requirements of occupational health and safety regulations; the proposed rental rates; and the general conformity of the property proposed to the advertised space requirements. The lease of the space shall be awarded in the discretion of the commissioner [~~of the bureau~~] to the person whose proposal most closely conforms to the general requirements of the advertisement for the space and meets applicable state fire, health, safety and sanitation requirements and the requesting agency's reasonable space requirements.

(4) Recognizing the improbability that any two (2) properties proposed to be leased to the state under this section will be identical and that reasonable men might differ in determining the best proposal received for the lease of property to the state, it is the general assembly's intention in this section to confer upon and delegate to the commissioner of the *department for facilities management* [~~bureau of public properties~~] through the *finance and administration cabinet* [~~department~~], the broadest possible power and authority to make such determinations. Judicial review of the action of the *cabinet* [~~department~~] and the commissioner [~~of the bureau~~] in the award of leases under this section shall be limited to determining whether the award of a lease by the state was procured by fraud. Any person who by judicial process unsuccessfully challenges the award of any lease of space by the state under this section shall be liable to the state for its costs in the action, including reasonable attorneys' fees.

Section 34. KRS 56.816 is amended to read as follows:

(1) Whenever the *department for facilities management* [~~bureau of public properties~~] in the [~~department of~~] finance *and administration cabinet* has reason to believe that there is no office or other space available to let that will be suitable to meet the space needs of one or more state agencies seeking the lease of space in a community where space is sought, and a determination has been made by the secretary of the [~~department of~~] finance *and administration cabinet*, with the approval of the governor, that the construction of a building by the Commonwealth to meet such need is not economically or otherwise feasible, the *department* [~~bureau~~] may advertise for written proposals for the construction of a building meeting the agency or agencies' space requirements and to be leased to the Commonwealth under a built-to-suit lease as authorized by this section.

(2) Advertisements for all built-to-suit leases shall be published in a newspaper of general circulation in the county where the space is sought and on a state-wide basis as provided by KRS 424.180. Advertisements for proposals for all built-to-suit leases shall be made ninety (90), sixty (60), and thirty (30) days in advance of the date fixed for receiving and opening the proposals.

(3) The *department* [~~bureau~~] shall develop, in consultation with the agency or agencies for whose use the space is sought[~~, and with the assistance of the bureau of facilities management,~~] general requirement specifications for the structure, which shall be set forth in outline form in the advertisement for proposals; the advertisement shall state that more detailed information about the space requirements and forms for submitting proposals may be obtained from the *department for facilities management* [~~bureau of public properties~~] and the time, date and place that proposals will be received.

(4) Each proposal submitted for built-to-suit leases shall contain information about the proposed site for the building, an estimate of the cost of the building, information about the proposed plan or method of financing the construction of the building, and schematic drawings of the proposed building. All buildings constructed and leased to the Commonwealth under built-to-suit lease agreements shall be constructed in accordance with all applicable state and national safety, building and construction code requirements and the preliminary and final building construction plans shall be reviewed and approved by the *department for* [~~bureau of~~] facilities management.

(5) At the time, date and place fixed in the advertisement, all written proposals for built-to-suit leases received shall be opened and publicly read. The commissioner of the *department* [~~bureau~~], after consultation with the head or heads of the agency or agencies for whose use the space is sought, [~~and with the advice and assistance of the bureau of facilities management,~~] shall award the built-to-suit lease to the individual or firm whose proposal, in the judgment and discretion of the commissioner, most closely conforms to advertised general requirement specifications.

Section 35. KRS 56.818 is amended to read as follows:

(1) The term of all built-to-suit lease agreements entered into by the Commonwealth under KRS 56.816 shall conform to the requirements of all applicable statutory and constitutional provisions as construed by the Kentucky Supreme Court.

(2) When necessary to enable an individual or firm to whom a built-to-suit lease agreement has been awarded to obtain either short or long term financing for the erection of the building to be constructed under such lease, or desirable in the best interests of the Commonwealth, the Commonwealth may be granted and may accept as a part of said lease an option to purchase the leased buildings, land and any appurtenant facilities. The option price to be paid for any such property shall not exceed its fair market value as of the time the option is exercised as determined by a competent and qualified real estate appraiser, selected by mutual agreement of the parties, employing the reproduction cost new or other accepted appraisal techniques; provided, however, that in no event shall the option price be less than a sum equal to the remaining balance of any mortgage lien encumbering the property and securing the repayment of monies advanced to the owner for the original construction of the building, plus an amount not to exceed ten percent of such mortgage balance.

(3) All built-to-suit lease agreements shall be executed for the Commonwealth by the secretary of the [~~department of~~] finance *and administration cabinet* on recommendation by the commissioner of the *department for facilities management* [~~bureau for public properties~~], approved for form and legality by the attorney general or an assistant attorney general, and approved by the governor, before they shall be binding against the Commonwealth. All such leases shall be lodged for record and recorded in the office of the county clerk of the county in which the leased property is located.

Section 36. KRS 58.215 is amended to read as follows:

(1) The capital plaza authority shall be composed of *six (6)* [~~five (5)~~] members. The governor, secretary of the [~~department of~~] finance *and administration cabinet*, [~~and~~] attorney general *and the secretary of development* shall be the *four (4)* [~~three (3)~~] state members. The mayor shall appoint the city member. The county judge/executive shall appoint the county member. Both the city member and the county member shall serve for a four (4) year term. These *six (6)* [~~five (5)~~] persons are a body corporate constituting a public corporation and governmental agency and instrumentality of the Commonwealth by the name of the "Capital Plaza Authority," with perpetual succession and with power in that name to contract and be contracted with, to convey property, to sue and be sued, to have and use a corporate seal, and to exercise, in addition to the powers and functions specifically stated in KRS 58.210 to 58.315, all of the usual powers of private corporations not inconsistent with specifically enumerated powers.

(2) The members of the authority shall receive no compensation for their services, but are entitled to reimbursement for all reasonable expenses necessarily incurred in connection with performance of their duties and functions as members.

(3) *Four (4)* [~~Three (3)~~] members of the authority shall constitute a quorum for the transaction of business. The governor shall be the chairman of the authority and the secretary of the [~~department of~~] finance *and administration cabinet* shall be the vice-chairman. The authority shall elect a secretary and a treasurer who shall serve at the pleasure of the authority and receive such compensation as may be determined by the authority. The treasurer shall give bond to the authority for a faithful accounting for all funds coming into his custody, in such amount as the authority may prescribe, drawn upon a surety company qualified

to do business in the Commonwealth, premium therefor to be paid by the authority. The authority shall establish and maintain an office and the secretary of the authority shall maintain therein complete records of the authority's actions and proceedings, as public records open to inspection.

Section 37. KRS 61.420 is amended to read as follows:

For the purpose of KRS 61.410 to 61.500:

(1) "Wages" means all remuneration for employment as defined herein, including the cash value of all remuneration paid in any medium other than cash, except that such term shall not include that part of such remuneration which, even if it were for "employment" within the meaning of federal insurance contributions act, would not constitute "wages" within the meaning of that act;

(2) "Employment" means any service performed by an employe in the employ of the Commonwealth, a political subdivision, or an interstate instrumentality, for such employers, except (a) service of an emergency nature, (b) service which in the absence of an agreement entered into under KRS 61.410 to 61.500 would constitute "employment" as defined in the social security act, or (c) service which under the social security act may not be included in any agreement between the Commonwealth and the secretary entered into under KRS 61.410 to 61.500; provided, however, that service, the compensation for which is on a fee basis, may be excluded in any plan approved under KRS 61.410 to 61.500, and provided also, that service in any class or classes of positions, the exclusion of which is permitted under the social security act, may be excluded in any plan approved under KRS 61.460;

(10) "Sick leave with pay" means any payment made in lieu of salary on account of sickness or accident disability.

Section 38. KRS 61.460 is amended to read as follows:

(1) Each political subdivision of the state is hereby authorized to submit for approval by the state agency a plan for extending insurance coverage to employes of such political subdivision; provided, however, that no such plan shall provide insurance coverage to an employe occupying a position to which KRS 161.220 to 161.710 are applicable except for employes of the state colleges and public junior colleges. Each such plan and any amendments thereof shall be approved by the state agency if it finds that such plan, or such plan as amended, is in conformity with such requirements as are provided in regulations of the state agency, except that no such plan shall be approved unless:

(a) It is in conformity with the requirements of the social security act and with the agreement entered into under KRS 61.430;

(b) It provides that all services which constitute employment and are performed in the employ of the political subdivision by employes thereof, shall be covered by the plan;

(c) It specifies the source or sources from which the funds necessary to make the payments required by paragraph (a) of subsection (3) and by subsection (4) of this section are expected to be derived and contains reasonable assurance that such sources will be adequate for such purpose;

(d) It provides for such methods of administration of the plan by the political subdivision as are found by the state agency to be necessary for the proper and efficient administration thereof;

(e) It provides that the political subdivision will make such reports, in such form and containing such information, as the state agency may from time to time require, and will comply with such provisions as the state agency or the secretary may from time to time find necessary to assure the correctness and verification of such reports; and

(f) It authorizes the state agency to terminate the plan in its entirety, in the discretion of the state agency, if it finds that there has been failure to comply substantially with any provision contained in such plan, such termination to take effect at the expiration of such notice and on such conditions as may be provided by regulations of the state agency and as may be consistent with the provisions of the social security act.

(2) The state agency shall not finally refuse to approve a plan submitted by a political subdivision under subsection (1) of this section, and shall not terminate an approved plan, without reasonable notice and opportunity for hearing to the political subdivision affected thereby.

(3) (a) Each political subdivision for which a plan has been approved under this section is authorized to and shall pay into the contribution fund, with respect to wages, at such time or times as the state agency may by regulation prescribe, contributions in the amounts and at the rates specified in the applicable agreement entered into by the state agency under KRS 61.430; and, furthermore, in anticipation of the due date of any payments of contributions required herein, is authorized to and shall make such advancements as the state agency, by regulation or contract, may require.

(e) All sums recovered from the bond of the custodian or otherwise for losses sustained by the fund, and all other moneys received for the fund from any other source. All moneys in the fund shall be mingled and undivided. Subject to the provisions of KRS 61.410 to 61.500, the state agency is vested with full power, authority and jurisdiction over the fund, including all moneys and property or securities belonging thereto, and may perform any and all acts whether or not specifically designated, which are necessary to the administration thereof and are consistent with the provisions of KRS 61.410 to 61.500.

(2) The contribution fund shall be a trust and agency fund which shall not lapse and shall be held separate and apart from any other funds or moneys of the state and shall be used and administered exclusively for the purposes of KRS 61.410 to 61.500. Withdrawals from such fund shall be made for, and solely for:

(a) Payment of amounts required to be paid to the secretary of the treasury pursuant to an agreement entered into under KRS 61.430;

(b) Payment of refunds provided for in subsection (3) of KRS 61.450;

(c) Refunds of overpayments, not otherwise adjustable, made by a political subdivision; and

(d) For payment of administrative costs for the administration of KRS 61.410 to 61.500 to the extent of the interest earned on investments of the contribution fund.

(3) From the contribution fund the custodian of the fund shall pay to the secretary of the treasury such amounts at such time or times as may be directed by the state agency in accordance with any agreement entered into under KRS 61.430.

(4) *At the end of each fiscal year, the state agency shall make an estimate of the necessary operating costs of the state agency for the next fiscal year, including a contingent liability fund. After approval of this amount needed for necessary costs and contingent liability fund by the secretary of finance and administration, the realized investment earnings of the contribution fund available at the end of any fiscal year shall be reduced to this approved amount, and any excess is hereby authorized for transfer to the credit of the general fund.*

(5) The treasurer of the state shall be ex-officio treasurer and custodian of the contribution fund and shall administer such fund in accordance with the provisions of KRS 61.410 to 61.500 and the directions of the state agency, and shall pay all warrants drawn upon the fund in accordance with the provisions of this section and with such regulations as the state agency may prescribe pursuant thereto.

Section 40. KRS 64.810 is amended to read as follows:

(1) Any county clerk, county judge/executive, county attorney, sheriff, jailer, coroner, or constable shall have the right to employ a certified public accountant to audit the books, accounts, and papers of his office in lieu of the audit conducted by the state auditor of public accounts required by KRS 43.070.

(2) If said official elects to exercise the right prescribed in subsection (1), then he shall:

(a) Notify in writing within thirty (30) days following the period to be audited, the fiscal court of his county and the state auditor of the name of the certified public accountant employed by said official to audit the books, accounts, and papers of his office; the auditor shall acknowledge, in writing, receipt of such notification, and approval of the use of the designated independent certified public accountant cannot be withheld unless such certified public accountant fails to conform to standard audit programs established for governmental accounting and other generally accepted accounting procedures as set forth by the Kentucky board of accountancy;

(b) Bear the cost of the audit from funds received or collected by him, and the cost of the audit shall be construed as an expense of his office;

(c) Within a reasonable time after the certified public accountant's examination, submit the accountant's written report to the governor, the general assembly, the attorney general, the county officials' compensation board, the state librarian, the state auditor of public accounts, *the state local finance officer,* and the fiscal court and county attorney of his county. In addition, the official shall send the report to a newspaper having general circulation in the county of the official, and the letter of transmittal accompanying the report shall be published in said newspaper in accordance with the provisions of KRS chapter 424.

(3) This section shall not be construed as eliminating the requirement that the books, accounts, and papers of the above named officials be audited yearly. This section shall not preclude the state auditor from reviewing the reports of the certified public accountant. After preliminary review, should discrepancies be found, nothing in this section or in KRS 43.070(1)(b) shall be construed as precluding the auditor's office from making its own investigative report or audit to verify the findings of the independent certified public accountant's report. If such investigative audit be deemed necessary, the expenses to said county official, as directed by KRS 43.070(2), shall be construed as an allowable expense of that office.

Section 41. KRS 65.070 is amended to read as follows:

(1) At least once every twelve (12) months, a district shall:

(a) File with the county clerk of each county with territory in the district a certification showing the name of the district, a map or general description of its service area, the statutory authority under which it was created, and the names and addresses of the members of its governing body and chief executive officer;

(e) "Bonds," as used anywhere in this chapter, means debt payable more than one (1) year after date of issue or incurrence, issued pursuant to the laws authorizing local government borrowing.

(3) Without first notifying the state local finance officer in writing, no bonds may be issued by or on behalf of any local government. The notification shall contain the maturity schedule, interest rate, date of issue, purpose, paying agent, and such other information as the state local finance officer may require to provide a complete file on local government debt.

(4) The state local finance officer may provide technical and advisory assistance regarding the issuance of long-term debt to those local governments whose governing bodies request such assistance. Such assistance shall include, but need not be limited to, (a) advice on the marketing of bonds by local governments, (b) conduct of training courses in debt management for local financial officers, and (c) promotion of the use by local governments of such tools for sound financial management as adequate systems of budgeting, accounting, auditing, and reporting.

Section 43. KRS 66.390 is amended to read as follows:

Ownership of obligations of Kentucky counties shall disqualify the *secretary of the finance and administration cabinet* [~~commissioner of the department for local government~~] or any of his appointees from serving in any capacity incident to the administration of KRS 66.280 to 66.380, or KRS 68.220, 68.250, 68.270, 68.280, 68.310 or 68.320.

Section 44. KRS 68.020 is amended to read as follows:

All warrants for the payment of funds from the county treasury shall be co-signed by the county treasurer and the county judge/executive.

(2) He may, and when directed by the fiscal court shall, institute actions in the name of the county against all delinquent sheriffs or collectors of the county, and against anyone having money belonging to the county who fails or refuses to pay it over on demand when due. He shall keep a record of all actions he is directed to institute on behalf of the county, showing their condition and the money collected thereunder.

(3) He shall keep an accurate detailed account of all money received and disbursed by him for the county, and shall keep books of accounts of the financial transactions of the county in the manner required by any uniform system of accounting prescribed by the *finance and administration cabinet* [~~department for local government~~].

(4) The county treasurer shall, when required by the fiscal court, settle his accounts as county treasurer, and within thirty (30) days after the close of each fiscal year, he shall make a full and complete settlement for the preceding fiscal year with the fiscal court or with a person or persons whom the fiscal court, by order of record, appoints to make settlement with him. In case of a vacancy, the county judge/executive shall call a special term which shall proceed in the manner it deems proper to settle the accounts of the county treasurer.

Section 45. KRS 91A.040 is amended to read as follows:

(1) Each city shall, as soon as practicable and in no event later than two hundred seventy (270) days after the close of each fiscal year, cause each fund of the city to be audited by the auditor of public accounts or a certified public accountant.

(2) The city shall enter into a written contract with the selected auditor. The contract shall set forth all terms and conditions of the agreement which shall include, but not be limited to, requirements that:

(a) The auditor be employed to examine the balance sheets of all governmental proprietary and fiduciary funds of the city;

d. School Foundation Program

1982-83	$774,046,600
1983-84	$845,387,400

Accumulated earnings for the Common School Fund shall each fiscal year be transferred to the School Foundation Program.

Funds appropriated to the School Foundation Program shall be allotted to school districts in accordance with KRS 157.310 through 157.430 and 157A.090, except that the total of the funds allotted shall not exceed the appropriations for this purpose except as provided in this Act. If funds appropriated to the School Foundation Program are insufficient to provide the amount of money required under KRS 157.390(6), allotments to local school districts shall be reduced in accordance with KRS 157.430.

The amount to be included for the 1982-83 school year in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following schedule, for a term of 185 days for each rank:

Rank	I	II	III	IV	V
Experience					
0-3 years	$16,450	$14,600	$12,750	$10,820	$9,890
4-9 years	18,290	16,450	14,600	10,820	9,890
10 years & over	19,960	18,110	16,260	10,820	9,890

Beginning with the school year 1983-84, the amount to be included in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following allotment schedule, for a term of 185 days, for each rank:

Rank	I	II	III	IV	V
Experience					
0-3 years	$17,590	$15,740	$13,890	$11,960	$11,030
4-9 years	19,430	17,590	15,740	11,960	11,030
10 years & over	21,100	19,250	17,400	11,960	11,030

No working budget or salary schedule shall be approved in which the average salary paid any rank of teachers is not at least equivalent to the allotment for that rank, or in which any teacher is paid less than ninety-three percent (93%) of the School Foundation Program allotment for that rank for full time service during the regular school year or the allotment under KRS 157.390(2) shall be reduced by an amount equal to the amount by which the district failed to meet salary requirements, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board of Education shall certify such contention to the Department of Revenue. Said department shall then determine whether there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Department of Revenue shall then certify its determination to the State Board of Education, and said Board shall accept such certified determination as final.

The State Board of Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1982-83 and 1983-84 in which the total amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries in the preceding year, plus the additional amount for teachers' salaries received by the district under this appropriation for a 185 day school term by assuming the same classroom units and rank and experience of teachers in the current year as in the preceding year in each local school district.

The General Assembly acknowledges that included in the Finance Secretary's Order 82-96 is decreased funding for the School Foundation Program for school year 1981-82. One result of that appropriation reduction is that state funds are not provided for the cost of two (2) of the four (4) in-service days provided by KRS 158.070(3). The General Assembly hereby ratifies said funding reduction for school year 1981-82, but reestablishes funding for all four (4) in-service days for school years 1982-83 and 1983-84.

Local school district personnel who are employed beyond the regular school term of 185 days shall be so employed in accordance with the provisions of KRS 157.390(2)(a) and 702 KAR 1:020, except that for purposes of calculation of salary allotments under the Foundation Program, the number of days of employment beyond 185 days shall be limited to 25 days for all positions except superintendents, assistant superintendents, and finance officers.

The allotment of any school district classroom units, pursuant to KRS 157.360(1) shall not exceed the number of teachers employed by that school district.

Notwithstanding the provisions of KRS 157.360(5), (6), and (10) the allotments, provision for which is made under this Act, for classroom units shall be as follows:

	1982-83	1983-84
Vocational Education	2,858	2,858
Exceptional Children	4,210	4,210
Kindergarten	681	856

Provided, however, that if the budgeted units in any category of classroom units — Vocational Education, Exceptional Children, Kindergarten, classroom units for elementary and secondary schools, and units related to school administration — prove to be excessive, the surplus may be reallocated to any other category or categories by the Superintendent of Public Instruction, upon the approval of the State Board of Education and the Secretary of the Finance and Administration Cabinet.

Kindergarten units shall be allotted in fiscal year 1982-83 and fiscal year 1983-84 on the basis of one for every two classes with 27 pupils in average daily attendance in each class. The above allotment of kindergarten units for school year 1983-84 contains sufficient units to provide for compulsory attendance in the kindergarten program.

The allotments of basic classroom units shall be made on the average daily attendance (ADA) for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions, notwithstanding the provisions of KRS 157.360(2): (a) an average daily attendance of nine and six-tenths (9.6) in fiscal year 1982-83 and in fiscal year 1983-84 shall be deducted for each vocational education unit allotted, and (b) an average daily attendance of seven and two-tenths (7.2) in fiscal year 1982-83 and in fiscal year 1983-84 shall be deducted for each exceptional children unit allotted.

The Superintendent of Public Instruction shall enforce the limited class size of 27 in each of grades one (1) through three (3) on a district-wide basis for each local school district.

Notwithstanding the provisions of KRS 157.360(7)(a), the total number of administrative and special instructional services (ASIS) units allotted under KRS 157.360(7) shall be the sum of basic units allotted and kindergarten units allotted divided by 8, plus the sum of vocational units allotted times 9.6 ADA and exceptional children allotted times 7.2 ADA divided by 216. Allotments for classroom units pursuant to KRS 157.360(7) shall only be for those personnel who are qualified for their respective positions under applicable provisions of law and regulations and who maintain programs which have been approved pursuant to applicable regulations.

The amount to be included in the Foundation Program for other current expenses in the 1982-84 biennium shall be determined by multiplying the number of classroom units by: $3,680 in the 1982-83 school year and $4,050 in the 1983-84 school year.

The amount to be included in the Foundation Program for capital outlay shall be determined by multiplying the number of classroom units by: $1,800 in the 1982-83 school year and $1,900 in the 1983-84 school year.

In accordance with the intent of KRS 162.060 and 162.160, no space shall be rented, purchased, or otherwise acquired and thereafter converted to classroom use without prior approval of the Superintendent of Public Instruction. The State Board of Education may adopt regulations for the housing of school children. No facilities shall be approved for classroom use which are detrimental to the health of or dangerous to the safety of school children.

If a school district operates any school or grade of a school for a term of less than 185 days in accordance with KRS 158.070, or for a school day of less than the minimum required by KRS 158.060, the average daily attendance of such school shall be reduced proportionately by the Superintendent of Public Instruction in determining the allotment of classroom units.

Any undistributed balance in the Foundation Program fund at the end of the fiscal years 1982-83 and 1983-84 shall lapse to the General Fund except where provisions to the contrary are provided in this Act. No unexpended portions of the School Foundation Program fund shall be expended at any time for the purpose of KRS 156.610 through 156.650 except as identified in this Act.

The total appropriation for the School Foundation Program shall be measured by, or construed as, estimates of the state expenditures required by KRS 157.310 et. seq. If the required expenditures exceed these estimates, the Secretary of the Finance and Administration Cabinet, with approval of the Governor, may increase the appropriation by such amount as may be available and necessary to meet, to the extent possible, the required expenditures under the hereinabove cited sections of the Kentucky Revised Statutes; provided, however, that any such increase, of the total appropriation to the Foundation Program is subject to Part VI, General Provisions, Section 8, of this Act, and the provisions of KRS 45.160.

The total of the appropriations for the Foundation Program for fiscal year 1982-83 and fiscal year 1983-84 is an amount which is estimated to be sufficient to provide for the requirements of KRS 157.390(6) and this Act. The amount budgeted for instructional salaries in the appropriation for fiscal year 1983-84 includes $1,500,000 more than the amount estimated to be required for fiscal year 1983-84. These funds shall be used to offset the insufficient funding for salaries for fiscal year 1982-83, and shall be distributed the first month of fiscal year 1983-84. The Superintendent of Public Instruction shall take the steps necessary to ensure that these funds are distributed in accordance with this Act.

Included in this appropriation is $69,877,500 in fiscal year 1982-83 and $77,564,000 in fiscal year 1983-84 for the costs of transporting pupils to and from school. Calculations of the allotments of pupil transportation funds to school districts shall be made in accordance with KRS 157.370 and 157A.090, except that the total of the funds allotted under KRS 157.390(5) shall not exceed $69,877,500 in fiscal year 1982-83 and $77,564,000 in fiscal year 1983-84; provided, however, that these sums may be increased by any excess funds appropriated for the School Foundation Program, but no such increases shall exceed the total transportation cost calculated in accordance with KRS 157.370 and 157A.090, subject to the approval of the Superintendent of Public Instruction and the Secretary of the Finance and Administration Cabinet, except where provisions to the contrary are stated in this Act.

Included in the School Foundation Program appropriation is $1,785,400 in fiscal year 1982-83 and $1,964,000 in fiscal year 1983-84 for Vocational Transportation.

If the actual cost of the School Foundation Program exceeds the level of appropriated funds, any unexpended funds in other appropriations under Part I, Section D, Subsection 29 of this Act may be used to offset such expenditures, subject to the approval of the Superintendent of Public Instruction and the Secretary of the Finance and Administration Cabinet, except where provisions to the contrary are stated in this Act.

PART III
FEDERAL FUNDS

There is appropriated to the various officers, cabinets, departments, boards, commissions, institutions, subdivisions, and other agencies of the State Government only as are listed herein for the fiscal year ending June 30, 1983, and for the fiscal year ending June 30, 1982, Federal subventions, grants, contracts and other Federal funds received, income from investments and other miscellaneous Federal receipts received by any of the following agencies of the State Government, except as otherwise specifically provided, for the use and benefit of each of the below-named agencies of the State Government for the purposes for which each fund is authorized. Receipts which are received by each of the respective agencies of the State Government listed herein shall be placed to the credit of a Federal Fund out of which shall be established separate accounts for the use and benefit of these agencies of the State Government for purposes for which each fund is authorized. All funds received shall be deposited in the State Treasury and credited to the proper account as provided by KRS chapter 12, 42, and 45.

In the event receipts received and credited to any Federal Fund account during fiscal year 1982-83 or fiscal year 1983-84, and any balance forwarded to the credit of any such account from the previous fiscal year, exceed, by the sum of five percent, the appropriation made by specific sum to said account for the fiscal year in which the excess occurs, said excess shall become available for expenditure for the purpose of the account during said year only with the authorization of the Executive Director of the Office for Policy and Management upon approval of the Secretary of the Finance and Administration Cabinet; provided, however, that institutions of higher education may receive and expend all Federal funds without limitation.

Except as herein otherwise provided, the appropriate agency may requisition for expenditure from the Federal Fund account, through the Finance and Administration Cabinet, during the fiscal year ending June 30, 1983, and during the fiscal year ending June 30, 1984, all receipts placed to the credit of the Federal Fund for such year, out of which has been established a Federal Fund account for each separate agency during such fiscal year, in addition to any balance which said agency may have had forwarded from the preceding year on or before August 31, of the then current fiscal year, by the Finance and Administration Cabinet. On or before the beginning of each fiscal year, each agency, other than institutions of higher education, shall submit to the Finance and Administration Cabinet and the Legislative Research Commission schedules for each budget unit showing estimated receipts and estimated expenditures for the ensuing fiscal year, a comparison of any revised estimates with the amounts provided in the Executive Budget as adopted by the 1982 General Assembly, and statements which explain the occurrence of such variances.

In the event a budget unit not listed herein receives unanticipated monies, the Secretary of the Finance and Administration Cabinet, upon written request from the agency head with appropriate documentation of the amount, source, purpose, necessity and use of such monies, may authorize, upon recommendation of the Office for Policy and Management the credit and expenditure of such funds for statutory purposes. The Secretary of the Finance and Administration Cabinet shall cause to be established a restricted account for the receipt and disbursement of such funds and shall establish the maximum sum which may be credited and expended from the authorized account. The Secretary of the Finance and Administration Cabinet, in consultation with the Interim Joint Appropriations and Revenue Committee, shall provide appropriate notice pursuant to this event to the Legislative Research Commission.

PART IV
TRANSPORTATION FUND

Monies in the Transportation Fund are appropriated for use by the Department of Transportation in the activities, functions, and duties performed by it as prescribed by law. The Transportation Fund shall consist of all the state revenues realized from fees, taxes, and license fees levied for state road purposes authorized by law, and any additional or other revenues, grants, or funds, including any amount which may be received from Federal aid, bond funds, General Funds appropriated, or any other sources pursuant to the provisions of KRS 177.030, made available for the construction or reconstruction of public roads or for any other of the activities administered by the Department of Transportation. Such receipts and revenues, and unappropriated surplus, together with any balance as of June 30, 1982, shall constitute the Transportation Fund for the fiscal years 1982-83 and 1983-84 respectively. An annual budget for each fiscal year shall be submitted by the Department of Transportation to the Finance and Administration Cabinet for approval by June 1, 1982, for fiscal year 1982-83 and by June 1, 1983, for fiscal year 1983-84. The budget shall be based upon the most current State Road Fund estimates and Surplus, estimates of contractual and noncontractual Federal aid, General Funds appropriated, and funds and fees from any other source.

In the event the State Road Fund estimates are revised during the biennium, the Department of Transportation shall submit its annual budget based upon the new estimates. These estimates are to be certified by the Commissioner of Revenue to the Secretary of the Finance and Administration Cabinet and upon the approval of the Governor, the Secretary of the Finance and Administration Cabinet shall make the appropriate increases or decreases to the Department of Transportation's annual budget. If the State Road Fund estimates are increased or decreased during a fiscal year the Department of Transportation shall request from the Finance and Administration Cabinet with approval of the Governor authority to increase or decrease its annual budget in accordance with Part VI, General Provisions, Section 8 of this Act.

Notwithstanding KRS 143.090, it is the intent of the General Assembly that the coal severance tax receipts deposited to the credit of the Transportation Fund, for the purpose of meeting lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects, shall not exceed $21,750,000 in fiscal year 1981-82, $42,750,000 in fiscal year 1982-83, and $42,750,000 in fiscal year 1983-84. In the event these amounts are not sufficient to meet the amount certified pursuant to KRS 143.090, the Secretary of the Department of Transportation shall use other Transportation Fund resources to meet the total amount of said certification.

Those projects listed by title in this Act but for which no funds are shown are previously authorized projects for which there is sufficient funding available for completion in the absence of any additional funding in the 1982-84 biennium. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund. Those projects set forth under the sub-heading "higher education" are subject to the action and approval of the Council on Higher Education and subject to the approval of the Finance and Administration Cabinet. Furthermore, the Council on Higher Education shall develop and approve a higher education computer plan to be submitted to the Secretary of Finance and Administration Cabinet by July 1, 1982. The provisions of KRS 45.750 through 45.990 notwithstanding it is the intent of the General Assembly that capital construction projects at institutions of higher education involving no state or federal funds, may be authorized between Regular Sessions of the General Assembly, providing that such projects receive prior approval from both the Council on Higher Education and the Secretary of the Finance and Administration Cabinet, and that the Capital Construction and Equipment Purchase Oversight Committee receives prior notification.

Any funds remaining in projects no longer authorized on July 1, 1982, under the provisions of KRS 45.750 through 45.990 shall lapse to the Capital Construction Emergency Repair, Maintenance and Replacement Fund to be expended in accordance with the provisions of KRS 45.780. Notwithstanding the provisions of KRS 45.770, the Capital Construction and Equipment Purchase Contingency Fund may be used to advance funds to projects authorized to be financed by bonds and may be used to finance feasibility studies for projects which may be contemplated for future funding. Roof repair or replacement projects shall be eligible for Emergency Repair, Maintenance and Replacement Fund allotments.

Included in the above appropriation is an Economic Development bond authorization of $25,000,000 for fiscal year 1982-83 and $50,000,000 for fiscal year 1983-84. This funding is recommended for projects that are associated with economic development and will be identified during the 1982-84 biennium by the Secretary of the Commerce Cabinet. Examples of projects that may be included are riverports, parks, economic development, energy development and tourism. No bonds may be issued for these projects in the absence of prior consultation with the Capital Construction and Equipment Purchase Oversight Committee.

Also included in the above appropriation is a Kentucky Development Finance Authority Loan program bond authorization of $50,000,000 for fiscal year 1982-83. These bond proceeds will be utilized to make loans for manufacturing, agribusiness, and tourism projects and will be identified during the 1982-84 biennium by the Kentucky Development Finance Authority Board of Directors.

Inasmuch as the identification of specific projects in a variety of areas of the State Government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly, the provisions of KRS 45.750 through 45.990 notwithstanding, to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Repair of State-Owned Dams, Economic Development Projects, Area Development Fund, Handicapped Access, and Fire and Life Safety.

All monies transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

If at end of any fiscal year the monies and securities to the credit of the State Fire and Tornado Insurance Fund exceed $2,000,000 and if conditions with respect to life and safety in state properties are such as not to require the expenditure of all excess funds for improvements to said conditions, then the Secretary of the Finance and Administration Cabinet, with the concurrence of the Commissioner of Insurance, shall transfer up to $1,300,000 in fiscal year 1982-83 and $1,300,000 in fiscal year 1983-84 of the amount of such excess not so required and may authorize its transfer to the Capital Construction Fund, for expenditure in accordance with the provisions of Chapter 56 of the Kentucky Revised Statutes.

PART VI
GENERAL PROVISIONS

1. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1982, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42 and 45 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet in accordance with the detailed estimates embodied in the Executive Budget 1982-84 and supporting work papers, as considered by the 1982 Regular Session and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

2. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

3. The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Finance and Administration Cabinet, and the Departments of Treasury and Law relative to the administration of programs in which there is joint participation by the State and Federal Governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs.

4. All continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act, notwithstanding any provisions of the Kentucky Revised Statutes to the contrary, except as provided by Chapters 12, 42, 56, 152, 177 and 341 of the Kentucky Revised Statutes. All laws and portions of laws in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed.

5. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the Governor's budget proposal and is supported by appropriate work papers and other records pertaining thereto.

6. Any General Fund appropriation made herein in anticipation of a lack, loss, or reduction of Federal grants shall lapse to the General Fund to the extent such Federal funds otherwise become available.

7. To the extent that Federal monies become available to the Commonwealth under Title IV of Public Law 95-87, it is the intent of the General Assembly that these monies be appropriated to the Finance and Administration Cabinet to be used for nonrecurring projects in accordance with the intent of the Federal law.

8. Whereas, inasmuch as the finances of the Commonwealth cannot be ascertained with absolute certainty at this time, and since the actual needs of each officer, cabinet, department, board, commission, institution, agency, or other activity or subdivisions of state government can only be anticipated and not finally determined by the General Assembly, and since the total amount of revenue accruing to the General Fund and to the Transportation Fund and accruing from various fees or from Federal funds from which appropriations are made can only be anticipated as being produced through existing laws and those that may hereafter

be enacted, and recognizing the complex nature of the economy, it is the purpose and intention of this Act that the expenditures for each fiscal year shall not exceed the total financial resources accruing to any Fund, as defined in KRS Chapter 45, for the same fiscal year. As the conditions cannot be fully determined until after the adjournment of the 1982 General Assembly, and as the needs of each officer, cabinet, department, board, agency, commission, institution, subdivision, or activity of state government, together with the total financial resources accruing to the General Fund and the Transportation Fund cannot be fully determined at this time, it is the intention and purpose of this General Assembly that the Secretary of the Finance and Administration Cabinet, with the advice of the Commissioner of the Department of Revenue, upon approval of the Governor of the Commonwealth, is authorized, empowered, and directed to ascertain and determine the needs of each officer, cabinet, department, board, commission, institution, subdivision, agency, or other activity of state government and to ascertain the total financial resources anticipated to be accrued to the General Fund and the Transportation Fund of the Commonwealth, and upon the ascertainment and determination of said facts, he, the Secretary of the Finance and Administration Cabinet, in the manner set forth as provided by general law, is authorized, empowered, and directed by the General Assembly to prevent an overdraft or deficit in any fiscal year for which appropriations are herein made, by equitably reducing, according to needs, without discrimination, the appropriations herein made from the General Fund and Transportation Fund to each officer, cabinet, department, board, commission, institution, subdivision, agency, or other activity in state government, provided, however, that the power invested shall not permit any reduction of the appropriations of any officer, cabinet, department, board, commission, institution, subdivision, agency, or other activity of state government that will actually impair the necessary constitutional functions of such agency or activity, the operations and functions of which are determined to be necessary constitutional functions of state government.

9. The Secretary of the Finance and Administration Cabinet shall cause the Office for Policy and Management to prepare a final budget document based upon the Executive Budget proposal as enacted by the 1982 General Assembly as well as other acts which provide appropriations for the 1982-84 biennium and based upon supporting documentation and records as considered by the 1982 General Assembly. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by major budget class and such other fiscal data and commentary considered necessary by the Office for Policy and Management for budget execution and oversight. Any amendments to the enacted budget approved by the Office for Policy and Management shall be communicated to the Interim Joint Appropriations and Revenue Committee.

10. It is the intent of the General Assembly that the Secretary of the Finance and Administration Cabinet shall be empowered and directed to transfer all funds appropriated to various agencies of state government in Part I of this Act for the operation and maintenance of the Kentucky Early Warning System (KEWS) to the Finance and Administration Cabinet to administer and manage the system.

11. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund.

12. Notwithstanding KRS 143.090, it is the intent of the General Assembly that the coal severance tax receipts deposited to the credit of the Transportation Fund, for the purpose of meeting lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects, shall not exceed $21,750,000 in fiscal year 1981-82, $42,750,000 in fiscal year 1982-83, and $42,750,000 in fiscal year 1983-84. In the event these amounts are not sufficient to meet the amount certified pursuant to KRS 143.090, the Secretary of the Department of Transportation shall use other Transportation Fund resources to meet the total amount of said certification.

13. The General Assembly recognizes that during fiscal year 1980-81 and fiscal year 1981-82, the General Fund revenues of the Commonwealth were less than the estimates upon which appropriations for those fiscal years were made by Part I, Chapter 109, of the 1980 Acts of the General Assembly. The General Assembly acknowledges that as a result of shortfalls in the revenues during the biennium for which funds were appropriated by the 1980 General Assembly the Secretary of Finance as directed by Paragraph 8, Part VI, Chapter 109, of the 1980 Acts of the General Assembly and as authorized by KRS 45.160, took action to prevent an overdraft or deficit in the finances of the Commonwealth through the reduction of appropriations made by Part I, Chapter 109, of the 1980 Acts of the General Assembly, and by various other actions, all as set forth in and provided by Orders 81-151 and 82-96 of the Secretary of Finance, which Orders are permanent records of the Commonwealth, on file in the Office for Policy and Management.

It is the intent of the General Assembly herein to ratify and confirm the appropriation levels appearing in Orders 81-151 and 82-96 of the Secretary of Finance as the General Fund appropriations for fiscal year 1980-81 and fiscal year 1981-82, respectively, for the offices, boards, commissions, institutions, subdivisions and agencies of the Government of the Commonwealth of Kentucky, except so much thereof as relates to the appropriation to the Local Government Economic Assistance Fund for fiscal year 1981-82, which sum shall be determined as provided by KRS 45.450; it is the further intent of the General Assembly herein, the provisions of any other law of the Commonwealth to the contrary notwithstanding, to ratify and confirm the advances, transfers and lapsing to the General Fund of all non-General Fund monies as identified in said Orders 81-151 and 82-96 of the Secretary of Finance, and to that end, the General Assembly hereby expressly ratifies, adopts, and enacts the appropriation levels contained in said Orders 81-151 and 82-96, including those provided for the Foundation Program as set forth and contained in KRS Chapters 157 and 157A and in Chapter 109 of the 1980 Acts of the General Assembly, as the appropriations for the offices, boards, commissions, institutions, subdivisions, and agencies of the Government of the Commonwealth for fiscal year 1980-81 and fiscal year 1981-82, and to the extent in conflict therewith the appropriation levels set forth in Part I, Chapter 109 of the 1980 Acts of the General Assembly shall be read as conforming to the levels of appropriation hereby enacted.

HB 627, AN ACT relating to banks.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 287.180 is amended to read as follows:

(1) Banks authorized under the laws of this state may, except as provided in subsection (2) of this section, exercise, only at their principal office, powers necessary to carry on the business of banking by discounting and negotiating notes, drafts, bills of exchange and other evidences of debt, and by purchasing bonds, receiving deposits and allowing interest thereon, buying and selling exchange, coin and bullion and lending money on personal or real security.

(2) Any corporation presently or hereafter engaged in the business of banking, and meeting the requirements of this subsection, may apply to the commissioner of banking and securities for permission to establish, within the city in which its principal office is located and, subject to the limitation hereinafter imposed, within the county in which its principal office is located a branch at which all of the powers conferred in subsection (1) of this section may be exercised. Before the commissioner of banking and securities shall approve or disapprove any application made under this subsection he shall ascertain and determine that the public convenience and advantage will be served and prompted thereby and that there is reasonable probability of the successful operation of such branch. No such branch shall be authorized or approved by the commissioner unless all of the following are complied with:

(a) No such corporation having a combined capital and surplus of less than $100,000 shall be permitted to establish any branch. Any corporation applying for permission to establish a branch shall be required to have a minimum combined capital and surplus for each branch applied for in accordance with the following table:

If the principal office is located in:

1. An unincorporated area or in a city of 7,999 population or less	$100,000
2. City with population of 8,000 to 19,999	$200,000
3. City with population of 19,999 and over one branch may be authorized for every $250,000 of capital and surplus.	

Said population is to be determined by the last census or any future census of the United States.

(b) [~~No such corporation shall be permitted to establish a branch in any incorporated city, other than in the city in which its principal office is located, in which there is an existing bank. Nor shall any such corporation be permitted to establish a branch in any unincorporated area within a radius of one (1) mile of an existing bank located in such unincorporated area. As used in this subsection, an "existing bank" shall mean the principal office of a bank as distinguished from a branch thereof.~~

~~(c)~~] The permission to open a branch shall lapse one year after the commissioner has rendered a final order, as defined in KRS 287.062, unless it shall have been opened and business actually begun in good faith. If, for reasons beyond the control of the applicant, the branch is not opened within this time period, permission to open the branch may, with the approval of the commissioner, be extended for whatever period of time he deems to be necessary.

(3) Any corporation which on January 1, 1966, was engaged in operating an agency or branch bank, may continue to retain and operate the same under the general banking laws, and the requirements set forth in this section in respect to capital shall not apply to any such existing agency or branch bank but only as to those agencies or branch banks which may be established in the future pursuant to the terms of this section.

(4) The provisions of this section shall not be construed to prohibit the merger of banks in the same county and the operation by the merged corporation of such banks, nor to prohibit the sale of any bank to, and the purchase thereof by, any other bank in the same county and the operation of such bank by the purchasing bank as a branch, provided the commissioner of banking and securities shall determine that the public convenience and necessity will be served by such operation, and provided further that, at the time of such merger or purchase, each of the banks involved shall have been in operation for a period of five (5) years or more.

(5) Any national banking association or any state bank member of the federal reserve system whose principal office is located in this state is hereby authorized to do all things and perform all acts which state banks are permitted to do or perform under this section, subject to the conditions and restrictions provided for banks as to exercise of such powers.

(6) When a branch or agency bank has once been established any operation thereof shall not be discontinued, and said branch or agency bank shall not be closed until after ninety (90) days notice in writing to the commissioner. In the discretion of the commissioner said branch or agency bank proposing to discontinue operation may be required to give notice of the date when such operation will cease.

Section 2. KRS 287.185 is amended to read as follows:

(1) No branch or principal office of any bank shall be moved from one location to another without the approval of the commissioner. Before the commissioner shall approve or disapprove any such change of location he shall ascertain and determine that the public convenience and advantage will be served and prompted thereby and that there is a reasonable probability of the successful operation of such branch or principal office at the new location.

(2) If a bank wishes to move its principal office from one location to another and retain its former principal office as a branch, the provisions of subsection (1) of this section shall be followed in regard to approval of the change of location. A final order by the commissioner approving or disapproving the change of location shall be deemed to constitute a similar approval or disapproval of the former principal office as a branch, and no further administrative proceedings shall be necessary. In no event shall the restrictions contained in KRS 287.180 as to where a branch may be located apply so as to prevent the approval of a former principal office as a branch in the manner provided for by this subsection.

[~~(3) If the location of a branch or principal office is changed in the manner provided by either subsection (1) or (2) of this section, and if the new location is to be outside the corporation limits of the city in which it was formerly located, such new location must comply with the restrictions set out in KRS 287.180(2)(b) in regard to where a branch may be located. If a branch or principal office was formerly located in an unincorporated area and the new branch or principal office is to be located more than one mile from the former branch or principal office, the restrictions set out in KRS 287.180(2)(b) as to where a branch may be located must also be complied with.~~]

SB 38, AN ACT relating to insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.18-110 is amended to read as follows:

(1) Any group policy as defined in KRS 304.18-020 delivered or issued for delivery in this state which provides hospital or surgical expense benefits, other than for specific disease or accidental injury only, shall provide that with respect to employes or members having been covered under the group policy for at least three (3) months, such employes or members shall have the right upon termination of employment or membership in the group to have the existing group coverage continued for themselves and their eligible dependents. Written notice of employe's right to continue existing group coverage shall be given *by the insurance company in each master policy, certificate and group policy issued after the effective date of this Act. The insurance company shall furnish each employer or group policyholder an adequate supply of attachments for each master policy, certificate or group policy already in effect* [~~to the terminating employe at~~

~~the time of termination of benefits or of employment~~]. An employe or member electing continuation of coverage shall provide the *insurance company* [~~employer or group policyholder~~] written notice of election together with the first monthly premium contribution within thirty-one (31) days of the date coverage would otherwise terminate. The group rate premium shall be paid by the employe directly to the *insurance company* [~~employer~~]. The premium rate shall be that required for the coverage being continued and shall not exceed the applicable group rate. Continuation of coverage shall not be available for any employe or member who is or could be covered by medicare, nor who is or could be covered by any other group coverage insured or uninsured providing similar benefits. Continuation of coverage shall terminate on the earlier of (a) the date nine (9) months after the date on which the group coverage would otherwise have terminated because of termination of employment or membership, (b) if the employe or member fails to make timely payment of premium to the *insurance company* [~~employer~~], the end of the period for which premium payment was made, or (c) the date the group policy is terminated and is not replaced by another group policy within thirty-one (31) days.

(2) Any group policy described in subsection (1) of this section shall also provide that an employe or member having elected continuation of coverage pursuant to subsection (1) of this section and any covered spouse of an employe or member upon the death or divorce of such employe or member, shall be entitled to have issued to them without evidence of insurability, a health insurance policy on a form then available for conversion from the group coverage, by making written application therefor, accompanied by the first quarterly, semiannual or annual premium, at the option of the person or members, to the insurer not later than thirty-one (31) days after such termination of coverage. Such premium shall be in accordance with the insurer's table of premium rates in effect on the later of (a) the effective date of the converted policy or (b) the date of application therefor, and applicable to the class of risk to which the covered persons belong, their ages, the form, and the amount of insurance provided.

(3) Any group policy as defined in KRS 304.18-020 delivered or issued for delivery in this state which provides hospital or surgical benefits other than for specific diseases or accidental injury only, shall provide that if coverage terminates for any reason and if the individual has been continuously insured under a group policy and under any group policy it replaces for at least three months immediately preceding the termination of coverage, he shall be entitled to have issued to him by the insurer, without evidence of insurability, a health insurance policy on a form providing substantially similar benefits, which shall include the option to continue any existing maternity benefits, by making written application therefor, accompanied by the first quarterly, semiannual or annual premium, at the option of the person or member, to the insurer not later than thirty-one (31) days after such termination of coverage. Such premium shall be in accordance with the insurer's table of premium rates in effect on the later of (a) the effective date of the converted policy or (b) the date of application therefor, and applicable to the class of risk to which the covered persons belong and to their ages and to the form and amount of insurance provided.

(4) The converted policy shall cover the person or member and his eligible dependents covered by the group policy on the date the group policy terminated. The effective date of any such converted policy shall be the date of termination of insurance under the group policy.

(5) The insurer shall not be required to issue a converted policy covering any person if such person is or could be covered by medicare (Title XVIII of the United States Social Security Act as added by the Social Security Amendments of 1965 or as later amended or superseded). Furthermore, the insurer shall not be required to issue a converted policy covering any person if (a) such person is covered for similar benefits by another hospital or surgical or medical expense insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan or by any other plan or program or (b) similar benefits are provided for, or available to, such person pursuant to, or in accordance with the requirements of, any statute, and the benefits provided or available under any of the sources referred to in (a) and (b) above for such person, together with the converted policy, would result in over insurance according to the insurer's standards relating to policies converted from group policies. A converted policy made available pursuant hereto shall provide substantially similar benefits but in no event be less than the minimum standards contained in KRS 304.18-120 if delivery of such converted policy is to be made in this state; and, if delivery of such converted policy is to be made elsewhere, it may be on such form as the insurer may then be offering for such conversion in the jurisdiction where such delivery is to be made and which provides substantially in compliance with that required by KRS 304.18-120.

(6) In the event coverage would be continued under the group policy on a person or member following his retirement prior to the time he is or could be covered by medicare, he may elect, in lieu of such continuation of group insurance, to have the same conversion rights as would apply had his insurance terminated at retirement by reason of termination of employment.

(7) The conversion privilege shall also be available: (a) to the surviving spouse, at the death of the person or member, with respect to the spouse and such children whose coverage under the group policy terminates by reason of the death of the person or member; or (b) to a child solely with respect to himself upon termination of his coverage by reason of operation of the limiting age of coverage under the group policy

while covered as a dependent thereunder; or (c) to a former spouse for himself and such children of whom he is awarded custody when coverage under the group policy terminates by reason of termination of dependency as defined in the group policy and resulting from an order dissolving the marriage entered by a court of competent jurisdiction.

(8) This section shall not apply to group major medical expense insurance which supplements basic hospital, medical and surgical coverage under one or more group policies, group contracts or group remittance contracts from which a converted policy or a continuation of coverage is available providing benefits equivalent to the minimum benefits for a converted policy under this section.

(9) If a person or member becomes entitled to obtain a converted policy pursuant to the foregoing provisions, and if such person or member has not been given written notice of the existence of the conversion privilege stated above, within thirty-one (31) days of termination of the group coverage, then in such event the person or member shall have an additional period within which to exercise the conversion privilege. This additional period shall expire fifteen (15) days after the person or member shall have been given said notice but in no event shall the additional period extend beyond sixty (60) days after the expiration of the thirty-one (31) day conversion period stated above. Written notice presented to the person or member or mailed by the policyholder to the last known address of the person or member or mailed by the insurer to the last known address of the person or member as furnished by the policyholder shall constitute the giving of notice for the purpose of this paragraph. If an additional period is allowed the person or member for exercise of the conversion privilege as provided herein, and if written application for the converted policy, accompanied by the first quarterly or semiannual or annual premium, is made after the expiration of the thirty-one (31) day conversion period stated above, but within the additional period allowed an employe or member in accordance with this paragraph, the effective date of the converted policy shall be the date of termination from the group.

Section 1. KRS 304.3-250 is amended to read as follows:

(2) Where two (2) or more insurers jointly issue a single policy, the policy may be countersigned, on behalf of all insurers appearing thereon, by a licensed agent resident in this state of any one (1) such insurer.

(3) In any case where it is necessary to execute an emergency bond and a commissioned agent authorized to execute such bond is not present, a manager or other employe of the insurer having authority under a power of attorney may execute such bond in order to produce a valid contract between the insurer and the obligee; but the bond shall subsequently be countersigned by a resident commissioned agent, who shall make and retain an adequate office record of the transaction.

(4) Nothing contained in this section shall be construed as preventing the free and unlimited right to negotiate contracts by licensed nonresident agents or brokers outside this state, provided the policies, indorsements or evidence of such contracts covering properties or insurable interests in this state are countersigned by a resident agent of this state. Every such policy or contract shall be countersigned by a resident agent who is compensated on a commission basis, and shall not be countersigned by a salaried insurer employe, unless such employe is a regular salaried employe of a mutual insurer and is a licensed resident agent.

(5) On such business produced by a licensed nonresident agent, which is countersigned by a resident commissioned agent of this state, there shall be a division of the usual customary commission between the licensed nonresident producing agent and the resident countersigning commissioned agent which shall produce for the latter a commission of at least five per cent (5%) of the premium; but for countersigning casualty insurance policies and fidelity or surety bonds the resident commissioned agent shall not be paid more than fifty dollars ($50.00) or less than five dollars ($5.00) for countersigning any such policy or bond. Where the licensed nonresident agent or the insurer assuming the risk desires the resident commissioned agent to render additional services, then the compensation to the countersigning commissioned resident agent shall be a matter of contract between the parties in interest.

(6) By prior written authorization, filed with the department of insurance, any licensed agent resident of this state may delegate authority to countersign any policy of insurance to a regularly salaried employe of the insurer issuing such policy, provided such employe is also a licensed agent resident of this state and does not receive any commission by such delegation. Any person having authority to countersign a policy of insurance may instruct that his signature be affixed by facsimile or imprint of name, provided that no policy of insurance shall be countersigned in blank.

SECTION 1. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 3, IS CREATED TO READ AS FOLLOWS:

A "combined stock and mutual" insurer is an incorporated insurer with capital divided into shares owned by its shareholders, but which is controlled by the votes both of its stockholders and of its participating policyholder members to the extent any such rights of membership are granted and specified in the insurer's policies or its articles of incorporation.

SECTION 2. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 24, IS CREATED TO READ AS FOLLOWS:

(1) A domestic stock or mutual insurance company may amend its articles of incorporation so as to become a combined stock and mutual company; provided, that no such amendment shall deprive any stockholder or member or policyholder of the right, at any and all meetings of stockholders and members or policyholders held thereafter, to cast as many votes for directors as are provided by the articles of incorporation in force at the time of the adoption of such amendment, or by the law in force at such time. No such amendment shall be construed to change the identity of the corporation and it shall thereafter continue to be governed by the laws applicable thereto at the time of such amendment and as amended hereafter and not inconsistent with this subtitle, as well as those relating to the added characteristic of capital stock or mutuality which it shall have acquired by such amendment.

(2) The articles of incorporation of a combined stock and mutual insurance company may be amended in any respect provided by KRS Chapter 271A and this subtitle, in the manner therein provided. The articles of incorporation of a combined stock and mutual insurance company may also be amended

in respect to any matter which the original articles of incorporation of a combined stock and mutual insurance company might lawfully have contained, or so as to vest in its board of directors authority to make and alter bylaws subject to the power of the stockholders and members to change or repeal such bylaws, by the affirmative vote, at a regular meeting of stockholders and members or at a special meeting of stockholders and members called for that expressly stated purpose by the board of directors which shall first have proposed the amendment and declared it to be advisable, of:

(b) At least one-fifth (1/5) of the total number of votes to which participating policyholder members are entitled, provided the proposed amendment does not receive the negative vote of more than five percent (5%) of the total number of votes to which all participating policyholder members are entitled.

(3) The articles of incorporation of a combined stock and mutual insurance company may also be amended so as to increase or decrease its capital stock, or so as to change the number and par value of the shares of its capital stock, or so as to limit or deny to stockholders the preemptive right to subscribe to any or all shares of stock which may be authorized to be thereafter issued, by a majority vote of all its shares but without the vote of its members, at a regular meeting or at a special meeting of stockholders called for that expressly stated purpose by the board of directors which shall first have proposed the amendment and declared it to be advisable and not adverse to or in conflict with the rights and interests of the members, provided that if the proposed amendment is to increase or decrease the capital stock or to change the number of the shares of the capital stock, the resolution specifying the proposed amendment and the certificate of amendment shall expressly provide:

(a) That the stockholders holding all its shares shall, at all meetings, be entitled to the same number of total votes after the amendment is adopted as they were entitled to before the amendment; and

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.20-040 is amended to read as follows:

(1) As used in this section:

(a) "Policy" means an automobile liability insurance policy, delivered or issued for delivery in this state, insuring a single individual or husband and wife resident of the same household, as named insured, and under which the insured vehicles therein designated are of the following types only:

1. A motor vehicle of the private passenger or station wagon type that is not used as a public or livery conveyance for passengers, nor rented to others; or

2. Any other four-wheel motor vehicle with a load capacity of fifteen hundred (1500) pounds or less which is not used in the occupation, profession or business of the insured; provided, however, that this section shall not apply:

a. To any policy issued under an automobile assigned risk plan, or

b. To any policy insuring more than four automobiles, or

c. To any policy covering garage, automobile sales agency, repair shop, service station or public parking place operation hazards.

(b) "Automobile liability insurance policy" includes only coverage for bodily injury and property damage liability, basic reparations benefits and the provisions therein, if any, relating to medical payments, uninsured motorists coverage, and automobile physical damage coverage.

(c) "Renewal" or "to renew" means the issuance and delivery by an insurer of a policy replacing at the end of the policy period a policy previously issued and delivered by the same insurer, or the issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term; provided, however, that any policy with a policy period or term of less than six (6) months shall for the purpose of this section be considered as if written for a policy period or term of six (6) months. Provided, further, that any policy written for a term longer than one (1) year or any policy with no fixed expiration date, shall for the purpose of this section, be considered as if written for successive policy periods or terms of one (1) year, and such policy may be terminated at the expiration of any annual period upon giving twenty (20) days' notice of cancellation prior to such anniversary date, and such cancellation shall not be subject to any other provisions of this section.

(d) "Nonpayment of premium" means failure of the named insured to discharge when due any of his obligations in connection with the payment of premiums on a policy, or any instalment of such premium, whether the premium is payable directly to the insurer or its agent or indirectly under any premium finance plan or extension of credit.

(2) (a) A notice of cancellation of a policy shall be effective only if it is based on one or more of the following reasons:

1. Nonpayment of premium; or

2. The driver's license or motor vehicle registration of the named insured or of any other operator who either resides in the same household or customarily operates an automobile insured under the policy has been under suspension or revocation during the policy period or, if the policy is a renewal, during its policy period or the one hundred eighty (180) days immediately preceding its effective date*; or*

3. Fraud or material misrepresentation affecting the policy or fraud or material misrepresentation affecting the presentation of a claim.

(b) This subsection shall not apply to any policy or coverage which has been in effect less than sixty (60) days at the time notice of cancellation is mailed or delivered by the insurer unless it is a renewal policy.

(c) Modification of automobile physical damage coverage by the inclusion of a deductible not exceeding one hundred dollars ($100) shall not be deemed a cancellation of the coverage or of the policy.

(d) This subsection shall not apply to nonrenewal.

(3) No notice of cancellation of a policy to which subsection (2) of this section applies shall be effective unless mailed or delivered by the insurer to the named insured at least twenty (20) days prior to the effective date of cancellation; provided, however, that where cancellation is for nonpayment of premium at least ten (10) days' notice of cancellation accompanied by the reason therefor shall be given. This subsection shall not apply to renewals.

(4) No insurer shall refuse to renew a policy of automobile insurance solely because of the age of the insured.

(5) No insurer shall fail to renew a policy unless it shall mail or deliver to the named insured, at the address shown in the policy, at least twenty (20) days' advance notice of its intention not to renew. This subsection shall not apply:

(a) If the insurer has manifested its willingness to renew; nor

(b) In case of nonpayment of premium. Provided, that, notwithstanding the failure of an insurer to comply with this subsection, the policy shall terminate on the effective date of any other insurance policy with respect to any automobile designated in both policies. Renewal of a policy shall not constitute a waiver or estoppel with respect to grounds for cancellation which existed before the effective date of such renewal.

(6) Proof of mailing of notice of cancellation or of intention not to renew or of reasons for cancellation or nonrenewal to the named insured at the address shown in the policy, shall be sufficient proof of notice.

(7) When an automobile liability insurance policy is canceled other than for nonpayment of premium, or in the event of failure to renew a policy of automobile liability insurance to which subsection (4) of this section applies, the insurer shall notify the named insured of his possible eligibility for automobile liability insurance coverage through the Kentucky automobile assigned risk plan. Such notice shall accompany or be included in the notice of cancellation or the notice of intent not to renew.

(8) The reason for nonrenewal or cancellation shall accompany or be included in the notice of nonrenewal or cancellation.

(9) There shall be no liability on the part of and no cause of action of any nature shall arise against the commissioner or against any insurer, its authorized representative, its agents, its employes, or any firm, person or corporation furnishing to the insurer information as to reasons for cancellation or nonrenewal, for any statement made by any of them in any written notice of cancellation or nonrenewal, or in any other communication, oral or written specifying the reasons for cancellation or nonrenewal, or the providing of information pertaining thereto, or for statements made or evidence submitted at any hearings conducted in connection therewith.

SECTION 9. A NEW SECTION OF KRS CHAPTER 12 IS CREATED TO READ AS FOLLOWS:

(1) Recognizing the necessity for grouping related functions of organizational units and administrative bodies in order to promote greater economy, efficiency and improved administration, the governor may propose to the general assembly, for its approval, changes in the state government organizational structure which may include the creation, alteration or abolition of any organizational unit or administrative body and the transfer of functions, personnel, funds, equipment, facilities and records from one (1) organizational unit or administrative body to another.

(2) Recognizing that changes in the state government organizational structure may need to be made as rapidly as possible to achieve greater economy, efficiency and improved administration as the needs of government dictate, the governor may, between sessions of the general assembly, temporarily effect a change in the state government organizational structure as described in subsection (1) of this section if such temporary reorganization plan is first approved by the legislative research commission after review by the interim joint legislative committee with appropriate jurisdiction. Unless required by federal law, the governor may not effect a temporary reorganization plan under this subsection that would contravene:

(a) A constitutional or statutory provision relating to any constitutional officer or to an organizational unit headed by a constitutional officer; or

(b) A constitutional or statutory provision relating to an administrative body or to an organizational unit headed by an administrative body; or

(c) A constitutional provision relating to an organizational unit.

(3) Any reorganization proposed under subsection (1) or (2) of this section shall be set forth in a reorganization plan which shall be filed with the legislative research commission. The plan shall include:

(a) An explanation of each proposed change, including the need for the change;

(b) An estimate of any reduction or increase in expenditures, itemized as far as practicable, which the governor expects will result from the reorganization;

(c) A description of any improvements in the management, delivery of state services, and efficiency of state government operations which the governor expects will be realized as a result of the reorganization; and

(d) Specification of the effects of the reorganization on the budget and personnel of each affected organizational unit or administrative body, including but not limited to the amount of funds and the number of employes that will be transferred from one (1) organizational unit or administrative body to another, any reductions in the state work force resulting from the reorganization, and the methods to be utilized to achieve such reductions.

(4) When a proposed reorganization plan is submitted for approval under subsection (2) of this section the presiding co-chairman of the legislative research commission shall determine which interim joint legislative committee has appropriate jurisdiction and shall refer the plan to such committee within ten (10) days after the director of the legislative research commission receives the proposal. Prior to the legislative research commission's approving a temporary reorganization plan, the interim joint legislative committee to which it is referred shall review the plan to determine whether the plan can reasonably be expected to achieve greater economy, efficiency or improved administration in state government. The committee shall report its findings to the legislative research commission. The committee shall review and report on the plan and the legislative research commission shall act upon the plan within sixty (60) days after it is filed with the legislative research commission. If the legislative research commission finds that increased economy or efficiency or improved administration can be expected from implementation of the plan, it shall approve the plan; otherwise, it shall not approve the plan. If the commission does not act on a proposed plan within the time specified in this subsection, the plan shall be considered approved by the legislative research commission.

(5) A temporary reorganization effective by the governor under subsections (2) to (4) of this section shall be terminated ninety (90) days after sine die adjournment of the next regular session of the general assembly unless otherwise specified by the general assembly. If the general assembly fails to enact the temporary reorganization plan or an alternative to such plan, the organizational structure that existed immediately prior to the implementation of the temporary plan shall be reinstated upon the termination of the

temporary plan. If the general assembly fails to enact a temporary reorganization plan, the governor shall not effect the plan prior to the next succeeding session of the general assembly.

(6) The legislative research commission or the legislative program review and investigations committee may monitor the implementation of any reorganization plan to determine the extent to which the anticipated improvements in economy, efficiency or administration have been realized as a result of the reorganization and shall report its findings to the general assembly.

(7) Funds transferred due to reorganization shall be maintained in separately designated accounts. Any excess funds resulting from a reorganization shall lapse to the general fund surplus account.

"Section 17. KRS 132.450 is amended to read as follows:

(1) Each property valuation administrator shall assess at its fair cash value all property which it is his duty to assess except as provided in paragraph (g) of subsection (2) of this section. In the case of securities which are regularly bought and sold through stock exchanges, the price at which such property closed on the last regular business day preceding the assessment day shall be prima facie evidence of the fair cash value of such property. The property of one (1) person shall not be assessed wilfully or intentionally at a lower or higher relative value than the same class of property of another, and any grossly discriminatory valuation shall be construed as an intentional discrimination. The property valuation administrator shall make every effort, through visits with the taxpayer, personal inspection of the property, from records, from his own knowledge, from information in property schedules, and from such other evidence as he may be able to obtain, to locate, identify, and assess property.

(2)(a) On or before March 1 of any year the owner or owners of land devoted exclusively to agricultural or horticultural use on which the property valuation administrator has placed a value in excess of the agricultural or horticultural value may file application for valuation at the agricultural or horticultural value with the property valuation administrator of the county in which the land is located, on forms prescribed by the department. This application shall be valid until the property is transferred or the land use is changed; however, the owner may elect to have the subject property assessed as other than agricultural or horticultural land for any year or years by filing a statement to that effect with the property valuation administrator prior to the close of the five (5) day period beginning on the first Monday in June. In determining the total area of such land, there shall be included the area of all land under farm buildings, greenhouses and like structures, lakes, ponds, streams, irrigation ditches and similar facilities, and garden plots devoted to growth of products for on-farm personal consumption but there shall be excluded, land used in connection with dwelling houses including, but not limited to, lawns, drives, flower gardens, swimming pools or other areas devoted to family recreation. Where contiguous land in agricultural or horticultural use in one (1) ownership is located in more than one county or taxing district, compliance with the minimum requirements shall be determined on the basis of the total area and income of such land and not the area or income of land which is located in the particular county or taxing district.

(b) Land devoted to agricultural or horticultural use, where the owner or owners have petitioned for, and been granted, a zoning classification other than for agricultural or horticultural purposes *qualifies for the agricultural or horticultural assessment until such time as the land changes from agricultural or horticultural use to the use granted by the zoning classification. At the time of the change of use, the provisions imposed by paragraph (f) of this subsection shall take effect* [~~is excluded from the provisions of paragraph (g) of this subsection~~].

(c) Real property devoted to agricultural or horticultural use by any corporation other than one organized primarily for agricultural or horticultural purposes is excluded from the provisions of paragraph (g) of this subsection.

(d) When the use of a part of a tract of land which is valued and taxed as agricultural or horticultural land is changed either by conveyance or other action of the owner, the right of the remaining land to be retained in the agricultural or horticultural classification for assessment and taxation shall not be impaired provided it meets the minimum requirements for such classification, except that land on which there has been established a systematic pattern of change of use over a period of two (2) years is excluded from the provisions of paragraph (g) of this subsection.

(e) The owner or owners of land shall not be liable for deferred taxes for any year in which the land was not assessed for agricultural or horticultural use under the provisions of paragraph (g) of this subsection.

(f) Where a change in land use occurs in any tax year the owner of such land shall be subject to the deferred tax provisions of subsection (1) of KRS 132.454 for each of the preceding two (2) tax years in which the land was valued and taxed for agricultural or horticultural purposes.

(g) When in the opinion of the property valuation administrator any land on which an application has been filed, has a value in excess of that for agricultural or horticultural use the property valuation administrator shall enter into the tax records the value of the property according to its fair cash value. When the property valuation administrator determines that the land meets the requirements for valuation as agricultural or horticultural land, the valuation for tax purposes shall be its agricultural or horticultural value.

(h) When an application for valuation of property as agricultural or horticultural is denied, the property valuation administrator shall cause written notice to be served on the property owner in the manner provided by subsection (4) of this section. (1) The department of revenue shall, *where that department is not acting as such,* make available to the tax collector, *or to the school district, where the department of revenue is acting as tax collector under subsection (2) of this section,* by October 1 of each year, such information as *the tax collector or the school district* [~~he~~] may request concerning the state income tax liability of *the school district* [~~county~~] residents. Such information shall be made available on a confidential basis as provided in KRS 131.190.

(2) The department of revenue, upon request by a school district, shall act as tax collector for the school tax authorized by KRS 160.621; and where so acting, KRS 160.625 notwithstanding, may in its own discretion incorporate its tax collecting duties with those of state individual income taxes under KRS chapter 141. Tax required to be paid under the provisions of this Act shall be remitted together with the state income tax return. KRS 160.500 notwithstanding, the department shall remit school excise taxes to the requesting school districts in a reasonably timely manner.

Section 3. KRS 160.633 is amended to read as follows:

The proceeds of the tax authorized by KRS 160.621 shall, *except when collected pursuant to KRS 160.627(2),* be deposited in a special fund until they have been distributed as provided in KRS 160.644.

Such expenses shall be borne by the school districts on a basis proportionate to the revenue received by such districts.

(3) The following shall apply only when the department of revenue is acting as tax collector under the authority of KRS 160.627(2):

(a) When the department is requested to be the tax collector under KRS 160.627(2), the department shall estimate the costs of implementing the administration of each such tax so requested, and shall inform the requesting school district of this estimated cost. The requesting school district shall pay to the department this estimated cost referred to as "start-up costs" within thirty (30) days of notification by the department.

(b) For each calendar quarter after payment of the start-up costs, and no less than thirty (30) days before the beginning of such quarter, the department of revenue shall inform the requesting school district of costs needed to collect the tax authorized by KRS 160.621 for that calendar quarter and the requesting school district shall remit the same to the department within thirty (30) days. If any such payments are in excess of the department's actual costs of administration, or if any interest is earned on such payments,

such excess or interest will be credited to the costs for the following quarter. If any such payments are less than the department's actual costs of administration, the requesting school districts shall reimburse these additional costs within thirty (30) days of notification.

(c) All funds received by the department under the authority of paragraphs (a) and (b) of this subsection shall be deposited into an account entitled the "School Tax Fund Account," an account created within the restricted fund group set forth in KRS 45.322(1)(e). The use of these funds shall be restricted to paying the department for the costs described in paragraphs (a) and (b) of this subsection. This account shall not lapse.

(d) The department is authorized to retain a portion of the school tax revenues collected in a special account entitled the "school tax refund account" which is an account created within the restricted fund group set forth in KRS 45.322(1)(e). The sole purpose of this account is to authorize the department of revenue to refund school taxes. This account shall not lapse. Refunds shall be made in accordance with the provisions in KRS 134.580(2) and when the taxpayer has made an overpayment or a payment where no tax was due as defined in KRS 134.580(4) within four (4) years of payment.

(e) KRS 160.621 notwithstanding, when the department is acting as tax collector under the authority of KRS 160.627(5) the requesting school district is authorized to enact the tax enumerated in KRS 160.621 only at the following rates: five percent (5%), ten percent (10%), fifteen percent (15%), and twenty percent (20%) on a school district resident's state individual income tax liability as computed under KRS Chapter 141.

(f) Beginning August 1, 1982 any school district which requests the department to collect taxes under the authority of KRS 160.627(2) is required to inform the department of this request not less than 150 days prior to January 1.

(g) At no time will the department be required to collect taxes authorized in KRS 160.621 of an individual when the department is not pursuing collection of that individual's state income taxes. The department is not required to collect or defend the tax set forth in KRS 160.621 in any board or court of this state.

(h) Any overpayments of the tax set forth in KRS 141.020 or payments made when no tax was due may be applied to any tax liability arising under KRS 160.621 before a refund is authorized to the taxpayer. In no event shall any individual's tax payment be credit to the tax set forth in KRS 160.621 until all outstanding state income tax liabilities of that individual have been paid.

(i) KRS 160.510 notwithstanding, the state auditor is the only party authorized to audit the department of revenue with respect to the performance of its duties under KRS 160.621.

Section 5. Whereas, the provisions of this Act will affect both individual and corporate tax returns filed for tax year 1981, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor.

As used in KRS 205.650 to 205.690, "recipient" shall mean recipients to the aid to families with dependent children program.

Section 22. KRS 205.650 is amended to read as follows:

The secretary shall develop community work experience programs for *aid to families with dependent children* recipients *throughout* [~~in designated geographic areas in~~] the Commonwealth through contracts with any public entity or nonprofit agency or organization and through applicable federal programs including, but not limited to the demonstration projects authorized by Title XI, Section 1115 *and Title Iv, Section 409* of the Federal Social Security Act.

(2) The community work experience programs *required* [~~enabled~~] by subsection (1) of this section shall [~~give priority to unassigned WIN registrants but the development of community work experience programs shall~~] not [~~necessarily~~] be limited to WIN counties.

(3) *Participation in community work experience programs shall be required for recipients who are unassigned mandatory work incentive program registrants residing in active work incentive program counties and for recipients who meet the criteria for mandatory work incentive program registration in non-work incentive program counties.*

(4) The community work experience programs *required* [~~enabled~~] by subsection (1) of this section shall provide for the development of the employability of recipients through actual work experience [~~and training~~]. The programs shall be designed to *provide* [~~help~~] recipients *with work experience that will enable them to move into unsubsidized employment* [~~employed under community work experience programs to move into regular public or private employment or into training or public service employment programs~~].

(5)[~~(4)~~] Community work experience programs shall be confined to projects which serve a useful public purpose such as in the fields of health, social science, environmental protection, education, urban and rural development and redevelopment, welfare, recreation, public facilities, and public safety. To the extent possible, the prior training, experience and skills of a recipient shall be utilized in making appropriate work experience assignments.

(6)[~~(5)~~] The secretary shall adopt, amend, or rescind such rules and regulations as deemed necessary or suitable for the proper administration of KRS 205.650 to KRS 205.700.

Section 23. KRS 205.660 is amended to read as follows:

(1) The secretary shall designate the procedures for inclusion of recipients within community work experience programs[~~, including the designated geographic area within which such programs shall be established~~].

(2) To the extent permitted by federal law, recipients referred by the department to a community work experience program shall, as a condition of receiving *aid to families with dependent children benefits*

[~~public assistance~~], participate in such program, except where good cause exists for failure to accept and continue to participate.

(3) To the extent permitted by federal law, *aid to families with dependent children* benefits shall be terminated to a recipient, who without good cause refuses to participate in a community work experience program; Provided, however, that benefits for the support of the child or children of such recipient shall not be reduced or terminated as a result of such refusal to participate. Any recipient who refuses without good cause to participate shall not be considered a needy relative or caretaker of a recipient child and until the former participant demonstrates willingness to participate shall not be entitled to receive or use any part of *aid to families with dependent children* [~~public assistance~~] benefits [~~except services designed to help motivate the former recipient to participate in the community work experience program~~].

(4) *Unless otherwise provided by federal law, each recipient under the plan shall participate, upon referral by the department, unless such recipient is:*

(5) In addition to a recipient described in subsection (4) of this section, the department may also refer for participation in program under this Act, any recipient or applicant who voluntarily chooses to participate.

(6) The secretary of the department shall provide coordination between the community work experience program operated pursuant to this Act and the work incentive program operated pursuant to Part C of Title IV of the Social Security Act so as to insure that job placement will have priority over participation in the community work experience program, and that recipients eligible to participate in both programs are not denied aid to families with dependent children benefits under the state plan on the grounds of failure to participate in one such program if they are actively and satisfactorily participating in the other. The secretary of the department may provide that part-time participation in both such programs may be required where appropriate. If the secretary elects to require part-time participation in both such programs, the secretary shall set forth in regulation the circumstances in which such dual part-time participation shall be appropriate [~~No recipient who is under seventeen (17) years of age, or who is the mother of a child six (6) years of age or under in the home, or who is otherwise employed or actively participating in training programs, education programs, or public service employment programs, or is incapacitated, shall be required to participate in community work experience programs. No mother of a child over six (6) and under thirteen (13) years of age in the home shall be required to participate in such community work experience programs unless suitable child care is available.~~]

(c) That the program does not apply to jobs covered by a collective bargaining agreement;

(d) Reasonable conditions of work including taking into account the geographic region, the residence of the recipient, and the proficiency of the recipient; and

(e) That recipients will not be required, without their consent, to travel an unreasonable distance from their homes or remain away from their homes overnight.

(2) *For the purposes of this Act, a public entity or nonprofit agency or organization providing work experience for any recipient shall be considered as an employer for the purposes of workers' compensation under KRS Chapter 342.*

(3) Participants in community work experience programs shall not be required to:

~~(b) Work in excess of twenty-four (24) hours in any calendar week, or~~

~~(c)~~] Work in excess of eight (8) hours during any calendar day in order to provide time to seek regular employment; *and* [~~Provided, however, that in no case shall any recipient be required to participate in a community work experience program for a period of time which would result in a total number of hours per month, which, if compared to the amount of the public assistance grant, in relation to the state or federal minimum wage, whichever is higher, would result in a ratio that would be less than such minimum wage. Nothing in this section shall be construed as requiring or permitting the payment of a public assistance grant in exchange, or as compensation, for work performed.~~]

(b) Work in excess in any month that number of hours which exceeds the number allowed by federal law or other standards that have been approved by appropriate federal agencies.

(4) Should two (2) or more persons in the same family meet the community work experience programs' eligibility requirements, the department may require each family member to work; provided that, the maximum number of hours in any month both recipients together may be required to work does not exceed the limit provided in subsection (3) of this Section.

(5) Nothing in this section shall be construed as authorizing the payment of an aid to families with dependent children benefit as compensation for work performed.

(6)[~~(3)~~] Participation in a community work experience program shall not result in any cost to a recipient. The department shall make provisions for transportation and all other costs reasonably necessary to and directly related to a recipient's participation in the program.

The secretary shall *annually* submit a written report to the *legislative research commission* [~~general assembly during each regular session thereof~~] and shall upon written request, submit a written report to or appear in person before any joint interim committee of the general assembly within thirty (30) days of such request, the following information:

Section 27. KRS 341.295 is amended to read as follows:

(1) All fines, penalties and interest on delinquent contributions collected under KRS 341.300 shall be credited to the unemployment compensation administration fund to be used for the administration of this chapter. The state treasurer shall maintain a separate record of all money received for the unemployment compensation administration fund under this section. This money shall not be expended or available for expenditure in any manner that would permit its substitution for, or a corresponding reduction in, federal funds that would be available in its absence to finance expenditures for the administration of this chapter, *nor for the payment of benefits payable under this chapter.* But nothing in this chapter shall prevent this money from being used as a revolving fund to cover necessary and proper expenditures for which federal funds have been requested but not received, subject to the charging of such expenditures against such funds when received, or to supplement federal funds which are, in the opinion of the secretary, insufficient to properly administer this chapter. The secretary may also authorize to be charged against such money any expenditures he deems proper and desirable for the administration of this chapter and replace any money necessary under the provisions of KRS 341.610, if no other funds are available or can properly be used to finance such expenditures. The money heretofore collected and credited to the unemployment compensation contingent fund shall be transferred to the unemployment compensation administration fund and shall be available for expenditure under the provisions of this section.

(2) Money credited to the unemployment compensation administration fund shall be available for expenditure under the community work experience programs established in KRS 205.650 through KRS 205.690.

SECTION 52. A NEW SECTION OF KRS CHAPTER 12 IS CREATED TO READ AS FOLLOWS:
(1) Recognizing the necessity for grouping related functions of organizational units and administrative bodies in order to promote greater economy, efficiency and improved administration, the governor may propose to the general assembly, for its approval, changes in the state government organizational structure which may include the creation, alteration or abolition of any organizational unit or administrative body and the transfer of functions, personnel, funds, equipment, facilities and records from one (1) organizational unit or administrative body to another.
(2) Recognizing that changes in the state government organizational structure may need to be made as rapidly as possible to achieve greater economy, efficiency and improved administration as the needs of government dictate, the governor may, between sessions of the general assembly, temporarily effect a change in the state government organizational structure as described in subsection (1) of this section if such temporary reorganization plan is first approved by the legislative research commission after review by the interim joint legislative committee with appropriate jurisdiction. Unless required by federal law, the governor may not effect a temporary reorganization plan under this subsection that would contravene:
(a) A constitutional or statutory provision relating to any constitutional officer or to an organizational unit headed by a constitutional officer; or
(b) A constitutional or statutory provision relating to an administrative body or to an organizational unit headed by an administrative body; or
(c) A constitutional provision relating to an organizational unit.
(3) Any reorganization proposed under subsection (1) or (2) of this section shall be set forth in a reorganization plan which shall be filed with the legislative research commission. The plan shall include:

(b) An estimate of any reduction or increase in expenditures, itemized as far as practicable, which the governor expects will result from the reorganization;

(d) Specification of the effects of the reorganization on the budget and personnel of each affected organizational unit or administrative body, including but not limited to the amount of funds and the number

of employes that will be transferred from one (1) organizational unit or administrative body to another, any reductions in the state work force resulting from the reorganization, and the methods to be utilized to achieve such reductions.

(4) When a proposed reorganization plan is submitted for approval under subsection (2) of this section the presiding co-chairman of the legislative research commission shall determine which interim joint legislative committee has appropriate jurisdiction and shall refer the plan to such committee within ten (10) days after the director of the legislative research commission receives the proposal. Prior to the legislative research commission's approving a temporary reorganization plan, the interim joint legislative committee to which it is referred shall review the plan to determine whether the plan can reasonably be expected to achieve greater economy, efficiency or improved administration in state government. The committee shall report its findings to the legislative research commission. The committee shall review and report on the plan and the legislative research commission shall act upon the plan within sixty (60) days after it is filed with the legislative research commission. If the legislative research commission finds that increased economy or efficiency or improved administration can be expected from implementation of the plan, it shall approve the plan; otherwise, it shall not approve the plan. If the commission does not act on a proposed plan within the time specified in this subsection, the plan shall be considered approved by the legislative research commission.

(5) A temporary reorganization effected by the governor under subsections (2) to (4) of this section shall be terminated ninety (90) days after sine die adjournment of the next regular session of the general assembly unless otherwise specified by the general assembly. If the general assembly fails to enact the temporary reorganization plan or an alternative to such plan, the organizational structure that existed immediately prior to the implementation of the temporary plan shall be reinstated upon the termination of the temporary plan. If the general assembly fails to enact a temporary reorganization plan, the governor shall not effect the plan prior to the next succeeding session of the general assembly.

(6) The legislative research commission or the legislative program review and investigations committee may monitor the implementation of any reorganization plan to determine the extent to which the anticipated improvements in economy, efficiency or administration have been realized as a result of the reorganization and shall report its findings to the general assembly.

(7) Funds transferred due to reorganization shall be maintained in separately designated accounts. Any excess funds resulting from a reorganization shall lapse to the general fund surplus account.

(3) If the credit or credits referred to in subsections (1) and (2) would expire solely by reason of the lapse of time allowed in subsection (2), then the balance of any credit shall be refunded to the licensee, provided application therefor and all necessary information shall be filed with the bureau within sixty (60) days after the time the credit would otherwise expire as provided in subsection (2) except a credit shall not be refunded to the licensee, where, as estimated by the bureau, the cost to the bureau of making the refund would exceed the amount of the refund.

HCR 66, A CONCURRENT RESOLUTION requesting passage of H.R. 10533, repeal of the government pension offset, by the United States Congress.

WHEREAS, effective December 1982, Section 334 of Public Law 95-211, the social security amendments of 1977, will reduce the social security benefits of a surviving spouse to the extent the surviving spouse receives benefits in the Kentucky teachers' retirement system; and

WHEREAS, if a member's retirement benefits from the teachers' retirement system exceed the benefits payable from the spouse's social security, the retired teacher will not receive any benefit payments from social security; and

INTERSTATE *EMERGENCY MANAGEMENT* [~~CIVIL DEFENSE~~] AND DISASTER COMPACT

The contracting states solemnly agree:

Article I

The purpose of this compact is to provide mutual aid among the states in meeting any emergency or disaster from enemy attack or other cause (natural or otherwise) including sabotage and subversive acts and direct attacks by bombs, shellfire, and atomic, radiological, chemical, bacteriological means, and other weapons. The prompt, full and effective utilization of the resources of the respective states, including such resources as may be available from the United States government or any other source, are essential to the safety, care and welfare of the people thereof in the event of enemy action or other emergency, and any other resources, including personnel, equipment or supplies, shall be incorporated into a plan or plans of mutual aid to be developed among the *emergency management* [~~civil defense~~] agencies or similar bodies of the states that are parties hereto. The directors of *emergency management* [~~civil defense~~] of all party states shall [~~constitute a committee to~~] formulate plans and take all necessary steps for the implementation of this compact.

Article II

It shall be the duty of each party state to formulate *emergency management* [~~civil defense~~] plans and programs for application within such state. There shall be frequent consultation between the representatives of the states and with the United States government and the free exchange of information and plans, including inventories of any materials and equipment available for *emergency management* [~~civil defense~~]. In carrying out such [~~civil defense~~] plans and programs the party states shall so far as possible provide and follow uniform standards, practices and rules and regulations including:

(a) Insignia, arm bands and any other distinctive articles to designate and distinguish the different *emergency management* [~~civil defense~~] services;

(b) Blackouts and practice blackouts, air raid drills, mobilization of *emergency management* [~~civil defense~~] forces and other tests and exercises;

(c) Warnings and signals for drills or attacks and the mechanical devices to be used in connection therewith;

(d) The effective screening or extinguishing of all lights and lighting devices and appliances;

(e) Shutting off water mains, gas mains, electric power connections and the suspension of all other utility services;

(g) The conduct of civilians and the movement and cessation of movement of pedestrians and vehicular traffic, prior, during and subsequent to drills or attacks;

(h) The safety of public meetings or gatherings; and

(i) Mobile support units.

Article III

Any party state requested to render mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms hereof; provided that it is understood that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for such state. Each party state shall extend to the *emergency management* [~~civil defense~~] forces of any other party state, while operating within its state limits under the terms and conditions of this compact, the same powers (except that of arrest unless specifically authorized by the receiving state), duties, rights, privileges and immunities as if they were performing their duties in the state in which normally employed or rendering services. *Emergency management* [~~Civil defense~~] forces will continue under the command and control of their regular leaders but the organizational units will come under the operational control of the *emergency management* [~~civil defense~~] authorities of the state receiving assistance.

Article IV

Whenever any person holds a license, certificate or other permit issued by any state evidencing the meeting of qualifications for professional, mechanical or other skills, such person may render aid involving such skill in any party state to meet an emergency or disaster and such state shall give due recognition to such license, certificate or other permit as if issued in the state in which aid is rendered.

Article V

No party state or its officers or employes rendering aid in another state pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged, or on account of the maintenance or use of any equipment or supplies in connection therewith.

Article VI

Inasmuch as it is probable that the pattern and detail of the [~~machinery for~~] mutual aid among two or more states may differ from that appropriate among other states party hereto, this instrument contains elements of a broad base common to all states, and nothing herein contained shall preclude any state from entering into supplementary agreements with another state or states. Such supplementary agreements may *encompass* [~~comprehend~~], but shall not be limited to, provisions for evacuation and reception of injured and other persons, and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation, and communications personnel, equipment and supplies.

Article VII

Each party state shall provide for the payment of compensation and death benefits to injured members of the *emergency management* [~~civil defense~~] forces of that state and the representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within such state.

Article VIII

Any party state rendering aid in another state pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost incurred in connection with such requests; provided, that any aiding party state may assume in whole or in part such loss, damage, expense, or other cost, or may loan such equipment or donate such services to the receiving party state without charge or cost; and provided further that any two or more party states may enter into supplementary agreements establishing a different allocation of costs as among those states. The United States government may relieve the party state receiving aid from any liability and reimburse the party state supplying *emergency management* [~~civil defense~~] forces for the compensation paid to and the transportation, subsistence and maintenance expenses of such forces during the time of the rendition of such aid or assistance outside the state and may also pay fair and reasonable compensation for the use or utilization of the supplies, materials, equipment or facilities so utilized or consumed.

Article IX

Plans for the orderly evacuation and reception of the civilian population as the result of an emergency or disaster *may be developed and revised as needed* [~~shall be worked out from time to time~~] between representatives of the party states and the various local *emergency management* [~~civil defense~~] areas thereof. Such plans shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Such plans shall provide that the party state receiving evacuees shall be reimbursed [~~generally~~] for the out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines and medical care and like items. Such expenditures shall be reimbursed by the party state of which the evacuees are residents, or by the United States government under plans approved by it. After the termination of the emergency or disaster the party state of which the evacuees are resident shall assume the responsibility for the ultimate support or repatriation of such evacuees.

Article X

This compact shall be available to any state, territory or possession of the United States, and the District of Columbia. The term "state" may also include any neighboring foreign country or province or state thereof.

[~~Article XI~~]

[~~The committee established pursuant to Article I of this compact may request the civil defense agency of the United States government to act as an informational and coordinating body under this compact, and representatives of such agency of the United States government may attend meetings of such committee.~~]

Article *XI* [~~XII~~]

This compact shall become operative immediately upon its ratification by any state as between it and any other state or states so ratifying and shall be subject to approval by congress unless prior congressional approval has been given. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and with the *emergency management* [~~civil defense~~] agency and other appropriate agencies of the United States government.

Article *XII* [~~XIII~~]

This compact shall continue in force and remain binding on each party state until the legislature or the governor of such party state takes action to withdraw therefrom. Such action shall not be effective until

30 days after notice thereof has been sent by the governor of the party state desiring to withdraw to the governors of all other party states.

Article *XIII* [~~XIV~~]

This compact shall be construed to effectuate the purposes stated in Article I hereof. If any provision of this compact is declared unconstitutional, or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances shall not be affected thereby.

Article *XIV* [~~XV~~]

(1) This Article shall be in effect only as among those states which have enacted it into law or in which the governors have adopted it pursuant to constitutional or statutory authority sufficient to give it the force of law as part of this compact. Nothing contained in this Article or in any supplementary agreement made in implementation thereof shall be construed to abridge, impair or supersede any other provision of this compact or any obligation undertaken by a state pursuant thereto, except that if its terms so provide, a supplementary agreement in implementation of this Article may modify, expand or add to any such obligation as among the parties to the supplementary agreement.

(2) In addition to the occurrences, circumstances and subject matters to which preceding articles of this compact make it applicable, this compact and the authorizations, entitlements and procedures thereof shall apply to:

(a) Searches for and rescue of persons who are lost, marooned, or otherwise in danger.

(d) The giving and receiving of aid by subdivisions of party states.

(e) Exercises, drills or other training or practice activities designed to aid personnel to prepare for, cope with or prevent any disaster or other emergency to which this compact applies.

The personnel of such joint agency, when rendering aid pursuant to this compact shall have the same rights, authority and immunity as personnel of party states.

(4) Nothing in this Article shall be construed to exclude from the coverage of Articles I to *XIII* [~~XIV~~] of this compact any matter which, in the absence of this Article, could reasonably be construed to be covered thereby.

Section 1. KRS 424.120 is amended to read as follows:

(1) Except as provided in subsection (2), whenever an advertisement for a publication area is required by law to be published in a newspaper, the publication must be made in a newspaper that meets the following requirements:

(a) It must be published in the publication area. A newspaper shall be deemed to be published in the area if it maintains *its principal* [~~a known~~] office in the area for the purpose of gathering news and soliciting advertisements and other general business of newspaper publications, and has a second-class mailing permit issued for that office. A newspaper *published* [~~printed~~] outside of Kentucky shall not be eligible to *carry* [~~publish~~] advertisements for any county or publication area within the county, other than for the city in which its main office is located, if there is a newspaper *published* [~~printed~~] in the county that has a substantial general circulation throughout the county and that otherwise meets the requirements of this section; and

(b) It must be of regular issue and have the largest bona fide circulation in the publication area. A newspaper shall be deemed to be of regular issue if it is published regularly, as frequently as once a week, for at least fifty weeks during the calendar year as prescribed by its mailing permit, and has been so published in the area for the immediately preceding *two* [~~one~~]-year period. A newspaper shall be deemed to be of bona fide circulation in the publication area if it is circulated generally in the area, and maintains a definite price or consideration not less than fifty percent of its published price, and is paid for by not less than fifty percent of those to whom distribution is made; and

(c) It must bear a title or name, consist of not less than four pages without a cover, and be of a type to which the general public resorts for passing events of a political, religious, commercial and social nature, and for current happenings, announcements, miscellaneous reading matter, advertisements, and other notices. The news content must be at least twenty-five percent of the total column space in more than one-half of its issues during any twelve-month period.

(d) If, in a publication area there is more than one (1) newspaper which meets the above requirements, the newspaper having the largest bona fide circulation as shown by the published statement of ownership for the publication area shall be the newspaper where advertisements required by law to be published shall be carried.

(e) For the purposes of KRS Chapter 424, publishing shall be considered as the total recurring processes of producing the newspaper, embracing all of the included contents of reading matter, illustrations, and advertising enumerated in Section 1(a) through (d) above. A newspaper shall not be excluded from qualifying for the purposes of legal publications as provided in this chapter if its printing or reproduction processes take place outside the publication area.

(2) If, in the case of a publication area smaller than the county in which it is located, there is no newspaper published in the area, the publication shall be made in a newspaper published in the county that is qualified under this section to publish advertisements for the county. This subsection is intended to supersede any statute that provides or contemplates that newspaper publication may be dispensed with if there is no newspaper printed or published or of general circulation in the particular publication area.

(3) If a publication area consists of a district, other than a city, which extends into more than one county, the part of the district in each county shall be considered to be a separate publication area for the purposes of this section, and an advertisement for each such separate publication area shall be published in a newspaper qualified under this section to publish advertisements for such area.

Section 63. KRS 67A.877 is amended to read as follows:

(1) The properties to be benefited by construction of a wastewater collection project shall consist of all real properties which are thereby afforded a means of draining wastewater from such properties, whether such real properties consist of unimproved land or contain improvements. Benefited properties shall include all real properties which are directly contiguous and abutting to any proposed sewer, lateral, main, outfall line, transmission line, interceptor, sewer easement to contain a project facility, or other project facility into which sanitary discharge and drainage of wastewater may be accomplished, whether the project sewer facility be constructed by application of the proceeds of the bonds or from funds otherwise made available by the government. Provided, however, the urban-county council of the government undertaking a project may adopt reasonable rules and regulations in respect of benefited property, and may exclude real properties which the urban-county council deems appropriate for exclusion because of location, size or other special circumstances.

(2) The urban-county council of the government may determine, either in the ordinance of initiation or in subsequent proceedings, the necessity and desirability in the interests of the public health, safety and general welfare, that properties other than the benefited properties be permitted to connect to a wastewater collection project in the future, and may make equitable provisions which may be adjustable from year to year as bonds are retired, whereby the owners of such later-connecting properties may, by paying charges for the privilege of connecting and by assuming assessment obligations, be placed as nearly as practicable on a basis of financial equity with the owners of property initially provided to be benefited and assessed.

(3) Benefited property owned by any city, county, or urban-county government (or owned by the United States of America or any of its agencies, if such property is subject to assessment by act of congress), shall be assessed annually the same as private property, and the amount of the annual assessment shall be paid by the city, county, urban-county government or United States government, as the case may be.

(4) Benefited property owned by the Commonwealth of Kentucky, except property the title to which is vested in the Commonwealth for the benefit of a district board of education pursuant to KRS 162.010, shall be assessed as follows: Before assessing the Commonwealth, the urban-county council shall serve written notice on the secretary of the department of finance of the Commonwealth, setting forth specific details, including the estimated aggregate total amount of any improvement benefit assessment proposed to be levied against any property of the Commonwealth relative to the project. Said written notice shall be served prior to the next regular session of the general assembly of Kentucky so that the amount of any specific improvement assessment may be included in the biennial *executive branch* budget *recommendation* [~~report~~] to be submitted to the general assembly. Payment of any assessment shall be made only from funds specifically appropriated for that assessment. If an amount sufficient to pay the total amount of an assessment has been appropriated, then the total amount shall be paid, as and when due. If an amount sufficient only to pay annual assessment has been appropriated, then only the amount of the annual assessment shall be paid. The amount of the assessment shall be certified by the commissioner of finance of the urban-county government to the department of finance, which shall thereupon draw a warrant upon the state treasurer payable to the government and the state treasurer shall pay the same.

(5) In the case of property the title to which is vested in the Commonwealth for the benefit of a district board of education, the amount of the annual assessment shall be paid by the city, county, urban-county government or other local governmental agency or authority which represents the taxing authority of such board of education.

Section 64. KRS 107.140 is amended to read as follows:

(1) (a) In the case of improvements of public ways, the benefited property shall consist of all real property abutting upon both sides of the improvement project, and the cost of improving intersections shall be included in the total costs to be assessed and apportioned, unless and to the extent the city shall appropriate, within constitutional limitations, from available funds, definite and specified sum as a contribution thereto, or a portion of the aggregate cost, or the cost of specified portions of the improvement; provided, however, that if provisions shall be made for sidewalk improvements, as an integral part of the improvement of a "public way," as defined in subsection (3) of KRS 107.020, upon only one side of the project, the costs of the sidewalk improvement shall be ascertained and assessed separately against the property abutting upon that side only, but the governing body may provide that such assessment shall include a fair share of the over-all costs as herein defined, other than the amounts of the actual construction contracts.

(b) In the case of improvements for draining sewage, storm water, or a combination thereof, the benefited properties shall consist of all properties which are thereby afforded a means of drainage, including not only the properties which may be contiguous to the improvements, but also adjacent properties within a reasonable distance therefrom as the governing body may in the proceedings set forth.

(c) In the case of an improvement project consisting in whole or in part of a sewage treatment plant, or enlargement or substantial reconstruction of an existing sewage treatment plant, the benefited properties shall be all those properties the sewage from which is treated in such plant, including properties already provided with sewer drainage facilities as well as those properties which the improvement project will provide with such drainage facilities, but the governing body may classify properties according to the extent of benefits to be afforded to them, and may establish one (1) rate of assessment applicable to all properties participating in the benefits of the sewage treatment installations, and an additional rate of assessment applicable to properties for which the improvement project will also provide sewer drainage facilities. In relation to wastewater collection projects constructed by metropolitan sewer districts, benefited property shall consist of all property whether improved or unimproved to which the project affords a means of discharging wastewater.

(d) The governing body may, either in the proceedings initiating an improvement project, or in subsequent proceedings, recognize the necessity or desirability in the interest of the public health, safety and general welfare, that properties other than the properties originally benefited by an improvement under paragraphs (b) or (c) of this subsection, be permitted to connect to such sewer drainage and/or treatment facilities, and may make equitable provisions which may be adjustable from year to year as bonds are retired, whereby the owners of such later-connecting properties, may, by paying charges for the privilege of connecting, and/or by assuming a share of improvement assessments, or otherwise, be placed as nearly as practicable on a basis of financial equity with the owners of properties initially provided to be assessed.

(e) The governing body may, either in the proceedings initiating an improvement project, or in subsequent proceedings, recognize the necessity or desirability in the interest of the public health, safety and general welfare that residential properties within one thousand feet (1000'), measured along paved roads, of a fire hydrant in cities of the third through sixth classes may be assessed on the same basis as property abutting upon a street where a fire hydrant is to be installed.

(2) (a) Benefited property owned by the city or county, or owned by the United States government or any of its agencies, if such property is subject to assessment by act of congress, shall be assessed annually the same as private property, and the amount of the annual assessment shall be paid by the city, county, or United States government, as the case may be. The same right of action shall lie against the county as against a private owner.

(b) Benefited property owned by the state, except property the title to which is vested in the Commonwealth for the benefit of a district board of education pursuant to KRS 162.010, shall be assessed as follows: Before assessing the state, the governing body shall serve written notice on the secretary of the department of finance setting forth specific details including the estimated total amount of any improvement assessment proposed to be levied against any state property relative to any proposed improvement project. Said written notice shall be served prior to the next regular session of the general assembly so that the amount of any specific improvement assessment may be included in the biennial *executive branch* budget *recommendation* [~~report~~] to be submitted to the general assembly. Payment of any assessment shall be made only from funds specifically appropriated for that assessment. If an amount sufficient to pay the total amount of any assessment has been appropriated, then the total amount shall be paid; if an amount sufficient only to pay annual assessments has been appropriated, then only the amount of the annual assessment shall be paid. The amount of the assessment shall be certified by the city treasurer to the department of finance, which shall thereupon draw a warrant upon the state treasurer, payable to the city treasurer, and the state treasurer shall pay the same.

(c) In the case of property the title to which is vested in the Commonwealth for the benefit of a district board of education, the amount of the annual assessment shall be paid by the city or other local governmental agency or authority which undertook the improvement project.

(3) No benefited property shall be exempt from assessment.

(2) The twenty percent (20%) penalty collected on taxes due the state, county, school or other taxing district shall be paid into the state treasury. One-fourth (¼) of the moneys thus received shall be credited to the general expenditure fund. The remaining three-fourths (¾) shall also be credited to the general expenditure fund unless the general assembly, in its biennial *joint budget resolution* [~~appropriation act~~], provides that it be credited to a fund to be designated and known as the delinquent tax fund, in which case it shall be so credited and so much thereof as may be necessary shall be used for the administration and enforcement of the laws relating to the collection of delinquent taxes and the assessment of omitted property. All salaries, fees and expenses authorized by the laws relating to the collection of delinquent taxes and the assessment of omitted property, except the fees of county attorneys, shall be payable out of the delinquent tax fund upon certifications or requisitions of the commissioner of revenue.

Section 71. KRS 164.892 is amended to read as follows:

(1) The board of trustees of the university may, at its election, establish a basic coverage compensation fund for the benefit and protection from liability of itself and its agents. Promptly after the board of trustees of said university has elected to establish a basic coverage compensation fund, the university shall pay to the state treasurer the sum of three hundred fifty thousand dollars ($350,000) in the manner and within the time specified in subsection (3) of this section.

(2) Upon receipt of the initial payment of eighty-seven thousand five hundred dollars ($87,500), the state treasurer shall create a separate account to be designated as the "basic coverage compensation fund, University of Louisville" and there shall be credited to said fund the initial payment of eighty-seven thousand five hundred dollars ($87,500), all income thereafter earned from the investment of said fund and all contributions thereafter made by the university to said fund. Unexpended and unencumbered balances in any fund created hereunder shall be carried forward and be available for expenditure in succeeding fiscal years notwithstanding the provisions of *Section 36 of this Act* [~~KRS 45.230~~] or any other provision of the Kentucky Revised Statutes. No portion of said fund shall ever lapse to the general fund and income earned from the investment of funds standing to the credit of said account shall accrue and be credited thereto, notwithstanding the provisions of KRS 41.380 or any other provision of the Kentucky Revised Statutes. Upon termination of said fund for any reason, the balance therein shall revert to the university.

(3) The university shall make an initial payment of eighty-seven thousand five hundred dollars ($87,500) upon action by its board of trustees as described in KRS 164.895. Annual payments of eighty-seven thousand five hundred dollars ($87,500) shall be made thereafter until the university has paid a total of three hundred fifty thousand dollars ($350,000) into the "basic coverage compensation fund, University of Louisville," except that when the university commences the operation of a teaching hospital, the difference between the total of all annual payments made into the basic coverage compensation fund and the sum of three hundred fifty thousand dollars ($350,000) shall become due and payable.

(4) The funds held in any fund created under KRS 164.890 to 164.895 shall be expended solely in payment of claims and judgments for liability arising in favor of any patient from treatment performed or furnished, or treatment that should have been performed or furnished by the university or its agents. The liabilities which said fund shall be created to discharge are all liabilities from acts or omissions to act which may have occurred since July 1, 1976 and which may occur in the future and which no entity other than the university and its agents is or will be obligated either by law or contract to pay and discharge.

(5) No settlement shall be made of any claim for personal injury or death to any claimant arising out of the furnishing or failure to furnish medical care by the university and its agents, until and unless the

board of trustees of the university, or its duly delegated agent or body has first approved of such settlement. The board of trustees of the university shall also have the right to determine whether or not an appeal shall be taken from any judgment rendered against it or its agents, when such claim is founded upon or arises out of the furnishing or failure to furnish medical care. Provided, however, that if the payment of a judgment would involve expenditures from appropriations of general funds of the Commonwealth then such payment must also be approved by the secretary, or his delegate.

(6) Funds held in any account created hereunder may be disbursed by the secretary only upon the written certification of the university, or its duly designated agent, of the amount to be disbursed and the name of the person or persons to whom such funds shall be paid.

(7) In addition to the payments to said fund required to be made in subsection (3) above, annual contributions to said fund shall be made by the university in an amount which will be not less than one hundred fifty percent (150%) of the average amounts actually paid in each year on medical malpractice claims for the five (5) years next preceding the making of the annual contribution. Provided, however, that if the university and the secretary shall at any time in the future mutually determine, based on sound actuarial principles, that an annual contribution in a lesser amount will not impair the adequacy of the fund to satisfy existing and potential health care malpractice claims for a period of one (1) year, then an annual contribution in such lesser amount as may be determined may be made.

(8) The university shall be solely responsible for the investigation and servicing of all claims made against it arising out of medical malpractice and all costs, expenses, and fees incurred in the investigation, servicing and defense of all such claims shall be borne and paid by the university.

(9) Claims and judgments certified to be paid by the university shall be paid in the order received by the secretary. If the basic coverage compensation fund created by contribution from the university shall at any time fail to have sufficient funds to pay all such judgments, then they shall be paid out of the excess coverage fund upon certification by the secretary. Said excess coverage fund shall be expended only upon exhaustion of the basic coverage compensation fund and any liability insurance from any source whatsoever.

Section 72. KRS 164.941 is amended to read as follows:

(1) The board of trustees of the university may, at its election, establish a basic coverage compensation fund for the benefit and protection from liability of itself and its agents. Promptly after the board of trustees of said university has elected to establish a basic coverage compensation fund, the university shall pay to the state treasurer the sum of $350,000.

(2) Upon receipt of said payment of $350,000 the state treasurer shall create a separate account to be designated as the "basic coverage compensation fund, University of Kentucky" and there shall be credited to said fund the initial payment of $350,000, all income thereafter earned from the investment of said fund, and all contributions thereafter made by the university. Unexpended and unencumbered balances in any fund created hereunder shall be carried forward and be available for expenditure in succeeding fiscal years notwithstanding the provisions of *Section 36 of this Act* [~~KRS 45.230~~] or any other provision of the Kentucky Revised Statutes. No portion of said fund shall ever lapse to the general fund and income earned from the investment of funds standing to the credit of said account shall accrue and be credited thereto, notwithstanding the provisions of KRS 41.380 or any other provision of the Kentucky Revised Statutes. Upon termination of said fund for any reason, the balance therein shall revert to the university.

(3) The funds held in any fund created under KRS 164.939 to 164.944 shall be expended solely in payment of claims for liability arising in favor of any patient from treatment performed or furnished, or treatment that should have been performed or furnished by the university or its agents. The liabilities which said fund shall be created to discharge are all liabilities from acts or omissions to act which may have occurred since July 1, 1975 and which may occur in the future which no entity other than the university and its agents is or will be obligated either by law or contract to pay and discharge.

(4) No settlement shall be made of any claim for personal injury or death to any claimant arising out of the furnishing or failure to furnish medical care by the university and its agents, until and unless the board of trustees of the university, or its duly delegated agent or body has first approved of such settlement. The board of trustees of the university shall also have the right to determine whether or not an appeal shall be taken from any judgment rendered against it or its agents, when such claim is founded upon or arises out of the furnishing or failure to furnish medical care. Provided, however, that if the payment of a judgment would involve expenditures from appropriations of general funds of the Commonwealth under the provisions of subsection (8) of this section then any payment from said fund must also be approved by the secretary, or his delegate.

(5) Funds held in an account created hereunder may be disbursed by the secretary only upon the written certification of the university, or its duly designated agent, of the amount to be disbursed and the name of the person or persons to whom such funds shall be paid.

(6) Annual contributions to said fund shall be made by the university in an amount which will be not less than one hundred fifty percent (150%) of the average amounts actually paid in each year on medical malpractice claims for the five (5) years next preceding the making of the annual contribution. In the event

the university terminates its commercial excess insurance coverage then said annual contributions shall be in the amount of $250,000 with the first contribution being due and payable within twelve (12) months next following the month in which such insurance is terminated. Provided, however, that if the university and the secretary shall at any time in the future, based upon accepted actuarial principles, mutually determine that an annual contribution in a lesser amount will not impair the adequacy of the fund to satisfy existing and potential health care malpractice claims for a period of one year, then an annual contribution in such lesser amount as may be determined may be made.

(7) The university shall be solely responsible for the investigation and servicing of all claims made against it arising out of medical malpractice and all costs, expenses and fees incurred in the investigation, servicing and defense of all such claims shall be borne and paid by the university.

(8) Claims or judgments certified to be paid by the university shall be paid in the order received by the secretary. If the basic coverage compensation fund created hereunder shall at any time fail to have sufficient funds to pay all judgments, then they shall be paid out of the excess coverage fund upon certification of the obligation by the secretary and the university. Said excess fund shall be expended only upon exhaustion of the basic coverage compensation fund and any insurance from any source whatsoever.

Section 73. KRS 171.280 is amended to read as follows:

The revolving fund established by *the joint budget resolution* [~~appropriation acts~~], consisting of all moneys collected under the provisions of KRS 171.230 to 171.300 shall be designated as the librarian's certification fund. All money credited to the fund shall be used for the support of the board for certification of librarians, and for the purposes of KRS 171.230 to 171.300.

Section 74. KRS 175.780 is amended to read as follows:

In order to provide for the construction, reconstruction, and relocation of economic development road projects, the authority is hereby authorized and empowered, subject to the limitations contained in the biennial *joint budget resolution* [~~appropriations act~~], under and pursuant to the terms and provisions of a written agreement or agreements with the department, to construct, reconstruct, relocate, finance, and operate economic development road projects, to lease such projects to the department, and to issue economic development road revenue bonds or notes of the authority to finance such projects. In the planning, construction and financing of any economic development road project, the authority and the department shall, subject to the provisions of KRS 175.750 to 175.810, have and use all authority, procedures and rights provided by the provisions of KRS 175.410 to 175.690, inclusive.

Section 75. KRS 212.120 is amended to read as follows:

(1) Upon the creation of a county health department, the fiscal court of the county shall at once notify the department for human resources of the action of the county to create, establish and maintain a county health department. When the duly qualified officials of a county certify to the department for human resources a true copy of the order or vote establishing a health department, and providing for its maintenance, and state the amount of the annual appropriation provided by the county the department for human resources shall make an investigation as to the necessity of the development of the department, and the adequacy of the appropriation provided by the county therefor, and shall report its findings to the governor.

(2) If the department for human resources finds that such county health department has been established in accordance with the provisions of this chapter and is being maintained, conducted and operated in accordance with the standards prescribed by the department for human resources, the department for human resources shall, on or before July 1 in each year, allot to each such county health department such amount that the department for human resources deems to constitute a just and equitable share of all funds available therefor by appropriation by the General Assembly of this Commonwealth, by grants and gifts received by this Commonwealth from the government of the United States of America or any of its agencies or instrumentalities, and from other sources. Provided, however, that no allotment to any such county health department shall be less than two thousand five hundred dollars ($2,500).

(3) In determining the allotments referred to in subsection (2) of this section, the department for human resources shall endeavor to provide for a distribution of the funds in a manner that is reasonably calculated to equalize, so far as practicable, local health services to the people of all counties served by the county health departments. The department for human resources may take into consideration variations existing between counties by reasons of difference in population, resources, industrialization, tax assessments and tax rates, and other local factors and conditions; the legislative intent being hereby declared to be that counties shall provide, from local sources of revenue that are available or that may be made available to them, financial support of county health departments to the extent of their representative abilities.

(4) The department for human resources may, in its discretion alter or modify allotments from time to time and shall cancel any allotment whenever it finds that there is no further need or necessity for a particular county health department for whose benefit the allotment was made or whenever a particular county health department for whose benefit an allotment was made is not maintained, operated and conducted in accordance with the standards prescribed by the department for human resources. Nothing in this section shall be construed as requiring the department for human resources to allot all funds available for local health

purposes, or as prohibiting the board from allotting such portion thereof, as the board may determine, to a reserve account which may be sub-allotted by the board in such a manner that it considers proper in the event of emergencies, disaster, or unforeseen events, without regard to the provisions of subsection (3) of this section.

(5) Notwithstanding the provisions of *Section 36 of this Act* [~~KRS 45.230~~] and any other provision of the Kentucky Revised Statutes, any unexpended or unencumbered balance of any appropriations made available for allotment and expenditure, as provided above, for the first fiscal year of each biennium, remaining at the end of such fiscal year, shall be carried forward and be available for expenditure at any time during the ensuing fiscal year within the biennium and no portion thereof shall lapse to the general fund.

Section 76. KRS 330.050 is amended to read as follows:

(1) There is hereby created a board of auctioneers. The governor shall appoint a board consisting of five (5) members, three (3) of whom immediately prior to the date of their appointment have been residents of the Commonwealth of Kentucky for five (5) years, and whose vocation for a period of at least five (5) years has been that of an auctioneer. One (1) member shall be a citizen at large who is not associated with or financially interested in the practice or business regulated. The term of the members of the board shall be for three (3) years and until their successors are appointed and qualified. Members to fill vacancies shall be appointed for the unexpired term.

(2) At no time shall there be more than three (3) members of the same political faith on the board. Whenever there is a vacancy on the board, the Kentucky auctioneer association shall recommend to the governor at least three (3) names for each auctioneer vacancy and such appointment or appointments shall be made from the recommendations of the association.

(3) The board, immediately upon qualification of the member appointed in each year, shall organize by selecting from its members a chairman.

(4) Each member of the board shall receive the sum of twenty-five dollars ($25.00) per day as full compensation for each day actually spent on the work of the board and his actual and necessary expenses incurred in the performance of duties pertaining to his office.

(5) The board shall have full authority to employ, and discharge, a secretary and such other personnel as may be necessary to administer and enforce the provisions of this chapter, and it shall outline the duties and fix the compensation of such persons, which compensation shall be comparable to the salaries paid other state employes doing similar work. The board shall obtain office space, furniture, stationery and any other proper supplies and conveniences reasonably necessary to carry out the provisions of this chapter.

(6) All fees and charges collected by the board under the provisions of this chapter shall be paid into the state treasury through the department of finance and shall be credited to an agency-fund account for the board of auctioneers under the provisions of *Section 35 of this Act* [~~KRS 45.140~~] and shall be withdrawn or expended as provided in that section. The total expenses for all purposes and obligations of the board shall not exceed the total fees, charges, fines and penalties imposed under the provisions of this chapter and paid into the state treasury. The board shall be financially self-sustaining, and if funds permit it may underwrite, within its financial limitations, educational programs for the enlightenment and benefit of all auctioneers and apprentice auctioneers who have paid fees pursuant to this chapter.

(7) The board shall annually publish a list of the names and addresses of all auctioneers and apprentice auctioneers licensed by it pursuant to this chapter. This list shall also contain the names of all persons whose licenses have been suspended or revoked within the preceding year, as well as any other information relative to the enforcement of the provisions of this chapter that the board may deem of interest to the public.

(8) The board may from time to time promulgate necessary rules and regulations.

Section 77. KRS 334A.120 is amended to read as follows:

All monies received by the board under this chapter shall be paid to the secretary of the board. All money shall be deposited in the state treasury into a separate trust fund for the board. The board shall be financed solely and individually from income accruing to it from fees, licenses, and other charges collected by the board and all such monies are hereby appropriated to the board. All salaries and expenses shall be paid as budgeted after budgets have been approved by the state budget commission or within the limitations of any appropriation for that purpose which may be included in the *executive branch joint budget resolution* [~~general appropriations act~~].

HB 534, AN ACT relating to revenue and taxation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 96.820 is amended to read as follows:

(1) For the purposes of this section, unless the context requires otherwise:

(a) "Taxing jurisdiction" shall mean each county, each school district, each municipality, and each other special taxing district located within the state.

(b) "State" shall mean the Commonwealth of Kentucky.

(c) "Tax equivalent" shall mean the amount in lieu of taxes computed according to this section which is required to be paid by each board to the state and to each taxing jurisdiction in which the board operates and required by subsection (11) of KRS 96.570 to be included in resale rates.

(d) "Tax year" shall mean the twelve-calendar-month period ending with December 31.

(e) "Current tax rate" shall mean the actual levied ad valorem property tax rate of the state and of each taxing jurisdiction which is applicable to all property of the same class as a board's property subject to taxation for the tax year involved.

(f) "Book value of property" or "book value of property owned by the board" shall mean the sum of:

1. The orginal cost (less reasonable depreciation or retirement reserve) of a board's electric plant in service on December 31 of the immediately preceding calendar year located within the state, used and held for use in the transmission, distribution, and generation of electric energy, and

2. The cost of the material and supplies owned by a board on December 31 of the immediately preceding calendar year. For the purpose of this definition, "electric plant in service" shall mean those items included in the "electric plant in service" account prescribed by the federal power commission uniform system of accounts for electric utilities, and "material and supplies" shall mean those items included in the accounts grouped under the heading "material and supplies" in the said system of accounts.

(g) "Adjusted book value of property" or "adjusted book value of property owned by the board" shall mean the book value of property owned by the board excluding manufacturing machinery as interpreted by the department of revenue for franchise tax determination purposes.

(h) The "adjustment factor" shall be 125 per cent for the tax year 1970. For each tax year thereafter, it shall be the duty of the department of revenue to compute the adjustment factor for that tax year as follows: For each 5 percentage points or major fraction thereof by which the adjustment ratio for electric utility property for the immediately preceding tax year exceeded or was less than 116 per cent, 5 percentage points shall be added to or subtracted from 125 per cent. For the purposes of this computation, "adjustment ratio for electric utility property" shall mean the ratio of total assessed value to total property value for all public service corporations distributing electric energy to more than 50,000 retail electric customers within the state. "Total assessed value" shall mean the total actual cash value assigned by the department of revenue for ad valorem property tax purposes to the property of such corporations located within the state (properly adjusted for property under construction). "Total property value" shall mean the sum of:

1. The depreciated original cost of the total utility plant in service of such corporations within the state, and

2. The book value of material and supplies of such corporations located within the state, both as derived from published reports of the federal power commission, or in the absence thereof, from information provided to the department of revenue by such corporations.

(i) "Electric operations" shall mean all activities associated with the establishment, development, administration, and operation of any electric system and the supplying of electric energy and associated services to the public, including without limitation the generation, purchase, sale, and resale of electric energy and the purchase, use, and consumption thereof by ultimate consumers.

(2) It shall be the duty of each board, on or before April 29, 1970, and on or before March 31 of each succeeding tax year, to certify to the department of revenue the book value of property owned by the board and the adjusted book value of property owned by the board and located within the state and within each taxing jurisdiction in which the board operates. A copy of such certification shall also be sent by the board to each such taxing jurisdiction. Said book value of property and adjusted book value of property shall be determined, and the books and records of the board shall be kept in accordance with standard accounting practices, and the books and records of each board shall be subject to inspection by the department of revenue and by representatives of the affected taxing jurisdictions and to adjustment by the department of revenue if found not to comply with the provisions of this sentence. Upon the receipt of the required certification from a board, the department of revenue shall make such inspection and adjustment, hereinabove authorized, as it deems necessary, and no earlier than September 1 of each year the department of revenue shall certify to the board and to the county clerk of each county in which the board operates the book value of property owned by the board and the adjusted book value of property owned by the board, located within each taxing jurisdiction in which the board operates and within the state. At the same time, the department of revenue shall certify to the board and to the said county clerk the adjustment factor for the tax year. The said county clerk shall promptly certify the book value of property, the adjusted book value of property, and the adjustment factor certified by the department of revenue, to the respective taxing jurisdiction in which the board operates.

(3) (a) Each board shall pay for each tax year, beginning with the tax year 1970, to the state and to each taxing jurisdiction in which the board operates, a tax equivalent from the revenues derived from the board's electric operations for that tax year, computed according to this subsection.

(b) The tax equivalent for each tax year payable to the state shall be the total of:

1. The book value of the *real estate* [~~property~~] owned by the board within the state, multiplied by the adjustment factor, multiplied by the current *real estate* tax rate of the state, *multiplied by the fraction of 1.5/31.5* [~~less thirty cents ($.30)~~], plus

2. *The book value of tangible personalty owned by the board within the state, multiplied by the adjustment factors, multiplied by the current tangible rate of the state multiplied by the fraction of 15/35.*

3. The state's portion of the amount payable under paragraph (d) of this subsection.

(c) The tax equivalent for each tax year payable to each taxing jurisdiction in which the board operates shall be the total of:

1. The adjusted book value of *real* property owned by the board within the taxing jurisdiction, multiplied by the adjustment factor, multiplied by the current *real estate* tax rate of the taxing jurisdiction; provided, however, for the purpose of this calculation the tax rate for school districts shall be increased by *the current real estate rate of the state multiplied by the fraction of 30/31.5* [~~thirty cents ($.30)~~], plus

2. *The adjusted book value of tangible property owned by the board within the taxing jurisdiction, multiplied by the adjustment factor, multiplied by the current tangible tax rate of the taxing jurisdiction, provided, however, for the purpose of this calculation the tax rate for school districts shall be increased by the current tangible rate of the state multiplied by the fraction of 30/45, plus*

3. The taxing jurisdiction's portion of the amount payable under paragraph (d) of this subsection.

(d) For purposes of this subsection, "amount payable" shall mean four-tenths of one per cent (.4%) of the book value of property owned by the board located within the state. The state shall be paid the same proportion of the amount payable as the payment to the state under subparagraph 1 of paragraph (b) of this subsection represents of the total payments to the state and all taxing jurisdictions in which the board operates required by subparagraph 1 of paragraph (b) and subparagraph 1 of paragraph (c) of this subsection. Each taxing jurisdiction in which the board operates shall be paid the same proportion of the amount payable as the payment to the taxing jurisdiction under subparagraph 1 of paragraph (c) of this subsection represents of the total payments to the state and all taxing jurisdictions in which the board operates required by subparagraph 1 of paragraph (b) and subparagraph 1 of paragraph (c) of this subsection. Under such regulations as the department of revenue may prescribe, upon the board's receipt from the state and taxing jurisdictions of notice of the amount due under subparagraph 1 of paragraph (b) and subparagraph 1 of paragraph (c) of this subsection, the board shall compute the portion of the amount payable which is due the state and each taxing jurisdiction in which the board operates.

(e) Payment of the tax equivalent under this section for each tax year shall be made by each board to the state within thirty (30) days after receipt by the board of the certification from the department of revenue required by subsection (2) of this section and shall be made directly to each taxing jurisdiction in which the board operates within thirty (30) days from the date of the certifications by the county clerk required by subsection (2) of this section. The state and each taxing jurisdiction in which a board operates shall have a superior lien upon the proceeds of the sale of electric energy by that board for the amounts required by this section to be paid to it.

(4) Except as hereinafter provided the tax equivalents computed under this section shall be in lieu of all state, municipal, county, school district, special taxing district, other taxing district, and other state and local taxes or charges on the tangible and intangible property, the income, franchises, rights, and resources of every kind and description of any municipal electric system operating under KRS 96.550 to 96.900 and on the electric operations of any board established pursuant thereto, and the tax equivalent for any tax year computed and payable under this section to the state or to any taxing jurisdiction in which any board operates shall be reduced by the aggregate amount of any tax or charge within the meaning of this sentence which is imposed by the state, or by any taxing jurisdiction in which a board operates, on the board, the electric system, or the board's electric operations. Provided, however, that if any school district in which property of a board is located has elected, or does hereafter elect, to apply the utility gross receipts license tax for schools to all utility services as provided by KRS 160.613 through KRS 160.617, or as may hereafter be provided by other statutes, the amount of such utility gross receipts license tax shall not reduce, or in any manner affect, the amount payable to any such board or boards under the provisions of this section. It is the intent and purpose of this provision to eliminate all sums received by any such board or boards by reason of the utility gross receipts license tax from any computation of the amount payable under this section to any such board or boards, irrespective of the manner in which such payment is computed, so that, in no event, shall any sum received by any school district by reason of the utility gross receipts license tax reduce, directly or indirectly, the amount payable to such district under this chapter. Provided, further, that if the state shall levy a statewide retail sales or use tax on electric power or energy, collected by retailers of such energy from the vendees or users thereof, and imposed at the same rate or rates as are generally applicable to the sale or use of personal property or services, including natural or artificial gas, fuel oil, and coal as well as electric power or energy, such retail sales or use tax shall not be deemed to be a tax or charge within the meaning of the first sentence of this subsection, and the tax equivalent payable for the tax year to the state under this section shall not be reduced on account of such retail sales or use tax.

(5) (a) Notwithstanding subsection (3) of this section, until the first tax year in which the total of:

1. The tax equivalent payable to the state, or to any taxing jurisdiction in which the board operates, computed under subsection (3) of this section, plus

2. The additional amounts permitted to be paid to the state or taxing jurisdiction without deduction under the second and third sentences of subsection (4) of this section, exceeds the minimum payment to the state or taxing jurisdiction specified in paragraph (b) of this subsection, the tax equivalent for each tax year payable to the state or taxing jurisdiction shall be an amount equal to the minimum payment computed under paragraph (b) of this subsection.

(b) For purposes of this subsection, the minimum payment to the state or to any taxing jurisdiction in which the board operates shall mean an amount equal to the total of:

1. The largest actual payment made by the board pursuant to KRS 96.820 to the state or to the taxing jurisdiction for any of the tax years 1964, 1965, or 1966, plus

2. The state's or taxing jurisdiction's pro rata share of an amount equal to four-tenths of one per cent (.4%) of the increase since July 1, 1964, in the book value of property owned by the board within the state. For the purposes of this paragraph "pro rata share" shall mean the same proportion of the amount computed under subparagraph 2. of this paragraph as the largest actual payment in lieu of taxes made by the board to the state or taxing jurisdiction for the applicable tax year under subparagraph 1. of this paragraph represents of the total amount of the largest actual payments in lieu of taxes made by the board to the state and to all taxing jurisdictions in which it operated for any of such applicable tax years.

(c) The provisions of paragraph (e) of subsection (3) of this section shall apply to all payments required under this subsection.

(d) This subsection shall not be applicable for the first tax year specified in paragraph (a) of this subsection or for any tax year thereafter, except however, that tax year 1977 shall not be deemed as the "first tax year" as specified in paragraph (a) and this subsection shall continue to apply in such cases.

(6) The general assembly hereby recognizes that a dispute has arisen concerning the validity, terms, and effects of the amendments to KRS 96.820 in the 1968 regular session of the general assembly and that this dispute has resulted in litigation concerning tax equivalents due for the tax years 1968 and 1969.

(7) The general assembly hereby declares its intention that any taxing jurisdiction and any board, whether or not a party to such litigation, may enter into a binding compromise settlement agreement under which the board may pay and the taxing jurisdiction may accept in full discharge of the board's tax equivalent payment obligations for each of the tax years 1968 and 1969 such amount as they may agree upon, not less than the payment made by the board to the taxing jurisdiction for the tax year 1965, and not more than 120 per cent of the largest payment made by the board to the taxing jurisdiction for any one (1) of the tax years 1964, 1965, or 1966. All amounts heretofore paid for the tax years 1968 and 1969 by the respective boards shall be credited against and deducted from the amounts payable under any such agreements.

Section 2. KRS 131.340 is amended to read as follows:

(1) The Kentucky board of tax appeals is hereby vested with exclusive jurisdiction to hear and determine appeals from final rulings, orders and determinations of any agency of state or county government affecting revenue and taxation.

(2) Any party, including the attorney general, on behalf of the commonwealth, aggrieved by any ruling, order or determination of any state or county agency charged with the administration of any taxing or licensing measure, may prosecute an appeal to the board by filing a complaint or petition of appeal before the board within thirty (30) days from the receipt by such aggrieved party of the agency's ruling, order, or determination.

(3) In the event the department of revenue is aggrieved by the decision of any [~~county~~] board of *assessment appeals* [~~supervisors~~] on an assessment recommended by the department and prosecutes an appeal to the Kentucky board of tax appeals as authorized herein, the commissioner of revenue shall, within twenty (20) days, certify in writing to the Kentucky board of tax appeals the assessment recommended.

(4) The Kentucky board of tax appeals shall immediately forward copies of the certification to the parties to the appeal. Such assessed value shall be prima facie evidence of the value at which the property should be assessed.

(6) "Compensating tax rate" means that rate which, rounded to the next higher one-tenth of one cent per one hundred dollars of assessed value and applied to the current year's assessment of the property subject to taxation by a taxing district, excluding new property and personal property, produces an amount of revenue approximately equal to that produced in the preceding year from real property. However, in no event shall the compensating tax rate be a rate which, when applied to the total current year assessment of all classes of taxable property, produces an amount of revenue less than was produced in the preceding year from all classes of taxable property. For purposes of this subsection, "property subject to taxation" means the total fair cash value of all property subject to full local rates, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution and the difference between the fair cash value and agricultural or horticultural value of agricultural or horticultural land.

(7) "Net assessment growth" means the difference in the total valuation of property subject to taxation by the county, city, school district or special district in the preceding year, less the total valuation

(d) The value of new residential improvements to property;

(e) The value of improvements to existing residential property when the improvement increases the assessed value of the property by fifty percent (50%) or more;

(f) Property created by the subdivision of unimproved property, provided, that when such property is reclassified from farm to subdivision by the property valuation administrator the value of such property as a farm shall be a deletion from that category;

(g) Property exempt from taxation, as an inducement for industrial or business use, at the expiration of its tax exempt status;

(h) Property, the tax rate of which will change, according to the provisions of KRS 82.085, to reflect additional urban services to be provided by the taxing jurisdiction, provided, however, that such property shall be considered "real property additions" only in proportion to the additional urban services to be provided to the property over the urban services previously provided.

"Real property deletions" shall be limited to the value of real property removed from, or reduced over the preceding year on, the property tax roll for the current year.

(9) "Agricultural land" means any tract of land, including all income-producing improvements but excluding all residences, of at least ten contiguous acres in area used for the production of livestock, livestock products, poultry, poultry products and/or the growing of tobacco and/or other crops including timber, or where devoted to and meeting the requirements and qualifications for payments pursuant to agriculture programs under an agreement with the state or federal government, where such activities produced an average annual gross income including payments under a state or federal program according to the following scale:

Acres	Annual Gross Income +	Income Per Acre
10 to 30	$1,000+	$60.00 per acre, or a fraction thereof, over 10 acres.

Over 250	$5,900+	$5.00 per acre, or a fraction thereof, over 250 acres.

The above annual gross income amounts must be achieved in three (3) out of the five (5) years preceding the tax year or there must be an annual gross income of these amounts within two (2) years of purchase. Land devoted exclusively to the growing of merchantable timber or nonincome-producing woodland is excluded from the gross income provisions.

(10) "Horticultural land" means any tract of land, including all income-producing improvements but excluding all residences, of at least five contiguous acres in area commercially used for the cultivation of a garden, orchard, or the raising of fruits or nuts, vegetables, flowers or ornamental plants, where such activities produced an average annual gross income according to the following scale:

Acres	Annual Gross Income +	Income Per Acre
5 to 30	$1,000 minimum, or	$100.00 per acre, or a fraction thereof, over 5 acres, or whichever amount is greater.

Acres	Annual Gross Income +	Income Per Acre

Land devoted exclusively to the growing of merchantable timber or nonincome-producing woodland is excluded from the gross income provisions.

(11) "Agricultural or horticultural value" means the use value of "agricultural or horticultural land" based upon income-producing capability and comparable sales of farmland purchased for farm purposes where the price is indicative of farm use value, excluding sales representing purchases for farm expansion, better accessibility, and other factors which inflate the purchase price beyond farm use value, if any, considering the following factors as they affect a taxable unit:

(a) Relative percentages of tillable land, pasture land, and woodland;

(b) Degree of productivity of the soil;

(c) Risk of flooding;

(d) Improvements to and on the land that relate to the production of income;

(e) Row crop capability including allotted crops;

(f) Accessibility to all-weather roads and markets; and

(g) Factors which affect the general agricultural or horticultural economy, such as: interest, price of farm products, cost of farm materials and supplies, labor, or any economic factor which would affect net farm income.

All provisions of law of the particular taxing district having an interest therein relating to delinquent taxes on the same class of property or taxpayers involved shall apply to the delinquent omitted tax bill unless otherwise provided by law.

Section 13. KRS 134.460 is amended to read as follows:

Nonoperating intangible property within the taxing jurisdiction of the commonwealth shall be taxable for state purposes only at the same rate as the intangible property of other taxpayers not performing public services, and operating property and nonoperating tangible property shall be subject to state and local taxes at the same rate as the tangible property of other taxpayers not performing public services.

(3) The department of revenue shall have sole power to value and assess all of the property of every corporation, company, association, partnership, or person performing any public service, including those enumerated above and all others to whom this section may apply, whether or not such operating property, nonoperating tangible property, or nonoperating intangible property has heretofore been assessed by said department, and shall, except as provided in subsection (4) of this section, allocate such assessment as provided by KRS 136.170, and shall certify operating property liable to local taxation and nonoperating tangible property to the counties, cities, and taxing districts as provided in KRS 136.180. (4)(a) The department of revenue shall likewise have sole power to value and assess all the property within the taxing jurisdiction of this commonwealth of every *passenger, sleeping, freight, and private car company which is hereby defined as any company, other than a railroad company, which owns, uses, furnishes, leases, rents, or operates to, from, through, in or across this state or any part thereof, any kind of railroad car including, but not necessarily limited to, flat, tank, refrigerator, passenger, or similar type car,* [~~refrigerator car company, tank car company, coal car company, every like car company,~~] and every irregular route common carrier truck company. Any other statute to the contrary notwithstanding, the department of revenue shall, in determining the proportion of the value of the rolling stock of every irregular route common carrier truck company, apportion the value of such property within the taxing jurisdiction of Kentucky according to the truck mileage performed in Kentucky by such irregular route common carrier. The department shall not certify the assessment of the rolling stock of such companies to any county, city, or taxing district, but shall apportion and certify the operating property, other than rolling stock, to the counties, cities, and taxing districts where such property is located. *On or before November 1, 1982, and each year thereafter, the department of revenue shall establish the state tax rate for rolling stock of private car lines and irregular route common carriers based on average tax rate for tangible property within the commonwealth subject to state, county, school and applicable city levy.* The rolling stock of such companies shall be taxable for state purposes only [~~at the rate of one dollar ($1.00) upon each one hundred dollars ($100) of value,~~] and shall not be subject to taxation by a county, city, or other taxing district.

(b) The property of taxpayers within the meaning of paragraph (a) of this subsection shall likewise be classified as operating property, nonoperating tangible property, and nonoperating intangible property. The nonoperating intangible property of the companies within the meaning of this subsection which are within the taxing jurisdiction of the commonwealth shall be taxable for state purposes at the same rate as the intangible property of nonpublic service taxpayers.

The association or bank for cooperatives shall not be required to pay local taxes upon its capital stock, surplus, undivided profits, notes, mortgages or other credits, and the tax provided by this section shall be in lieu of all taxes for state purposes *upon the intangible personal property* [~~on property~~] of the association or bank for cooperatives. Failure to make reports and pay taxes as provided in this section and in KRS 136.290 shall subject the association or bank for cooperatives to the same penalties imposed for such failure on the part of the other corporations.

(2) If a domestic savings and loan association, bank for cooperatives, or production credit association so elects, it may deduct the taxes imposed in subsection (1) of this section from the dividends paid or credited to a nonborrowing shareholder.

Notwithstanding *Section 2 of this Act* [~~KRS 41.380(3)~~], interest earned from such temporary investments shall be used to defray the expenses of administering the deferred compensation system.

Section 6. KRS 164.892 is amended to read as follows:

(1) The board of trustees of the university may, at its election, establish a basic coverage compensation fund for the benefit and protection from liability of itself and its agents. Promptly after the board of trustees of said university has elected to establish a basic coverage compensation fund, the university shall pay to the state treasurer the sum of three hundred fifty thousand dollars ($350,000) in the manner and within the time specified in subsection (3) of this section.

(2) Upon receipt of the initial payment of eighty-seven thousand five hundred dollars ($87,500), the state treasurer shall create a separate account to be designated as the "basic coverage compensation fund, University of Louisville" and there shall be credited to said fund the initial payment of eighty-seven thousand five hundred dollars ($87,500), all income thereafter earned from the investment of said fund and all contributions thereafter made by the university to said fund. Unexpended and unencumbered balances in any fund created hereunder shall be carried forward and be available for expenditure in succeeding fiscal years notwithstanding the provisions of KRS 45.230 or any other provision of the Kentucky Revised Statutes. No portion of said fund shall ever lapse to the general fund and income earned from the investment of funds standing to the credit of said account shall accrue and be credited thereto, notwithstanding the provisions of *Section 2 of this Act* [~~KRS 41.380~~] or any other provision of the Kentucky Revised Statutes. Upon termination of said fund for any reason, the balance therein shall revert to the university.

(3) The university shall make an initial payment of eighty-seven thousand five hundred dollars ($87,500) upon action by its board of trustees as described in KRS 164.895. Annual payments of eighty-seven thousand five hundred dollars ($87,500) shall be made thereafter until the university has paid a total of three hundred fifty thousand dollars ($350,000) into the "basic coverage compensation fund, University of Louisville," except that when the university commences the operation of a teaching hospital, the difference between the total of all annual payments made into the basic coverage compensation fund and the sum of three hundred fifty thousand dollars ($350,000) shall become due and payable.

(4) The funds held in any fund created under KRS 164.890 to 164.895 shall be expended solely in payment of claims and judgments for liability arising in favor of any patient from treatment performed or furnished, or treatment that should have been performed or furnished by the university or its agents. The liabilities which said fund shall be created to discharge are all liabilities from acts or omissions to act which may have occurred since July 1, 1976 and which may occur in the future and which no entity other than the university and its agents is or will be obligated either by law or contract to pay and discharge.

(5) No settlement shall be made of any claim for personal injury or death to any claimant arising out of the furnishing or failure to furnish medical care by the university and its agents, until and unless the board of trustees of the university, or its duly delegated agent or body has first approved of such settlement. The board of trustees of the university shall also have the right to determine whether or not an appeal shall be taken from any judgment rendered against it or its agents, when such claim is founded upon or arises out of the furnishing or failure to furnish medical care. Provided, however, that if the payment of a judgment would involve expenditures from appropriations of general funds of the Commonwealth then such payment must also be approved by the secretary, or his delegate.

(6) Funds held in any account created hereunder may be disbursed by the secretary only upon the written certification of the university, or its duly designated agent, of the amount to be disbursed and the name of the person or persons to whom such funds shall be paid.

(7) In addition to the payments to said fund required to be made in subsection (3) above, annual contributions to said fund shall be made by the university in an amount which will be not less than one hundred fifty percent (150%) of the average amounts actually paid in each year on medical malpractice claims

for the five (5) years next preceding the making of the annual contribution. Provided, however, that if the university and the secretary shall at any time in the future mutually determine, based on sound actuarial principles, that an annual contribution in a lesser amount will not impair the adequacy of the fund to satisfy existing and potential health care malpractice claims for a period of one (1) year, then an annual contribution in such lesser amount as may be determined may be made.

(8) The university shall be solely responsible for the investigation and servicing of all claims made against it arising out of medical malpractice and all costs, expenses, and fees incurred in the investigation, servicing and defense of all such claims shall be borne and paid by the university.

(9) Claims and judgments certified to be paid by the university shall be paid in the order received by the secretary. If the basic coverage compensation fund created by contribution from the university shall at any time fail to have sufficient funds to pay all such judgments, then they shall be paid out of the excess coverage fund upon certification by the secretary. Said excess coverage fund shall be expended only upon exhaustion of the basic coverage compensation fund and any liability insurance from any source whatsoever.

Section 7. KRS 164.941 is amended to read as follows:

(1) The board of trustees of the university may, at its election, establish a basic coverage compensation fund for the benefit and protection from liability of itself and its agents. Promptly after the board of trustees of said university has elected to establish a basic coverage compensation fund, the university shall pay to the state treasurer the sum of $350,000.

(2) Upon receipt of said payment of $350,000 the state treasurer shall create a separate account to be designated as the "basic coverage compensation fund, University of Kentucky" and there shall be credited to said fund the initial payment of $350,000, all income thereafter earned from the investment of said fund, and all contributions thereafter made by the university. Unexpended and unencumbered balances in any fund created hereunder shall be carried forward and be available for expenditure in succeeding fiscal years notwithstanding the provisions of KRS 45.230 or any other provision of the Kentucky Revised Statutes. No portion of said fund shall ever lapse to the general fund and income earned from the investment of funds standing to the credit of said account shall accrue and be credited thereto, notwithstanding the provisions of *Section 2 of this Act* [~~KRS 41.380~~] or any other provision of the Kentucky Revised Statutes. Upon termination of said fund for any reason, the balance therein shall revert to the university.

(3) The funds held in any fund created under KRS 164.939 to 164.944 shall be expended solely in payment of claims for liability arising in favor of any patient from treatment performed or furnished, or treatment that should have been performed or furnished by the university or its agents. The liabilities which said fund shall be created to discharge are all liabilities from acts or omissions to act which may have occurred since July 1, 1975 and which may occur in the future which no entity other than the university and its agents is or will be obligated either by law or contract to pay and discharge.

(4) No settlement shall be made of any claim for personal injury or death to any claimant arising out of the furnishing or failure to furnish medical care by the university and its agents, until and unless the board of trustees of the university, or its duly delegated agent or body has first approved of such settlement. The board of trustees of the university shall also have the right to determine whether or not an appeal shall be taken from any judgment rendered against it or its agents, when such claim is founded upon or arises out of the furnishing or failure to furnish medical care. Provided, however, that if the payment of a judgment would involve expenditures from appropriations of general funds of the Commonwealth under the provisions of subsection (8) of this section then any payment from said fund must also be approved by the secretary, or his delegate.

(5) Funds held in an account created hereunder may be disbursed by the secretary only upon the written certification of the university, or its duly designated agent, of the amount to be disbursed and the name of the person or persons to whom such funds shall be paid.

(6) Annual contributions to said fund shall be made by the university in an amount which will be not less than one hundred fifty percent (150%) of the average amounts actually paid in each year on medical malpractice claims for the five (5) years next preceding the making of the annual contribution. In the event the university terminates its commercial excess insurance coverage then said annual contributions shall be in the amount of $250,000 with the first contribution being due and payable within twelve (12) months next following the month in which such insurance is terminated. Provided, however, that if the university and the secretary shall at any time in the future, based upon accepted actuarial principles, mutually determine that an annual contribution in a lesser amount will not impair the adequacy of the fund to satisfy existing and potential health care malpractice claims for a period of one year, then an annual contribution in such lesser amount as may be determined may be made.

(7) The university shall be solely responsible for the investigation and servicing of all claims made against it arising out of medical malpractice and all costs, expenses and fees incurred in the investigation, servicing and defense of all such claims shall be borne and paid by the university.

(8) Claims or judgments certified to be paid by the university shall be paid in the order received by the secretary. If the basic coverage compensation fund created hereunder shall at any time fail to have

sufficient funds to pay all judgments, then they shall be paid out of the excess coverage fund upon certification of the obligation by the secretary and the university. Said excess fund shall be expended only upon exhaustion of the basic coverage compensation fund and any insurance from any source whatsoever.

Thereafter, members to succeed those whose terms have expired shall be elected by the remaining members of the commission for terms of seven (7) years. Vacancies in the terms of members shall be filled by the remaining members of the commission. Members selected to fill vacancies shall serve for the unexpired term. Section 2. KRS 97.640 is amended to read as follows:

The commission may elect a secretary and treasurer, not a member of the commission, who shall hold the combined office at the pleasure of the commission, and may receive a salary to be fixed and paid by the commission, not exceeding $2,500 per annum. The commission may select and fix the compensation of such officers or employes as it deems necessary to properly carry on the work of the commission, to serve at the pleasure of the commission. The compensation of all officers and employes of the commission employed in the operation or maintenance of the memorial shall constitute maintenance expenses and shall be paid as such.

(2) A commission in a city of the second, third, fourth, fifth and sixth classes shall annually elect a chairman from its members, to serve for the term of one (1) year. The commission may elect a secretary and treasurer, not a member of the commission, who shall hold the combined office at the pleasure of the commission, and may receive a salary to be determined by the commission. The commission may select and fix the compensation of such officers or employes as it deems necessary to properly carry on the work of the commission, to serve at the pleasure of the commission. The compensation of all officers and employes of the commission employed in the operation or maintenance of the memorial shall constitute maintenance expenses and shall be paid as such.

Section 3. KRS 97.670 is amended to read as follows:

The memorial shall commemorate the valorous and patriotic deeds and service of the soldiers and sailors, of the city and county in which the commission acts, who were engaged in the army and navy of the United States during the World War of 1914 to 1918, *the World War of 1941 to 1945, the Korean and Viet Nam conflicts, and other international armed conflicts in which the United States participated.* The memorial shall be permanent in character, and shall take the form of a building or buildings, with halls and auditoriums ample for both large and small assemblages, conventions, theatrical, musical and other entertainments, and with suitable offices, rooms and equipment to properly maintain and operate the building or buildings, and appropriate statuary and works of memorial art, and all grounds necessary or appropriate for such purposes, all of which shall be embraced by the term "memorial." The commission may maintain in the memorial such flags, insignia, mementos, records and archives of the war, or of historical significance in connection therewith, as may fittingly exemplify or illustrate the patriotic services rendered the United States in the war by the soldiers and sailors, as well as by the citizens and residents of the city and county who were not engaged in the military or naval service of the United States during the war. The title to the memorial and all property acquired by the commission shall be vested in the commission, and shall be held in trust for the city for the purposes contemplated in KRS 97.630 to 97.780, free from all taxation or assessments.

Section 4. KRS 97.700 is amended to read as follows:

(1) In order to provide sufficient funds for maintaining the memorial and for carrying on the work of the commission the city legislative body *in cities of the first class* shall annually appropriate from the general fund of the city such sums as in the judgment of the legislative body shall, when supplemented by any funds received by the commission from gifts or earnings of the memorial, be reasonably necessary for such purposes. All moneys so appropriated may be paid over to the commission by the director of finance of such city in regular monthly instalments. If it appears from the report or statement of the commission that funds received by gift or from earnings of the memorial, available for maintenance of the memorial for any fiscal year, are fully adequate for the purpose, the appropriation for such year may be withheld by the legislative body.

(2) For the purpose of providing necessary funds for maintaining such memorial and for carrying on the work of the commission a city legislative body of cities of the second, third, fourth, fifth and sixth classes may annually appropriate from the general fund of the city or annually levy and collect a tax not exceeding five cents (5¢) on each one hundred dollars ($100) worth of taxable property in such city as determined by the last regular assessment of such city, and the taxes so levied shall be collected in the customary way and shall be paid over to said commission for the purpose named in this section; provided, however, that if it shall appear from the report or statement of the commission that funds received by gift or from earnings of the memorial, available for maintenance of the memorial for any fiscal year, are fully adequate therefor after deductions therefrom are made as herein provided, the said tax levy for such year may be withheld by the city legislative body.

Section 5. KRS 97.710 is amended to read as follows:

Except with the approval of the city legislative body, the commission shall not incur for maintenance purposes of the memorial, or permit the incurrence of, any liability or expense exceeding the total funds derived or to be derived for any fiscal year by appropriation from the city for such year, *or the levying and collection of taxes for such purpose in the fiscal year,* supplemented by income from the memorial and by donations in money or property reduced to money made to the commission for maintenance purposes.

Section 6. KRS 97.720 is amended to read as follows:

(1) The fiscal year of the commission shall be the same as that of the city. The commission shall, each May, prepare and certify to the mayor, to be by him transmitted to the legislative body, a statement showing the total funds that, in the judgment of the commission, will be needed for maintaining the memorial for the ensuing fiscal year; setting forth in detail the sums needed for the different classes of expenditure; setting forth the estimated balance that will be on hand on the first of July following the certification of the statement and available for expenditure during the ensuing fiscal year for maintenance purposes; and indicating, as nearly as possible, what additional assets other than those derived from the city appropriation will become available for maintenance purposes for the ensuing fiscal year.

(2) The legislative body, in making the appropriation *or levy of the tax* for maintenance purposes, shall take into consideration the amount of funds held or derived by the commission from donations for maintenance purposes. The commission may set aside and retain from year to year, out of the maintenance funds derived by gift or appropriation, a reasonable fund to be known as an "improvement and replacement fund," to cover needed improvements, replacements and equipment for, and depreciation of, the memorial. The funds shall be placed at interest in a bank of the city, with the mayor's approval, or invested in United States government interest-bearing bonds, or bonds of the city or any of its instrumentalities. The amount set aside each year for such purposes shall be made with the approval of the mayor, and shall be held and used as occasion requires as a further memorial building and improvement fund to improve and further equip the memorial, and for replacement purposes if the memorial or any portion of it is destroyed by casualty or decay. The cost of ordinary repairs shall be paid for out of maintenance funds.

The Committee on Banking and Insurance reported **SB 315** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

SB 315, AN ACT relating to article 9 of the uniform commercial code.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 355.9-301 is amended to read as follows:

(1) Except as otherwise provided in subsection (2) an unperfected security interest is subordinate to the rights of:

(a) Persons entitled to priority under KRS 355.9-312;

(b) A person who becomes a lien creditor without knowledge of the security interest and before it is perfected;

(c) In the case of goods, instruments, documents, and chattel paper, a person who is not a secured party and who is a transferee in bulk or other buyer not in ordinary course of business to the extent that he gives value and receives delivery of the collateral without knowledge of the security interest and before it is perfected;

(d) In the case of accounts, contract rights, and general intangibles, a person who is not a secured party and who is a transferee to the extent that he gives value without knowledge of the security interest and before it is perfected.

(2) If the secured party files with respect to a purchase money security interest before or within *twenty (20)* [~~ten (10)~~] days after the collateral comes into possession of the debtor, he takes priority over the rights of a transferee in bulk or of a lien creditor which arise between the time the security interest attaches and the time of filing.

(3) A "lien creditor" means a creditor who has acquired a lien on the property involved by attachment, levy or the like and includes an assignee for benefit of creditors from the time of assignment, and a trustee in bankruptcy from the date of the filing of the petition or a receiver in equity from the time of appointment. Unless all the creditors represented had knowledge of the security interest such a representative of creditors is a lien creditor without knowledge even though he personally has knowledge of the security interest.

Section 2. KRS 355.9-312 is amended to read as follows:

(1) The rules of priority stated in the following sections shall govern where applicable: KRS 355.4-208 with respect to the security interest of collecting banks in items being collected, accompanying documents and proceeds; KRS 355.9-301 on certain priorities; KRS 355.9-304 on goods covered by documents; KRS 355.9-306 on proceeds and repossessions; KRS 355.9-307 on buyers of goods; KRS 355.9-308 on possessory against non-possessory interests in chattel paper on non-negotiable instruments; KRS 355.9-309 on security interest in negotiable instruments, documents or securities; KRS 355.9-310 on priorities between perfected security interests and liens by operation of law; KRS 355.9-313 on security interests in fixtures as against interests in real estate; KRS 355.9-314 on security interests in accessions as against interests in goods; KRS 355.9-315 on conflicting security interests where goods lose their identity or become part of a product; and KRS 355.9-316 on contractual subordination.

(2) A perfected security interest in crops for new value given to enable the debtor to produce the crops during the production season and given not more than three months before the crops become growing crops by planting or otherwise takes priority over an earlier perfected security interest to the extent that such earlier interest secures obligations due more than six months before the crops become growing crops by planting or otherwise, even though the person giving new value had knowledge of the earlier security interest.

(3) A purchase money security interest in inventory collateral has priority over a conflicting security interest in the same collateral if:

(a) the purchase money security interest is perfected at the time the debtor received possession of the collateral; and

(b) any secured party whose security interest is known to the holder of the purchase money security interest or who, prior to the date of the filing made by the holder of the purchase money security interest, had filed a financing statement covering the same items or type of inventory, has received notification of the purchase money security interest before the debtor receives possession of the collateral covered by the purchase money security interest; and

(c) such notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within *twenty (20)* [~~ten (10)~~] days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subsections (3) and (4) of this section), priority between conflicting security interests in the same collateral shall be determined as follows

(a) in the order of filing if both are perfected by filing, regardless of which security interest attached first under KRS 355.9-204 (1) and whether it attached before or after filing;

(b) in the order of perfection unless both are perfected by filing, regardless of which security interest attached first under KRS 355.9-204 (1) and, in the case of a filed security interest, whether it attached before or after filing; and

(c) in the order of attachment under KRS 355.9-204 (1) so long as neither is perfected.

(6) For the purpose of the priority rules of subsection (5), a continuously perfected security interest shall be treated at all times as if perfected by filing if it was originally so perfected and it shall be treated at all times as if perfected otherwise than by filing if it was originally perfected otherwise than by filing.

Section 2. KRS 350.032 is amended to read as follows:

(1) In case of refusal to obey a subpoena issued to any person, *any circuit court of competent jurisdiction* [~~the Franklin Circuit Court~~], upon application by *any party* [~~the department~~], may issue to that person an order requiring him to appear before the department, there to produce documentary evidence if so ordered or to give evidence touching the matter under investigation or in question; and any failure to obey the order of the court may be punished by the court as a contempt of court.

(2) Any person aggrieved by a final order of the department may obtain a review of the order by filing in the Franklin Circuit Court, within thirty (30) days after the entry of the order, a written petition praying that the order be modified or set aside in whole or in part. A copy of the petition shall be forthwith served upon the department, and thereupon the department shall certify and file in court a copy of the record before the department, including therein all pleadings, orders, documentary exhibits and the stenographic transcript of the testimony taken before the department. When these have been filed, the court shall have exclusive jurisdiction to affirm, modify, enforce or set aside the order, in whole or in part. No objection to the order may be considered by the court unless it was urged before the department or there were reasonable grounds for failure to do so. The findings of the department as to the facts, if supported by substantial evidence, are conclusive. If either party applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that the additional evidence is material and that there were reasonable grounds for failure to adduce the evidence in the hearings before the department, the court may order that additional evidence be taken before the department in such manner and upon such condition as the court may consider proper. The department may modify its findings as to the facts, by reason of the additional evidence so taken; and it shall file any modified or new findings with the court, which if supported by substantial evidence shall be conclusive, and any recommendation for the modification or setting aside of the original order. The commencement of the proceedings under this section does not, unless specifically ordered by the court, operate as a stay of the department's order. An appeal may be taken from the judgment of the Franklin Circuit Court to the Court of Appeals on the same terms and conditions as an appeal is taken in any civil action.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 352.040-352.050 IS CREATED TO READ AS FOLLOWS:

There shall be no cutting or welding inby the last open break, except in case of emergency.

SB 393, AN ACT relating to underground coal mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 352.130 is amended to read as follows:

(1) At every mine operated by shaft, there shall be an approved safety catch, and on all cages used for lowering and hoisting persons there shall be a sufficient and substantial overhead cover. At the top of each shaft a safety gate shall be provided. An adequate brake, so adjusted that it may be operated by the engineer without leaving his post at the levers, shall be attached to every drum or equivalent machine used for lowering or raising persons at any shaft or slope, and in connection with the hoisting engine an efficient indicator or dial, which will show the engineer the positions of the cages in the shaft at any time, shall be used. Approved means for signaling to the bottom man, the top man and the engineer shall be provided, and all shafts used for lowering or hoisting men shall be equipped with metal tubes or pipes or with telephones, through which conversations may be freely held between persons at the bottom and top landings.

(2) Cages and incline cars on which men are transported shall be raised or lowered at a rate of speed consistent with the equipment and the physical conditions of the mine, subject to the approval of the mine inspector.

(3) The hoisting rope, the safety catches and the cage attachments shall be examined by the mine foreman, or by some competent person designated by him, every morning before the men descend into the mine, and care shall be taken to keep them in good working condition at all times.

(4) No person shall ride on any cage when coal, slate or similar material is being raised.

(5) No person shall enter a cage at the bottom to be raised to the top during the running hours of the mine, or when leaving work at the close of the day's run, without first being authorized by the bottom man or cager to do so, the bottom man or cager having first signaled to the engineer that men are to be raised.

(6) At every underground landing where persons enter or leave the cage and where persons must pass from one side of the shaft to the other there shall be a passageway not less than three (3) feet wide and of suitable height, kept free from obstruction and as dry as possible, around the shaft; and all employes when passing from one side of the shaft to the other side shall use the passageway only.

(7) Whenever the hoisting or lowering of men occurs before daylight or after dark, or when the landing at which men take or leave the cage is obscured by steam or otherwise, there shall be maintained at each landing a light sufficient to show the landing and objects in immediate proximity thereto, and as long as men are underground a good light shall be maintained at the bottom of the shaft, so that persons coming to the bottom may discern the cage and objects in the vicinity thereof.

(8) Hoisting ropes on all cages or trips shall be adequate in size to handle the load and have a proper factor of safety. Ropes used to hoist or lower coal and other materials shall have a factor of safety of not less than five (5) to one (1); ropes used to hoist or lower men shall have a factor of safety of not less than ten (10) to one (1). Load tests shall be made at least once each month and a record kept. The rope shall be replaced as soon as there is evidence of possible failure.

(9) Any rope attached to a cage, man-car, or trip used for hoisting or lowering men shall be provided with two (2) bridle chains or cables connected securely to the rope at least three (3) feet above the socket or thimble and to the crosspiece of the cage or to the man-car or trip.

(10) A certified hoistman shall be on the mine site of a shaft or slope mine when persons are underground, including fire bosses and pumpers on idle shifts, except when automatic, self-service facilities with all safety devices are provided.

Section 1. KRS 352.150 is amended to read as follows:

(1) After June 16, 1972, on single-track haulage roads in mines, which the persons employed in the mine must use while performing their work or while traveling on foot to and from their work, there shall be places of refuge on one side not less than five feet in depth from the side of the mine car, and five feet wide, and not more than ninety feet apart. Refuge holes of the same dimensions shall also be provided at switch throws.

(2) Special places of refuge are not required on haulage roads on which room necks or breakthroughs occur at regular intervals not exceeding ninety feet, and thus furnish places of refuge, or on haulage roads in which the track is so laid as to give a minimum clearance on one side of not less than thirty inches from the side of any haulage engine or any mine car, the clearance to be on the side of the road opposite that upon which electric wires are strung, if electric wires are strung in the road.

(3) No unauthorized person shall travel on foot to or from work upon any haulage road or slope where transportation is by track, when other roads in proper condition for travel are available.

(4) On all main haulage roads where hauling is done by machinery the mine foreman shall provide a proper system of signals, and a conspicuous light or marker approved by the commissioner on the front and rear of every trip or train of cars when in motion in the mine.

(5) Man-trips shall be operated at safe speeds consistent with the condition of roads and type of equipment used and shall be so controlled that they can be stopped within the limits of visibility, in no event at a speed in excess of twelve miles per hour.

(6) Each man-trip consisting of more than one mine car of men shall be under the charge of a certified official, and it shall be operated independently of any loaded trip of coal or other material.

(7) Cars on the man-trip shall not be overloaded, and sufficient cars in good mechanical condition shall be provided.

(8) No person shall ride under the trolley wire unless suitably covered man-cars are used.

(9) No material or tools except small hand tools shall be transported in the same car with men on any man-trip unless in a separate, enclosed compartment of the car, and all persons shall ride inside of man-trip cars, except the motorman and brakeman or trip rider.

(10) Men shall not load or unload before the cars in which they are to ride or are riding come to a full stop, and men shall proceed in an orderly manner to and from man-trips.

(11) A waiting station shall be provided where men are required to wait for man-trips or man-cages. It shall have sufficient room, ample clearance from moving equipment, and adequate seating facilities.

(12) Trolley and power wires shall be guarded effectively at man-trip stations where there is a possibility of any person coming in contact with energized electric wiring while loading or unloading from the man-trip.

(13) Cars used for transporting men on slopes shall be equipped with a safety device capable of stopping the trip in event of failure of the rope or couplings. Such device shall be approved by the commissioner.

(14) Where belts are used for transporting men, a minimum clearance of eighteen inches shall be maintained between the belt and the roof or cross bars, projecting equipment, cap pieces, overhead cables, wiring, and other objects; but where the height of the coal bed permits, the clearance shall not be less than twenty-four inches.

(15) Unless a greater speed is allowed by special permission from the commissioner, in which event the conditions, limitations and rules imposed in connection with the grant of such permission shall be observed, the belt speed shall not exceed two hundred fifty feet per minute where the minimum overhead clearance is eighteen inches, or three hundred feet per minute when the minimum overhead clearance is twenty-four inches, while men are loading, unloading, or being transported.

(16) The space between men riding on a belt line shall not be less than six feet.

(17) Loading and unloading stations shall be illuminated properly.

(18) A certified official or some other supervisory personnel appointed by the mine foreman shall supervise all man-trips.

(19) Efficient equipment, either mobile or self-propelled, equipped with sufficient first-aid equipment and supplies, shall be available on all underground sections where men are present to transport injured workers to the surface.

(20) *At those mines that do not have a contract or other arrangement for providing ambulance service, a 4-wheel-drive vehicle or other vehicle suitable to the terrain equipped with sufficient first-aid equipment and supplies shall be available to the mines or preparation facilities for the transportation of injured workers. At those mines that have a contract or other arrangement for providing ambulance service, the access road to the mine or preparation facility shall be kept in such condition as to be passable by the ambulance vehicle.*

(21) The commissioner shall be empowered to draft additional rules and regulations providing for transportation of men when necessary.

Pending appeal, a hearing on such request for stay shall be held within forty-eight (48) hours of the receipt of the request for a stay by the commission. In the event the commission is not able to hold a hearing within forty-eight (48) hours, the stay shall be automatically granted. It shall be the policy of the commission to grant stays, unless:*

(b) Wherein it is impossible for the commission to secure necessary scientific evidence or indispensable witnesses within forty-eight (48) hours, then the commission or its designated hearing officer may refuse a request for the stay of any penalty imposed, as long as a hearing is held no later than thirty (30) days from the initial stewards' determination of a violation.

(3) If any license is denied, suspended or revoked the commission shall state publicly its reasons for the suspension or revocation and shall cause an entry of such reasons to be made on its record book. The action of the commission in denying, suspending or revoking any license issued under KRS 230.210 to 230.360 is final except that such action is subject to review by any court of competent jurisdiction. Members shall serve at the pleasure of their respective sponsoring organizations and shall receive no compensation for serving.

(2) The Kentucky equine drug research council shall review equine drug research and testing research being conducted at the University of Kentucky or with state funds and shall review and report to the commission on drug research and testing research being conducted elsewhere. The council shall advise the commission and make recommendations for establishing an effective drug regulatory policy for Kentucky racing. In addition, the council shall report to the 1984 general assembly any needed changes regarding the regulation of drugs in thoroughbred racing in the Commonwealth of Kentucky.

(3) The commission shall receive one-tenth of one percent (.1%) of the total amount wagered in Kentucky deducted from the pari-mutuel tax levied in KRS 138.510 to be used in financing drug research and testing research in Kentucky, which shall be in addition to any funds appropriated to the commission for such purposes in the executive budget.

Section 6. KRS 230.361 is amended to read as follows:

(1) The commission shall adopt rules governing and regulating mutuel wagering on thoroughbred races and Appaloosa races at a thoroughbred race meeting under what is known as the pari-mutuel system of wagering. Such wagering shall be conducted only by a person licensed under KRS 230.210 to 230.360 to conduct a thoroughbred race meeting and only upon the licensed premises [~~and on the dates and hours for which racing has been authorized by the commission~~]. Such wagering shall form a common pool with wagering conducted by the association conducting the racing. The commission shall also permit licensed associations to conduct pari-mutuel wagering on special event races conducted in other states or foreign countries, which are determined to be of sufficient national or international significance or interest to warrant interstate wagering. All such wagering shall form a common pool and shall be conducted in accordance with applicable federal law.*

Remaining revenues shall be apportioned by contractual agreement between the association conducting the racing and the association conducting the wagering under subsection (2). The pari-mutuel tax credit permitted in Section 8 of this Act shall not apply to pari-mutuel wagering conducted under subsection (2) of this section.

(4) In no event shall the operation of a pari-mutuel system for betting where authorized by law constitute grounds for the revocation or suspension of any license issued and held under KRS 230.350.

(5)[~~(3)~~] All reported but unclaimed pari-mutuel winning tickets held in this state by any person or association operating a pari-mutuel or similar system of betting at thoroughbred race meetings shall be presumed abandoned if not claimed by the person entitled thereto within two (2) years from the time the ticket became payable.

(2) There is hereby established, under the general jurisdiction of the Kentucky state racing commission, a Kentucky thoroughbred development fund advisory committee. (4) The Kentucky state racing commission, with the advice and assistance of the Kentucky thoroughbred development fund advisory committee, shall use the Kentucky thoroughbred development fund to promote, enhance, improve and encourage the further and continued development of the thoroughbred breeding industry in Kentucky by providing, out of the Kentucky thoroughbred development fund, supplemental purses for designated stakes, handicap, allowance and non-claiming maiden races contested at licensed thoroughbred race meetings in Kentucky, the awarding and payment of which supplemental purses shall be conditioned upon the winning or placing in such races by Kentucky bred thoroughbred horses. (d) In order for an owner of a Kentucky sired thoroughbred to be eligible to demand, claim and receive a portion of a supplemental purse provided by the Kentucky thoroughbred development fund, the thoroughbred horse winning or placing in a designated race for which a supplemental purse has been provided by the Kentucky thoroughbred development fund must have been duly registered as a Kentucky bred thoroughbred with the official registrar of the Kentucky thoroughbred development fund prior to entry in such race.

(1) *On and after July 1, 1983, twenty-three percent (23%)* [~~Twenty-two and two-tenths percent (22.2%)~~] of all funds arising from the imposition of taxes provided by KRS 138.220, 138.565, 138.660 and 234.320 shall be set aside for the construction, reconstruction and maintenance of secondary and rural roads and for no other purpose, and shall be expended for said purposes by the *county in which the roads are located if prior to July 1, 1983, the appropriate county fiscal court accepts responsibility for the construction, reconstruction and maintenance of the rural and secondary roads in that county or by the* department of transportation of the Commonwealth of Kentucky according to the terms and conditions prescribed in KRS 177.330 to 177.360. *The rural secondary roads are those in a county which are identified as being part of the state rural secondary system. After July 1, 1983, a county fiscal court that has accepted responsibilities for construction, reconstruction and maintenance of rural and secondary roads shall not reverse its position and such roads may not be returned to the department of transportation's road program.*

(2) In order for the fiscal court to accept responsibility for the construction, reconstruction and maintenance of rural and secondary roads in that county, application must be made to the department of transportation for approval of its request.

(3) Counties that have accepted responsibility for construction, reconstruction and maintenance of rural and secondary roads shall competitively bid, award and expend a minimum of thirty-three percent (33%) of their county allotment for rural and secondary roads for resurfacing and bridge maintenance and construction.

(4)[~~(2)~~] On or after July 1, 1980, fifteen and six-tenths percent (15.6%) of all funds arising from the imposition of taxes provided by KRS 138.220, 138.565, 138.660 and 234.320 shall be set aside for the construction, reconstruction and maintenance of county roads and bridges provided by KRS 179.410 through 179.430.

Section 2. KRS 177.330 is amended to read as follows:

(1) At least once in each calendar year the bureau of highways, through a duly authorized representative, shall consult with the fiscal courts of the various counties *that have not accepted responsibility for construction, reconstruction and maintenance of rural and secondary roads* for the purpose of receiving recommendations from said fiscal courts for the selection of secondary and rural roads lying within said counties for construction, reconstruction or maintenance. The bureau of highways shall give due consideration to the recommendations of the various fiscal courts with reference to the selection of secondary and rural roads for construction, reconstruction or maintenance and shall, provided agreement is reached, proceed to construct, reconstruct or maintain such roads as are agreed upon in accordance with the provisions of KRS Chapters 177 and 179.

(2) Where the construction of a secondary or rural road through an incorporated town of the fifth or sixth class is necessary, as determined by the bureau of highways, it shall not be necessary for the bureau of highways to consult with the fiscal court of the county wherein the said town is situated and said road may be constructed, reconstructed or maintained at the discretion of the bureau of highways.

Section 3. KRS 177.340 is amended to read as follows:

If, within thirty (30) days after receiving recommendations from any fiscal court *that has not accepted responsibilities for construction, reconstruction and maintenance of rural and secondary roads*, the bureau of highways and the fiscal court shall fail to agree on the selection of any secondary or rural roads for construction, reconstruction or maintenance, the bureau may proceed toward the construction, reconstruction or maintenance of any road, lying within a county with which agreement has not been reached, which, in its discretion, is essential to a system of secondary highways. Secondary or rural road or roads, constructed, reconstructed or maintained in accordance with agreement between the affected county and the bureau, or selected for construction, reconstruction or maintenance by the bureau, at its discretion, without agreement with the affected county, may become a part of the highway system of the Commonwealth of Kentucky at the discretion of the bureau of highways.

Section 4. KRS 177.350 is amended to read as follows:

The bureau of highways is authorized to establish standards for the construction, reconstruction, maintenance and improvement of secondary and rural roads in *counties that have not accepted responsibility for construction, reconstruction and maintenance of rural and secondary roads* [~~the Commonwealth of Kentucky~~]; to continue such studies, make such surveys, prepare such maps, employ such personnel and obtain such equipment as may be necessary for the establishment and maintenance of an integrated system of secondary and rural roads in *counties that have not accepted responsibility for construction, reconstruction and maintenance of rural and secondary roads* [~~the Commonwealth of Kentucky~~].

Section 5. KRS 177.360 is amended to read as follows:

(c) One-fifth (1/5) shall be apportioned among the one hundred twenty (120) counties on the basis of the ratio that the public road mileage outside of cities, towns and urban areas having a population of twenty-five hundred (2,500) or more bears to the total mileage of such roads for the entire state.

(d) Two-fifths (2/5) shall be apportioned among the one hundred twenty (120) counties on the basis of the ratio which the square-mile rural area of the county bears to the total square-mile rural area of the state. (4) Apportionments as required by the provisions of this section shall be made on the basis of revenue estimates supplied by the department of revenue and adjusted quarterly in accordance with the most recent revision of the estimates by the department of revenue.

Section 6. KRS 176.070 is amended to read as follows:

(1) After surveys, plans, specifications and estimates have been completed for any road or section thereof, and the type and character of the road has been determined, and the right-of-way obtained, the bureau shall advertise by publication pursuant to KRS Chapter 424, for bids on the work, and may contract for the purchase of all materials necessary for the construction and maintenance of roads.

(2) Before advertising for bids for the construction or reconstruction of any highway, the bureau may determine the type of improvement desired, and may advertise and receive bids for only the types determined. The advertisement shall make it generally known that the work is to be done, and shall state the place where the bidders may examine the plans and specifications.

(3) Notwithstanding the provisions of subsections (1) and (2) of this section or any other provision of the law to the contrary, advertisement for bids may be in a total design-bid basis; a package system commonly referred to as "turnkey". In all of the above cases an attachment of the property omitted from assessment may be procured from the district court against the owner, at the time of the institution of the action or thereafter, and without the execution of a bond by the Commonwealth or its relator, by the representative of the department of revenue making an affidavit that the property described in the petition is subject to state, county, school or other taxing district tax, and is unassessed for any taxable year.

Taxpayers' maps and records shall also be utilized by the department if available. Other factors which shall be considered by the department include, but are not limited to:

(e) The degree to which the unmined minerals and adjacent mineral properties are under production, or can be put into immediate production;

(f) The existence of any lease for the unmined minerals, including any royalty provisions contained therein.

(4) The taxpayer shall have the right of appeal of any assessment made under this section in the manner provided in KRS 133.120.

(5) All tangible property, including tipples and preparation facilities, of any taxpayer assessed under this section shall be valued and assessed by the property valuation administrator of the county in which such property has a taxable situs.

SECTION 20. A NEW SECTION OF KRS CHAPTER 132 IS CREATED TO READ AS FOLLOWS:

(1) Notwithstanding any statutory provisions to the contrary, any fee simple interest in unmined minerals is presumed to be of no value for property tax assessment purposes if any of the following factors exist with relation to that interest:

(a) 1. The surface above the unmined minerals is owned in fee simple by the owner of the unmined minerals; and

2. The surface is being used for agricultural or horticultural purposes as defined by KRS 132.010, or for residential or commercial purposes, or for other uses inconsistent with the extraction of unmined minerals; and

3. The owner has not leased any portion of the unmined minerals for extraction within five (5) years of the date of assessment, and no portion is under lease on the date of assessment, the owner has not undertaken to extract any portion of the unmined minerals, and the owner is not in the business of extracting unmined minerals or leasing unmined minerals for extraction.

(b) The tract of unmined minerals has been depleted due to mining, drilling, construction or other activities.

(c) The tract of unmined minerals is not capable of extraction by any method in common usage in the industry due to geologic or economic reasons.

(d) The supposed tract of unmined minerals is actually barren.

(e) The extraction of unmined minerals from the tract is prohibited by law.

The burden shall be on the taxpayer to prove qualification of his interest in unmined minerals under this section by clear and convincing evidence.

(2) If the taxpayer offers the results of any core drilling as evidence to prove qualification under this section, such results must be verified by a geophysical gamma-ray density log test performed at the expense of the taxpayer by the department, or a qualified engineer appointed by the department, and such results, if so verified, will be used as evidence of value of the unmined minerals for the area bounded by a one-quarter (¼) mile radius of the core drilling.

(3) If any tract of unmined minerals which qualifies under this section, and is assessed at no value under this section, is leased for extraction or is prepared for extraction, or any well is drilled for the extraction of oil, natural gas or natural gas liquids, or the use of the surface changes from agricultural or horticultural or residential or commercial use, where the qualification was under subsection (1) of this section, then that tract of unmined minerals or oil, natural gas or natural gas liquids shall be subject to deferred taxes based on the current fair cash value of the tract for the current tax year and the immediately preceding two (2) tax years, but shall not be subject to any deferred tax for any year prior to the effective date of enactment of this subsection.

Section 24. If any provision of this Act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

Section 25. Whereas it is imperative that all property be assessed as of January 1, 1982, an emergency is declared to exist and the provisions of this Act shall be effective on January 1, 1982.

(4) The application in proper form having been accepted for filing, the bond having been accepted and approved and the other conditions and requirements of this section having been complied with, the bureau shall issue a license. However, if an application for a license is filed by any person whose license has at any time previously been revoked for cause by the bureau, or if the bureau is of the opinion that the person who makes the application does so as a subterfuge for the real party in interest whose license, prior to the time of filing the application, has been revoked for cause, or that the application is not for any other reason filed in good faith or is not sufficient cause, the bureau may, after a hearing of which the applicant shall be given ten (10) days' notice in writing and in which he shall have the right to appear in person or by counsel and present testimony, refuse to issue a license to that person.

The bureau shall require, as a condition to the issuance of the permit, that the applicant pay a *fee of thirty dollars ($30.00) for each overweight or overdimension permit; a fee of twenty dollars ($20.00) for each single trip house trailer permit; a fee of eighty dollars ($80.00) for each annual house trailer permit;* [~~reasonable fee, to be fixed by it,~~] and may require that the applicant give bond, with approved surety, to indemnify the state or counties against damage to highways or bridges resulting from use by the applicant. The operation of motor vehicles and housetrailers in accordance with the terms of any such permit shall not constitute a violation of this chapter if the operator has the permit, or a copy of it, authenticated as the bureau may require, in his possession.

(2) No person shall operate any motor vehicle or housetrailer in violation of the terms of the permit.

Section 4. KRS 281.620 is amended to read as follows:

(3) A certificate or permit not renewed within one (1) calendar year after renewal date shall automatically become null and void and cannot be reinstated. Nothing herein contained shall prohibit the filing of a new application.

(4) The bureau shall not renew any certificate or permit if such certificate or permit has been revoked, or if suspended, during the period of suspension. A certificate or permit shall not be considered as revoked or suspended when an appeal is pending in the Franklin Circuit Court or in the Court of Appeals from an order of revocation or suspension until said appeal has been decided by the courts.

1983-84	$864,779,000

Accumulated earnings for the Common School Fund shall each fiscal year be transferred to the School Foundation Program.

Funds appropriated to the School Foundation Program shall be allotted to school districts in accordance with KRS 157.310 through 157.430 and 157A.090, except that the total of the funds allotted shall not exceed the appropriations for this purpose except as provided in this Act. If funds appropriated to the School Foundation Program are insufficient to provide the amount of money required under KRS 157.390(6), allotments to local school districts shall be reduced in accordance with KRS 157.430.

The amount to be included for the 1982-83 school year in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following schedule, for a term of 185 days for each rank:

Rank	I	II	III	IV	V
Experience					
0-3 years	$16,450	$14,600	$12,750	$10,820	$9,890
4-9 years	18,290	16,450	14,600	10,820	9,890
10 years & over	19,960	18,110	16,260	10,820	9,890

Beginning with the school year 1983-84, the amount to be included in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following allotment schedule, for a term of 185 days, for each rank:

Rank	I	II	III	IV	V
Experience					
0-3 years	$17,590	$15,740	$13,890	$11,960	$11,030
4-9 years	19,430	17,590	15,740	11,960	11,030
10 years & over	21,100	19,250	17,400	11,960	11,030

No working budget or salary schedule shall be approved in which the average salary paid any rank of teachers is not at least equivalent to the allotment for that rank, or in which any teacher is paid less than ninety-three percent (93%) of the School Foundation Program allotment for that rank for full time service during the regular school year or the allotment under KRS 157.390(2) shall be reduced by an amount equal to the amount by which the district failed to meet salary requirements, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board of Education shall certify such contention to the Department of Revenue. Said department shall then determine whether there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Department of Revenue shall then certify its determination to the State Board of Education, and said Board shall accept such certified determination as final.

The State Board of Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1982-83 and 1983-84 in which the total amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries in the preceding year, plus the additional amount for teachers' salaries received by the district under this appropriation for a 185 day school term by assuming the same classroom units and rank and experience of teachers in the current year as in the preceding year in each local school district.

The General Assembly acknowledges that included in the Finance Secretary's Order 82-96 is decreased funding for the School Foundation Program for school year 1981-82. One result of that appropriation reduction is that state funds are not provided for the cost of two (2) of the four (4) in-service days provided by KRS 158.070(3). The General Assembly hereby ratifies said funding reduction for school year 1981-82, but reestablishes funding for all four (4) in-service days for school years 1982-83 and 1983-84. However, included in the appropriation in fiscal year 1982-83 is $5,500,000 to reimburse school districts for the above mentioned, unfunded two (2) in-service days in the 1981-82 fiscal year. The Department of Education shall cause this reimbursement to be distributed not later than July 31, 1982, in amounts determined by the Department of Education.

Local school district personnel who are employed beyond the regular school term of 185 days shall be so employed in accordance with the provisions of KRS 157.390(2)(a) and 702 KAR 1:020, except that for purposes of calculation of salary allotments under the Foundation Program, the number of days of employment beyond 185 days shall be established in regulations promulgated by the State Board of Education upon recommendation by the Superintendent of Public Instruction, and funding for these extended employment days shall not exceed $18,761,100 in fiscal year 1982-83 and $19,820,000 in fiscal year 1983-84.

The allotment of any school district classroom units, pursuant to KRS 157.360(1) shall not exceed the number of teachers employed by that school district.

Notwithstanding the provisions of KRS 157.360(2), the allotments to school districts of basic classroom units for grades one (1) through three (3) shall be made on the basis of one for every twenty-five (25) pupils in average daily attendance. The allotments of basic classroom units for grades four (4) through twelve (12) shall be made on the basis of one for every twenty-seven (27) pupils in average daily attendance.

Notwithstanding the provisions of KRS 157.360(5), (6), and (10) the allotments, provision for which is made under this Act, for classroom units shall be as follows:

	1982-83	1983-84
Vocational Education	2,858	2,858
Exceptional Children	4,210	4,210
Kindergarten	800	850

Provided, however, that if the budgeted units in any category of classroom units — Vocational Education, Exceptional Children, Kindergarten, classroom units for elementary and secondary schools, and units related to school administration — prove to be excessive, the surplus may be reallocated to any other category or categories by the Superintendent of Public Instruction, upon the approval of the State Board of Education and the Secretary of the Finance and Administration Cabinet.

Kindergarten units shall be allotted in fiscal year 1982-83 and fiscal year 1983-84 on the basis of one for every two classes with 25 pupils enrolled in each class.

The allotments of basic classroom units shall be made on the average daily attendance (ADA) for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions, notwithstanding the provisions of KRS 157.360(2): (a) an average daily attendance of eight and four-tenths (8.4) in fiscal year 1982-83 and in fiscal year 1983-84 shall be deducted for each vocational education unit allotted, and (b) an average daily attendance of six and three-tenths (6.3) in fiscal year 1982-83 and in fiscal year 1983-84 shall be deducted for each exceptional children unit allotted.

Notwithstanding the provisions of KRS 157.360(7)(a), the total number of administrative and special instructional services (ASIS) units allotted under KRS 157.360(7) shall be the sum of the total allotted number of basic units, kindergarten units, vocational units, and exceptional children units divided by 9. Allotments for classroom units pursuant to KRS 157.360(7) shall only be for those personnel who are qualified for their respective positions under applicable provisions of law and regulations and who maintain programs which have been approved pursuant to applicable regulations.

The amount to be included in the Foundation Program for other current expenses in the 1982-84 biennium shall be determined by multiplying the number of classroom units by: $3,680 in the 1982-83 school year and $4,050 in the 1983-84 school year.

The amount to be included in the Foundation Program for capital outlay shall be determined by multiplying the number of classroom units by: $1,800 in the 1982-83 school year and $1,800 in the 1983-84 school year.

In accordance with the intent of KRS 162.060 and 162.160, no space shall be rented, purchased, or otherwise acquired and thereafter converted to classroom use without prior approval of the Superintendent of Public Instruction. The State Board of Education may adopt regulations for the housing of school children. No facilities shall be approved for classroom use which are detrimental to the health of or dangerous to the safety of school children.

If a school district operates any school or grade of a school for a term of less than 185 days in accordance with KRS 158.070, or for a school day of less than the minimum required by KRS 158.060, the average daily attendance of such school shall be reduced proportionately by the Superintendent of Public Instruction in determining the allotment of classroom units.

Any undistributed balance in the Foundation Program fund at the end of the fiscal years 1982-83 and 1983-84 shall lapse to the General Fund except where provisions to the contrary are provided in this Act. No unexpended portions of the School Foundation Program fund shall be expended at any time for the purpose of KRS 156.610 through 156.650 except as identified in this Act.

The total appropriation for the School Foundation Program shall be measured by, or construed as, estimates of the state expenditures required by KRS 157.310 et. seq. If the required expenditures exceed these estimates, the Secretary of the Finance and Administration Cabinet, with approval of the Governor, may increase the appropriation by such amount as may be available and necessary to meet, to the extent possible, the required expenditures under the hereinabove cited sections of the Kentucky Revised Statutes; provided, however, that any such increase, of the total appropriation to the Foundation Program is subject to Part VI, General Provisions, Section 8, of this Act, and the provisions of KRS 45.160.

Included in this appropriation is $69,877,500 in fiscal year 1982-83 and $73,720,700 in fiscal year 1983-84 for the costs of transporting pupils to and from school. Calculations of the allotments of pupil transportation funds to school districts shall be made in accordance with KRS 157.370 and 157A.090, except that the total of the funds allotted under KRS 157.390(5) shall not exceed $69,877,500 in fiscal year 1982-83 and $73,720,700 in fiscal year 1983-84; provided, however, that these sums may be increased by any excess funds appropriated for the School Foundation Program, but no such increases shall exceed the total transportation cost calculated in accordance with KRS 157.370 and 157A.090, subject to the approval of the Superintendent of Public Instruction and the Secretary of the Finance and Administration Cabinet, except where provisions to the contrary are stated in this Act.

There is included in the above appropriation for fiscal year 1982-83, $7,000,000 for the purpose of reimbursing school districts for transportation expenses incurred during fiscal year 1981-82.

In the event that the funds appropriated for pupil transportation in fiscal 1981-82 are insufficient to provide allotments to local school districts in accordance with KRS 157.370 and 157A.090, notwithstanding KRS 157.430, the allotments of funds for pupil transportation only to local school districts shall be ratably reduced without reducing other allotments under this appropriation.

Such receipts and revenues, and unappropriated surplus, together with any balance as of June 30, 1982, shall constitute the Transportation Fund for the fiscal years 1982-83 and 1983-84 respectively. An annual budget for each fiscal year shall be submitted by the Department of Transportation to the Finance and Administration Cabinet for approval by June 1, 1982, for fiscal year 1982-83 and by June 1, 1983, for fiscal year 1983-84. A copy of the annual budget submission and the approved annual budget shall be transmitted concurrently to the Legislative Research Commission. The budget shall be based upon the most current State Road Fund estimates and Surplus, estimates of contractual and noncontractual Federal aid, General Funds appropriated, and funds and fees from any other source. In fiscal year 1982-83 and fiscal year 1983-84, the Legislative Research Commission, or its designated body, may request and the Department of Transportation shall furnish, such information on the program services, resources, and expenditures relating to the annual budget for the stated fiscal years, or any revisions thereof, as may be deemed necessary.

In the event the State Road Fund estimates are revised during the biennium, the Department of Transportation shall submit its annual budget, and any revisions thereto, based upon the new estimates. These estimates are to be certified by the Commissioner of Revenue to the Secretary of the Finance and Administration Cabinet and upon the approval of the Governor, the Secretary of the Finance and Administration Cabinet, in consultation with the Legislative Research Commission, shall make the appropriate increases or decreases to the Department of Transportation's annual budget. A copy of the revised annual budget, and accompanying certification and documentation, shall be provided to the Legislative Research Commission. If the State Road Fund estimates are increased or decreased during a fiscal year the Department of Transportation shall request from the Finance and Administration Cabinet with approval of the Governor authority to increase or decrease its annual budget in accordance with Part VI, General Provisions, Section 8 of this Act. A copy of this request and any record of approval shall be provided to the Legislative Research Commission.

Notwithstanding KRS 143.090, it is the intent of the General Assembly that the coal severance tax receipts deposited to the credit of the Transportation Fund, for the purpose of meeting lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects, shall not exceed $21,750,000 in fiscal year 1981-82, $42,750,000 in fiscal year 1982-83, and $42,750,000 in fiscal year 1983-84. In the event these amounts are not sufficient to meet the amount certified pursuant to KRS 143.090, the Secretary of the Department of Transportation shall use other Transportation Fund resources to meet the total amount of said certification.

There is hereby authorized in the Transportation Fund a bond fund authorization of up to $300,000,000 in the 1982-84 biennium for the constructing and rehabilitating of roads, along with the related costs, in the Kentucky primary road system, except that should the bonds authorized for fiscal year 1981-82 in an amount up to $150,000,000 be issued as provided in House Bill 931 of the 1980 Regular Session of the General Assembly, the bond fund authorization contained herein shall be reduced by the amount of such issue. 1.		Repair of State-Owned Dams		
		Investment Income	750,000	750,000

The above appropriation shall not be used to repair dams owned by the Department of Fish and Wildlife.

Those projects listed by title in this Act but for which no funds are shown are previously authorized projects for which there is sufficient funding available for completion in the absence of any additional funding in the 1982-84 biennium. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund. Those projects set forth under the sub-heading "higher education" are subject to the action and approval of the Council on Higher Education and subject to the approval of the Finance and Administration Cabinet. Furthermore, the Council on Higher Education shall develop and approve a higher education computer plan to be submitted to the Secretary of Finance and Administration Cabinet by July 1, 1982. The provisions of KRS 45.750 through 45.990 notwithstanding it is the intent of the General Assembly that capital construction projects at institutions of higher education involving no state or federal funds, may be authorized between Regular Sessions of the General Assembly, providing that such projects receive prior approval from both the Council on Higher Education and the Secretary of the Finance and Administration Cabinet, and that the Capital Construction and Equipment Purchase Oversight Committee receives prior notification.

Advances may be made from the Capital Construction and Equipment Purchase Contingency Fund to pay the 1982-83 and 1983-84 debt service on the City of Louisville and Jefferson County Bonds for the construction of the University of Louisville Teaching Hospital. Any advances made under this authorization shall be repaid with interest to the Fund.

Any funds remaining in projects no longer authorized on July 1, 1982, under the provisions of KRS 45.750 through 45.990 shall lapse to the Capital Construction Emergency Repair, Maintenance and Replacement Fund to be expended in accordance with the provisions of KRS 45.780. Notwithstanding the provisions of KRS 45.770, the Capital Construction and Equipment Purchase Contingency Fund may be used to advance funds to projects authorized to be financed by bonds and may be used to finance feasibility studies for projects which may be contemplated for future funding. Roof repair or replacement projects shall be eligible for Emergency Repair, Maintenance and Replacement Fund allotments, subject to the provisions of KRS 45.780.

Included in the above appropriation is an Economic Development bond authorization of $25,000,000 for fiscal year 1982-83 and $50,000,000 for fiscal year 1983-84. This funding is recommended for projects that are associated with economic development and will be identified during the 1982-84 biennium by the Secretary of the Commerce Cabinet. Examples of projects that may be included are riverports, parks, economic development, energy development and tourism. Before any economic development bonds are issued, the proposed bond issue and the proposed project shall be submitted to the Capital Construction and Equipment Purchase Oversight Subcommittee for review under the provisions of KRS 45.750-45.800.

Also included in the above appropriation is a Kentucky Development Finance Authority Loan program bond authorization of $50,000,000 for fiscal year 1982-83. These bond proceeds will be utilized to make loans for manufacturing, agribusiness, and tourism projects and will be identified during the 1982-84 biennium by the Kentucky Development Finance Authority Board of Directors.

Inasmuch as the identification of specific projects in a variety of areas of the State Government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly, the provisions of KRS 45.750 through 45.990 notwithstanding, to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Repair of State-Owned Dams, Economic Development Projects, Area Development Fund, Handicapped Access, and Fire and Life Safety. Any project estimated to cost over $200,000 and equipment estimated to cost over $50,000 shall be reported to the Capital Construction and Equipment Purchase Oversight Subcommittee.

All monies transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

If at end of any fiscal year the monies and securities to the credit of the State Fire and Tornado Insurance Fund exceed $2,000,000 and if conditions with respect to life and safety in state properties are such as not to require the expenditure of all excess funds for improvements to said conditions, then the Secretary of the Finance and Administration Cabinet, with the concurrence of the Commissioner of Insurance, shall transfer up to $1,300,000 in fiscal year 1982-83 and $1,300,000 in fiscal year 1983-84 of the amount of such excess not so required and may authorize its transfer to the Capital Construction Fund, for expenditure in accordance with the provisions of Chapter 56 of the Kentucky Revised Statutes.

PART VI
GENERAL PROVISIONS

1. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1982, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42 and 45 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet in accordance with the detailed estimates embodied in the 1982-84 Executive Budget and supporting legislative budget records and workpapers, as considered by the 1982 Regular Session and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

2. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

3. The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Finance and Administration

Cabinet, and the Departments of Treasury and Law relative to the administration of programs in which there is joint participation by the State and Federal Governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs.

4. All continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act, notwithstanding any provisions of the Kentucky Revised Statutes to the contrary, except as provided by Chapters 12, 42, 56, 152, 177 and 341 of the Kentucky Revised Statutes. All laws and portions of laws in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed.

5. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the Governor's enacted budget and is supported by appropriate work papers and other records pertaining thereto.

6. Any General Fund appropriation made herein in anticipation of a lack, loss, or reduction of Federal grants shall lapse to the General Fund to the extent such Federal funds otherwise become available.

7. To the extent that Federal monies become available to the Commonwealth under Title IV of Public Law 95-87, it is the intent of the General Assembly that these monies be appropriated to the Finance and Administration Cabinet to be used for nonrecurring projects in accordance with the intent of the Federal law.

8. Whereas, inasmuch as the finances of the Commonwealth cannot be ascertained with absolute certainty at this time, and since the actual needs of each officer, cabinet, department, board, commission, institution, agency, or other activity or subdivisions of state government can only be anticipated and not finally determined by the General Assembly, and since the total amount of revenue accruing to the General Fund and to the Transportation Fund and accruing from various fees or from Federal funds from which appropriations are made can only be anticipated as being produced through existing laws and those that may hereafter be enacted, and recognizing the complex nature of the economy, it is the purpose and intention of this Act that the expenditures for each fiscal year shall not exceed the total financial resources accruing to any Fund, as defined in KRS Chapter 45, for the same fiscal year. As the conditions cannot be fully determined until after the adjournment of the 1982 General Assembly, and as the needs of each officer, cabinet, department, board, agency, commission, institution, subdivision, or activity of state government, together with the total financial resources accruing to the General Fund and the Transportation Fund cannot be fully determined at this time, it is the intention and purpose of this General Assembly that the Secretary of the Finance and Administration Cabinet, with the advice of the Commissioner of the Department of Revenue, upon approval of the Governor of the Commonwealth, is authorized, empowered, and directed to ascertain and determine the needs of each officer, cabinet, department, board, commission, institution, subdivision, agency, or other activity of state government and to ascertain the total financial resources anticipated to be accrued to the General Fund and the Transportation Fund of the Commonwealth, and upon the ascertainment and determination of said facts, he, the Secretary of the Finance and Administration Cabinet, in the manner set forth as provided by general law, and after obtaining the approval of the Legislative Research Commission or its designated body, is authorized, empowered, and directed by the General Assembly to prevent an overdraft or deficit in any fiscal year for which appropriations are herein made, by equitably reducing, according to needs, without discrimination, the appropriations herein made from the General Fund and Transportation Fund to each officer, cabinet, department, board, commission, institution, subdivision, agency, or other activity in state government, provided, however, that the power invested shall not permit any reduction of the appropriations of any officer, cabinet, department, board, commission, institution, subdivision, agency, or other activity of state government that will actually impair the necessary constitutional functions of such agency or activity, the operations and functions of which are determined to be necessary constitutional functions of state government.

9. The Secretary of the Finance and Administration Cabinet shall cause the Office for Policy and Management, within forty-five days upon adjournment of the 1982 General Assembly, to prepare a final budget document based upon the Executive Budget as enacted by the 1982 General Assembly as well as other acts which provide appropriations for the 1982-84 biennium and based upon supporting documentation and legislative records as considered by the 1982 General Assembly. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and such other fiscal data and commentary considered necessary by the Office for Policy and Management for budget execution and oversight. The enacted budget and any adjustments thereto approved by the Office for Policy and Management and any supporting documents shall be communicated to the Interim Joint Appropriations and Revenue Committee on a regular basis.

10. It is the intent of the General Assembly that the Secretary of the Finance and Administration Cabinet shall be empowered and directed to transfer all funds appropriated to various agencies of state government in Part I of this Act for the operation and maintenance of the Kentucky Early Warning System (KEWS) to the Finance and Administration Cabinet to administer and manage the system.

11. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund.

12. Notwithstanding KRS 143.090, it is the intent of the General Assembly that the coal severance tax receipts deposited to the credit of the Transportation Fund, for the purpose of meeting lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects, shall not exceed $21,750,000 in fiscal year 1981-82, $42,750,000 in fiscal year 1982-83, and $42,750,000 in fiscal year 1983-84. In the event these amounts are not sufficient to meet the amount certified pursuant to KRS 143.090, the Secretary of the Department of Transportation shall use other Transportation Fund resources to meet the total amount of said certification.

13. The General Assembly recognizes that during fiscal year 1980-81 and fiscal year 1981-82, the General Fund revenues of the Commonwealth were less than the estimates upon which appropriations for those fiscal years were made by Part I, Chapter 109, of the 1980 Acts of the General Assembly. The General Assembly acknowledges that as a result of shortfalls in the revenues during the biennium for which funds were appropriated by the 1980 General Assembly the Secretary of Finance as directed by Paragraph 8, Part VI, Chapter 109, of the 1980 Acts of the General Assembly and as authorized by KRS 45.160, took action to prevent an overdraft or deficit in the finances of the Commonwealth through the reduction of appropriations made by Part I, Chapter 109, of the 1980 Acts of the General Assembly, and by various other actions, all as set forth in and provided by Orders 81-151 and 82-96 of the Secretary of Finance, which Orders are permanent records of the Commonwealth, on file in the Office for Policy and Management.

It is the intent of the General Assembly herein to ratify and confirm the appropriation levels appearing in Orders 81-151 and 82-96 of the Secretary of Finance as the General Fund appropriations for fiscal year 1980-81 and fiscal year 1981-82, respectively, for the offices, boards, commissions, institutions, subdivisions and agencies of the Government of the Commonwealth of Kentucky, except so much thereof as relates to the appropriation to the Local Government Economic Assistance Fund for fiscal year 1981-82, which sum shall be determined as provided by KRS 45.450; it is the further intent of the General Assembly herein, the provisions of any other law of the Commonwealth to the contrary notwithstanding, to ratify and confirm the advances, transfers and lapsing to the General Fund of all non-General Fund monies as identified in said Orders 81-151 and 82-96 of the Secretary of Finance, and to that end, the General Assembly hereby expressly ratifies, adopts, and enacts the appropriation levels contained in said Orders 81-151 and 82-96, including those provided for the Foundation Program as set forth and contained in KRS Chapters 157 and 157A and in Chapter 109 of the 1980 Acts of the General Assembly, as the appropriations for the offices, boards, commissions, institutions, subdivisions, and agencies of the Government of the Commonwealth for fiscal year 1980-81 and fiscal year 1981-82, and to the extent in conflict therewith the appropriation levels set forth in Part I, Chapter 109 of the 1980 Acts of the General Assembly shall be read as conforming to the levels of appropriation hereby enacted.

14. There is hereby authorized in the Transportation Fund a bond fund authorization of up to $300,000,000 in the 1982-84 biennium for the constructing and rehabilitating of roads, along with the related costs, in the Kentucky primary road system, except that should the bonds authorized for fiscal year 1981-82 in an amount up to $150,000,000 be issued as provided in House Bill 931 of the 1980 Regular Session of the General Assembly, the bond fund authorization contained herein shall be reduced by the amount of such issue. The related debt service payments or lease rental payments to the Kentucky Turnpike Authority, as appropriate, may be expended from funds appropriated to the Transportation Fund.

15. The Secretary of the Finance and Administration Cabinet is authorized to approve, upon the request of the Secretary of the Department for Human Resources, the transfer of up to twelve million dollars ($12,000,000) of any surplus funds from other Bureaus within the Department for Human Resources to the Bureau for Social Insurance, Medical Assistance program to help prevent a deficit in said program for fiscal year 1981-82. If, through effective management and without reducing programs or service levels, funds become available, then the Secretary may transfer such funds to other programs after obtaining the approval of the Secretary of Finance and of the Interim Joint Committee on Appropriations and Revenue. In the event this provision is held to be invalid then no such transfer can be made.

16. It is the intent of the General Assembly that each classified permanent full-time and permanent part-time employe, as defined in KRS 18.110, in the Executive Branch shall receive, at least, an annual five percent (5%) salary increment each fiscal year, in accordance with the employe's regular salary increment schedule.

17. There is appropriated from the General Fund, $19,500,000 for fiscal year 1982-83 and $48,000,000 for fiscal year 1983-84 for a Budget Reserve Trust Fund.

These funds are appropriated in the event actual General Fund receipts during the 1982-83 fiscal year or the 1983-84 fiscal year are not sufficient to meet the General Fund appropriation levels authorized in this Act. Allotments from the Budget Reserve Trust Fund may also be made to those appropriation units for which actual Federal Fund receipts are less than the Federal Fund receipts appropriated in this Act to the

1982-83 fiscal year of the 1983-84 fiscal year, due to reductions in the Federal budget. In addition, allotments from the Budget Reserve Trust Fund may also be made for expenditures deemed to be Necessary Government Expenses.

All allotments and expenditures from the Budget Reserve Trust Fund may be approved by the Governor of the Commonwealth upon the recommendation of the Secretary of the Finance and Administration Cabinet. No allotment or expenditure from the Budget Reserve Trust Fund may be made prior to the approval of such allotment or expenditure by the Interim Joint Committee on Appropriations and Revenue. Allotments or expenditures from the Budget Reserve Trust Fund may be made on an across the board basis, but other methods of allocation, based on the needs of the budget units as determined by the Governor, are also authorized by this Act. In no event, however, shall such allotment or expenditure to any budget unit result in a General Fund or Federal Fund expenditure level greater than any appropriation elsewhere in this Act.

18. In no event shall any agency of the executive branch expend any money for fiscal year 1982-83 for medical or hospitalization insurance until:

(1) Bids have been solicited and received for both:

(a) Medical and hospitalization insurance to be furnished by an insurance carrier, and

(b) Contract costs for the private administration of a state self-insurance program, and

(2) A summary of such bids has been furnished to the Interim Joint Committees on Appropriations and Revenue and State Government.

The Committee on Appropriations and Revenue reported **HB 51, HB 257** with Committee Amendments attached thereto, and **HB 475** with Committee Substitute attached thereto, with the expression of opinion that the same should pass. Ordered referred to the Committee on Rules.

Committee Amendment No. 2 to **HB 257** is as follows:

Amend printed copy of **HB 257,** page 1, line 18, by deleting the word "*estate*" and inserting in lieu thereof the following: *surviving parent(s), if any..*

Read at length for the first time and ordered placed in the Calendar.

HB 515, AN ACT relating to revenue and taxation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 138.460 is amended to read as follows:

(1) On and after July 1, 1972 a tax levied upon its retail price at the rate of five percent (5%) shall be paid on the use in this state of every motor vehicle, except those exempted by KRS 138.470, at the time and in the manner provided in this section. In the case of trucks of gross weight in excess of ten thousand pounds (10,000 lbs.) the tax shall be levied upon ninety percent of the retail price of the vehicle.

(2) The tax shall be collected by the county clerk or other officer with whom the vehicle is required to be registered:

(a) When he collects the registration fee for registering and licensing a motor vehicle the first time it is offered for registration in this state,

(b) Or upon the transfer of ownership of any motor vehicle previously registered in this state.

(3) The tax collected by the county clerk under this section shall be reported and remitted to the department of revenue on forms provided by the department and on such forms as the department may prescribe. The county clerk shall for his services in collecting the tax be entitled to retain an amount equal to two and one-half percent of the tax collected and accounted for.

(4) No county clerk or other officer shall register or issue any license tags to the owner of any motor vehicle subject to this tax, when the vehicle is then being offered for registration for the first time, or transfer the ownership of any motor vehicle previously registered in this state, unless the owner or his agent pays the tax levied under this section in addition to the transfer, registration and license fees.

(5) When a resident of this state offers a motor vehicle for registration for the first time in this state [~~which was registered in another state that levied a tax substantially identical to the tax levied under this section~~], such person shall be entitled to receive a credit against the tax imposed by this section equal to the amount of *a substantially identical* tax *previously* paid to *another* [~~the other~~] state. [~~No credit shall be given under this subsection for taxes paid in another state if that state does not grant similar credit for substantially identical taxes paid in this state.~~]

(6) No county clerk or other officer shall register or issue any license tags to the owner of any motor vehicle subject to this tax, when the vehicle is then being offered for registration for the first time, unless the seller or his agent delivers to the county clerk or other officer a certified or photostat copy of the manufacturer's price label for passenger cars or a certified or photostat copy of the itemized billing to the customer in the case of all other motor vehicles; and the clerk shall attach the certified or photostat copy to the copy of the certificate of registration and ownership mailed to the department.

(7) Notwithstanding the provisions of KRS 138.450(3), in no case shall the tax be less than five dollars ($5.00) upon first registration of or any transfer of ownership of a motor vehicle in this state, except where such vehicle is exempt from tax under KRS 138.470.

(8) Where a new motor vehicle is sold by a dealer in this state and the original purchaser returns the vehicle for any reason to the same dealer within sixty (60) days for a new vehicle replacement or a refund of the purchase price, the purchaser shall be entitled to a refund of the amount of usage tax received by the department of revenue as a result of the registration of the returned vehicle. The registration of the returned vehicle shall be cancelled and the vehicle shall be considered to have not been previously registered in Kentucky when resold by the dealer.

(9) When a manufacturer refunds the retail purchase price or replaces a new motor vehicle for the original purchaser within ninety (90) days because of malfunction or defect, the purchaser shall be entitled to a refund of the amount of motor vehicle usage tax received by the department of revenue as a result of the first registration. No person shall be entitled to a refund unless he shall have filed with the department of revenue an affidavit from the manufacturer identifying the vehicle that was replaced and stating the date of replacement.

Section 2. KRS 138.463 is amended to read as follows:

(1) On and after January 1, 1973, a holder of a certificate as required under KRS 281.615 to operate as a U-Drive-It as defined in KRS 281.014 may pay the usage tax as provided in KRS 138.460 or may pay a usage tax of five per cent (5%) levied upon the amount of the gross rental or lease charges paid by a customer or lessee renting or leasing a motor vehicle from such holder of the certificate.

(2) In the event the holder of such certificate elects to pay the usage tax by the alternate method as provided in subsection (1), he shall present his certificate to the county clerk at the time the motor vehicle is offered for registration in Kentucky and the following provisions shall be applicable.

(3) The tax shall be the direct obligation of the holder of the certificate but it may be charged to and collected from the customer in addition to the rental or lease charges. The tax due shall be remitted to the Department of Revenue each month on forms and pursuant to regulations promulgated by the department.

(4) Failure of the holder of the certificate to remit the taxes applicable to the rental and leasing charges as provided herein shall be sufficient cause for the bureau of vehicle regulation to void the certificate issued to such holder and the usage tax on each of the motor vehicles which had been registered by the holder under the certificate shall be due and payable on the retail price of each such motor vehicle when it was first purchased by the holder.

(5) (a) If the holder of the certificate fails or refuses to file a return or furnish any information requested in writing by the department, the department may make an estimate of the tax liability under this chapter from any information in its possession, assess the tax at not more than twice the amount estimated to be due and add a penalty of ten percent (10%) of the tax assessed. This penalty shall be in addition to all other applicable penalties in this section.

(b) If the holder of the certificate fails to make and file a return required by KRS 138.463(3) on or before the due date of the return or the due date as extended by the department, then, unless it is shown to the satisfaction of the department that the failure is due to reasonable cause, five percent (5%) of the tax found to be due by the department shall be added to the tax for each thirty (30) days or fraction thereof elapsing between the due date of the return and the date on which filed, but the total penalty shall not exceed twenty-five percent (25%) of the tax, provided, however, that in no case shall the penalty be less than ten dollars ($10.00).

(c) If any part of any deficiency is due to negligence, or intentional disregard of rules and regulations but without intent to defraud, five percent (5%) of the total amount of the deficiency, in addition to the deficiency and other applicable penalties provided in this section shall apply.

(d) If a holder of the certificate fails to pay the tax imposed by KRS 138.460 within the time prescribed, unless it is shown to the satisfaction of the department that the failure was due to reasonable cause,

the department may assess a penalty of ten percent (10%) of the tax due, provided, however, that in no case shall the penalty be less than ten dollars ($10.00).

(6) (a) As soon as practicable after each return is received, the department shall examine and audit it. If the amount of tax computed by the department is greater than the amount returned by the taxpayer, the excess shall be assessed within four (4) years from the date the return was filed, except as provided in subsection (d) of this section, and except that in the case of a failure to file a return or of a fraudulent return, the excess may be assessed at any time. A notice of such assessment shall be mailed to the taxpayer. The time herein provided may be extended by agreement between the taxpayer and the department.

(b) For the purpose of subsections (a) and (d) of this section, a return filed before the last day prescribed by regulation for the filing thereof shall be considered as filed on such last day.

(c) Any final ruling, order or determination of the department with regard to the administration of this chapter may be reviewed only in the manner provided for in KRS 131.110 and 131.310 to 131.370.

(d) Notwithstanding the four (4) year time limitation of paragraph (a) of this subsection, in the case of a return where the taxpayer understates the gross value by twenty-five percent (25%) or more, the excess shall be assessed by the department within six (6) years from the date the return was filed.

(7) (a) Every holder of the certificate liable for the reporting or payment of the taxes levied by KRS 138.460 shall keep such records, receipts, invoices and other pertinent papers in such form as the department may require.

(b) Every such certificate holder shall keep such records for not less than six (6) years from the making of such records unless the department in writing sooner authorizes their destruction.

Section 3. KRS 138.230 is amended to read as follows:

(1) Every dealer *or transporter* receiving gasoline in this state shall keep, and preserve [~~for two (2) years,~~] an accurate record of all receipts and of all production, refining, manufacture, compounding, use, sale, distribution and delivery of gasoline, together with invoices, bills of lading and other pertinent records and papers required by the department of revenue. Every person purchasing gasoline from a dealer for resale shall keep, and preserve for a period of one (1) year, a record of all such gasoline so purchased and sold or used, and the amount of tax paid to the dealers as part of the purchase price, together with delivery tickets, invoices, bills of lading and such other records as the department shall require.

(2) Every such dealer or transporter required to file returns under KRS 138.210 to KRS 138.500 shall keep such records for not less than six (6) years from the making of such records unless the department in writing sooner authorizes their destruction. If requested, these records shall be made available for examination by the department.

(3) As soon as practicable after each return is received, the department shall examine and audit it. If the amount of tax computed by the department is greater than the amount returned by the taxpayer, the excess shall be assessed by the department within four (4) years from the date the return was filed, except as provided in subsection (2) of this section, and provided however, that in the case of failure to file a return or the filing of a fraudulent return the excess may be assessed at any time. A notice of such assessment shall be mailed to the taxpayer. The time herein provided may be extended by agreement between the taxpayer and the department.

(4) In the case of a return required by KRS 138.210 through KRS 138.445 where the tax computed by the department is greater than twenty-five percent (25%) or more than the amount returned by the taxpayer, the excess shall be assessed by the department within six (6) years from the date the return was filed, provided however, that in the case of failure to file a return or the filing of a fraudulent return the excess may be assessed at any time.

Section 4. KRS 138.290 is amended to read as follows:

(1) If any dealer *or transporter fails to make and file a return required by this chapter on or before the due date of the return or the due date as extended by the department, then, unless it is shown to the satisfaction of the department that the failure is due to reasonable cause, five percent (5%) of the tax found to be due by the department shall be added to the tax for each thirty (30) days or fraction thereof elapsing between the due date of the return and the date on which it was filed, but the total penalty shall not exceed twenty-five percent (25%) of the tax, provided; however, that in no case shall the penalty be less than ten dollars ($10.00). In every case, any tax not paid on or before the due date shall bear interest at the rate of twelve percent (12%) per annum from the date due until the date of payment. In addition, such delinquent may be compelled to make the required report or return* [~~neglects or refuses to make the return required by KRS 138.240 or to pay the tax at the time provided, a penalty of twenty per cent (20%) thereof and interest at six per cent (6%) per annum from the date when due shall be paid as a part of the tax. If collected by proceedings in court, an additional penalty of twenty per cent (20%) shall be collected and distributed as is authorized by KRS 134.400 and 135.060~~].

(2) If any taxpayer *fails to pay the tax imposed by KRS 138.210 to KRS 138.500 within the time prescribed, unless it is shown to the satisfaction of the department that the failure was due to reasonable cause, the department may assess a penalty of ten percent (10%) of the tax due; provided, however, that*

in no case shall the penalty be less than ten dollars ($10.00) [~~subject to the penalty provided in subsection (1) of this section submits in writing to the department, his reasons for failure to comply with KRS 138.240, and if the department finds the reasons evidence of justifiable cause for modifying the penalty provided in subsection (1) of this section, it may modify the penalty exacted therein to five per cent (5%) of the amount of the tax due and delinquent, provided that the department may reduce or waive the penalty when in the sole discretion of the department the exaction of the penalties provided above would be inequitable or unjust~~].

(2) Application for a license or trip permit shall be made to the *department* [~~bureau~~] and shall contain such information as the *department* [~~bureau~~] deems necessary.

(3) Concurrently with the filing of an application for a license, the motor carrier or heavy equipment motor carrier shall file with the *department* [~~bureau~~] a bond as required under KRS 138.670. No license shall be issued to any person unless such person has furnished a bond as provided in KRS 138.670 to secure payment of taxes, penalties and interest imposed by KRS 138.655 to 138.725.

(4) The application in proper form having been accepted for filing, the bond having been accepted and approved and the other conditions and requirements of this section having been complied with, the *department* [~~bureau~~] shall issue a license. However, if an application for a license is filed by any person whose license has at any time previously been revoked for cause by the *department* [~~bureau~~], or if the *department* [~~bureau~~] is of the opinion that the person who makes the application does so as a subterfuge for the real party in interest whose license, prior to the time of filing the application, has been revoked for cause, or that the application is not for any other reason filed in good faith or is not sufficient cause, the *department* [~~bureau~~] may, after a hearing of which the applicant shall be given ten (10) days' notice in writing and in which he shall have the right to appear in person or by counsel and present testimony, refuse to issue a license to that person.

(5) All licenses shall be valid and remain in full force and effect until suspended or revoked for cause or otherwise canceled.

(6) A license shall not be assignable or transferable and shall be valid only for the person in whose name it is issued.

(7) The *department* [~~bureau~~] shall keep and file all applications and bonds, with an alphabetical index thereof.

(8) Each holder of such license shall display such license number or other identification in the manner prescribed by the *department* [~~bureau~~].

Section 10. KRS 138.670 is amended to read as follows:

(1) Every motor carrier and heavy equipment motor carrier shall file with the *department* [~~bureau~~] a corporate bond, cash bond or securities approved by the *department* [~~bureau~~] in the minimum amount of one thousand dollars ($1,000) and in a maximum amount of four (4) months' liability for taxes imposed under KRS 138.655 to 138.725 but not to exceed fifty thousand dollars ($50,000). The applicant for a license shall be the principal obligor and this state shall be the obligee. The bond shall be conditioned upon the prompt filing of true reports and the payment by the licensee to the *department* [~~bureau~~] of all taxes levied under KRS 138.655 to 138.725, together with all penalties and interest thereon and generally upon faithful compliance with the provisions of KRS 138.655 to 138.725.

(2) If the liability upon the bond is discharged or reduced, whether by judgment rendered, payment made, or otherwise, or if in the opinion of the *department* [~~bureau~~] any surety has become unsatisfactory or unacceptable, the *department* [~~bureau~~] may require the licensee to file a new bond with satisfactory surety in the same form and amount, failing which the *department* [~~bureau~~] shall forthwith cancel the license. If a new bond is furnished by the licensee as above provided, the *department* [~~bureau~~] shall cancel the bond for which the new bond is substituted.

(3) If, upon hearing of which the licensee shall be given ten (10) days' notice in writing, the *department* [~~bureau~~] decides that the amount of the existing bond is insufficient to insure payment to this state of the amount of the tax, penalties and interest for which the licensee is or may become liable, the licensee shall forthwith, upon written demand of the *department* [~~bureau~~], file an additional bond in the same manner and form with surety thereon approved by the *department* [~~bureau~~], in any amount determined by the *department* [~~bureau~~] to be necessary, failing which the *department* [~~bureau~~] shall forthwith cancel the license.

(4) Any surety on a bond furnished by a licensee shall be released from all liability to this state accruing on such bond after the expiration of sixty (60) days from the date upon which the surety has lodged with the *department* [~~bureau~~], a written request to be released, but this request shall not operate to release the surety from any liability already accrued or which shall accrue before the expiration of the sixty (60) day period. The *department* [~~bureau~~] shall promptly, on receipt of the request, notify the licensee who furnished the bond, and unless the licensee shall, before the expiration of the sixty (60) day period, file with the *department* [~~bureau~~] a new bond with surety satisfactory to the *department* [~~bureau~~] in the amount and form hereinbefore provided, the *department* [~~bureau~~] shall forthwith cancel the license. If the new bond is furnished by the licensee as above provided, the *department* [~~bureau~~] shall cancel the bond for which the new bond is substituted.

Section 11. KRS 138.675 is amended to read as follows:

(1) If a licensee at any time files a false quarterly report of the information required or fails or refuses to file the quarterly report or to pay the full amount of the tax or violates any other provisions of KRS 138.655 to 138.725, inclusive, without a showing that such failure was due to reasonable cause, the *department* [~~bureau~~] may cancel his license.

(2) Upon voluntary surrender of the license certificate or upon receipt of a written request by a licensee, the *department* [~~bureau~~] may cancel his license, effective sixty (60) days from the date of the request, but no such license shall be canceled upon surrender or request unless the licensee has, prior to the date of cancellation, paid to this state all taxes, penalties, interest and fines that are due or have accrued, and unless the licensee has surrendered to the *department* [~~bureau~~] his license certificate.

(3) If upon investigation the *department* [~~bureau~~] ascertains that any motor carrier or heavy equipment motor carrier to whom a license has been issued is no longer engaged as such and has not been so

engaged for a period of six (6) months, the *department* [~~bureau~~] may cancel such license by giving the motor carrier or heavy equipment motor carrier sixty (60) days' notice of cancellation mailed to his last known address in which event the license certificate shall be surrendered to the *department* [~~bureau~~].

(4) Whenever a licensee ceases to engage in business within this state, he shall notify the *department* [~~bureau~~] in writing within fifteen (15) days after discontinuance. All taxes that have accrued under KRS 138.655 to 138.725, inclusive, whether or not then due, shall become due and payable concurrently with such discontinuance. The licensee shall make a report and pay all such taxes and any interest and penalties thereon, and shall surrender to the *department* [~~bureau~~] his license certificate.

(5) If the license of a motor carrier or heavy equipment motor carrier is canceled by the *department* [~~bureau~~] as provided in this section and if the licensee has paid to this state all of the taxes, interest and penalties due under KRS 138.655 to 138.725 and 138.990 (17) and (18), the *department* [~~bureau~~] shall cancel the bond filed by the licensee.

Section 12. KRS 138.680 is amended to read as follows:

Every licensee shall maintain complete records on all motor vehicles, by type, operating on Kentucky highways, weight and number of axles, mileage records and records of all purchases, use, and other dispositions of gasoline and special fuels. Such records, together with manifests of lading, invoices and other papers pertaining to gasoline or special fuels consumption, shall be retained for a minimum period of *six (6)* [~~two (2)~~] years; and if requested by the *department* [~~bureau~~] shall be made available for examination by the *department* [~~bureau~~].

The return shall be made under penalty of perjury and shall show such information as the *department* [~~bureau~~] may require. The licensee shall file the return on or before the last day of the next succeeding calendar month following the quarterly period to which it relates.

(2) The quarterly tax return shall be accompanied by a remittance covering the tax due.

Section 14. KRS 138.695 is amended to read as follows:

(1) Every licensee subject to the tax imposed by subsections (1) and (2) of KRS 138.660 shall be entitled to a credit for each quarterly period beginning on and after July 1, 1980, equivalent to the tax rate levied in KRS 138.220 and computed on the average wholesale price as defined in KRS 138.210(10) on gasoline and special fuels purchased by such licensee during such period for use in its operations, provided such gasoline and special fuels were purchased in Kentucky during the same period and the tax imposed by KRS 138.220 and KRS 138.565 has been paid. Evidence of the payment of such tax in such form as may be required by or satisfactory to the *department* [~~bureau~~] shall be furnished by each such licensee claiming the credit herein allowed.

(2) The *department* [~~bureau~~] shall at the close of each quarterly period, ending September 30, December 31, March 31, and June 30, compute all credits granted by the *department* [~~bureau~~] during such quarter, which credits shall be except as provided in subsection (3) *of this section*, applied only to taxes due on the report filed for the next quarter.

(3) If the credit or credits referred to in subsections (1) and (2) *of this section* would expire solely by reason of the lapse of time allowed in subsection (2), then the balance of any credit shall be refunded to the licensee, provided application therefor and all necessary information shall be filed with the *department* [~~bureau~~] within sixty (60) days after the time the credit would otherwise expire as provided in subsection (2) *of this section* except a credit shall not be refunded to the licensee, where, as estimated by the *department* [~~bureau~~], the cost to the *department* [~~bureau~~] of making the refund would exceed the amount of the refund.

(4) In order to facilitate administration of the credits and refunds allowed herein, the *department* [~~bureau~~] shall prescribe what records must be kept by the licensee or any other person and the *department* [~~bureau~~] shall also prescribe the form and content of said records and any reports to be made relative thereto.

Section 15. KRS 138.705 is amended to read as follows:

(1) The *department* [~~bureau~~] may audit the books and records of each licensee who has at any time since the last audit was made applied for a credit or refund thereunder and make such other investigations as it deems necessary to determine whether the credits or refunds applied for constitute proper claims.

(2) If gasoline or special fuels taxes are erroneously credited or refunded, the *department* [~~bureau~~] shall advise the licensee of the erroneous credit or refund. If the licensee fails to reimburse the Commonwealth within fifteen (15) days after the receipt of notice, an action may be instituted by the *department* [~~bureau~~] in the Franklin Circuit Court and the *department* [~~bureau~~] shall recover from the licensee the amount of the erroneous credit or refund plus a penalty of twenty per cent (20%).

Section 16. KRS 138.715 is amended to read as follows:

per annum from the date when due shall be paid on the tax. *In no case shall the penalty be less than ten dollars ($10.00).*

(2) *In addition to the interest and penalty provided in subsection (1) of this section, the licensee shall pay as penalty an additional ten percent (10%) on any delinquent tax pursuant to KRS 138.655 to 138.725, except that the licensee may submit in writing the reasons for being late to the department and if the showing constitutes reasonable cause the penalty may be withdrawn* [~~If any licensee subject to the penalty provided in subsection (1) of this section submits to the bureau in writing the reasons for failure to comply with KRS 138.655 to 138.725 and if the bureau finds the reasons sufficient evidence or justifiable cause for modifying the penalty provided in subsection (1) of this section, it may modify the penalty enacted therein to five percent (5%) of the amount of the tax due and delinquent, provided the five percent (5%) penalty may be reduced to one percent (1%) if the violation is the first violation by the taxpayer within the twelve (12) months~~].

(3) If the penalties provided by this section are collected by proceedings in court, an additional penalty of twenty percent (20%) shall be collected and distributed as is authorized by KRS 134.400 and 135.060. Whenever any licensee neglects or refuses to make and file any report for any calendar quarter as required by KRS 138.685, or files an incorrect or fraudulent report, the *department* [~~bureau~~] shall determine after an investigation the amount of the liability which the licensee has incurred under KRS 138.655 to 138.725 for any particular quarter and assess and collect the amount of tax and penalties due.

(4) Any licensee who fails to make any report required under the provisions of KRS 138.655 to 138.725 within the time allowed may be required to pay a penalty of fifty dollars ($50) to be assessed and collected in the manner provided for the assessment and collection of taxes, or may be proceeded against in a civil action instigated by the *department* [~~bureau~~]. In addition, such licensee may be compelled to make the required return.

(5) In any action for the collection of taxes due under KRS 138.655 to 138.725 and any penalties or interest imposed in connection therewith, an assessment by the *department* [~~bureau~~] of the amount of tax due and the interest or penalties due to the state shall constitute prima facie evidence of the claim of the state and the burden of proof shall be on the licensee to show that the assessment was incorrect or contrary to law.

Section 17. KRS 138.725 is amended to read as follows:

(1) The *department of revenue* [~~bureau of vehicle regulation~~] shall administer the provisions of KRS 138.655 to 138.725 and 138.990, and may prescribe, adopt and enforce regulations relating to the administration and enforcement thereof.

(1) Locomotives or rolling stock, including materials for the construction, repair, or modification thereof, or fuel or supplies for the direct operation of locomotives and trains, used or to be used in interstate commerce;

(2) Coal for the manufacture of electricity;

(3) All energy or energy-producing fuels used in the course of manufacturing, processing, mining, or refining to the extent that the cost of the energy or energy-producing fuels used exceeds three percent (3%) of the cost of production. (6) Farm work stock for use in farming operations;

(7) Seeds, the products of which ordinarily constitute food for human consumption or are to be sold in the regular course of business, feed for livestock or poultry of a kind the products of which ordinarily constitute food for human consumption, and commercial fertilizer to be applied on land the products from which are to be used for food for human consumption or are to be sold in the regular course of business; Provided such sales are made to farmers who are regularly engaged in the occupation of tilling and cultivating the soil for the production of crops as a business, or who are regularly engaged in the occupation of raising and feeding livestock or poultry or producing milk for sale; and provided further that such tangible personal property so sold is to be used only by those persons designated above who are so purchasing;

(9) Farm machinery. As used in this section the term "farm machinery" means machinery used exclusively and directly in the occupation of tilling the soil for the production of crops as a business, or in the occupation of raising and feeding livestock or poultry or of producing milk for sale. The term "farm machinery" as used in this section includes machinery, attachments, and replacements therefor, repair parts, and replacement parts which are used or manufactured for use on, or in the operation of farm machinery and which are necessary to the operation of such machinery, and are customarily so used; but this exemption shall not include automobiles, trucks, trailers, and truck-trailer combinations;

Section 27. KRS 143.035 is amended to read as follows:

Notwithstanding any other provisions of this chapter to the contrary, where the department finds that it would facilitate and expedite the collection of the tax imposed by this chapter, the department may authorize the taxpayer processing the coal to report and pay the tax which would be due from the taxpayer severing the coal. Authorization from the department shall be in the form of an agreement executed by the taxpayer processing the coal, the taxpayer severing the coal and the department. The agreement shall be in such form as the department may prescribe. The agreement must be signed by the owners if the taxpayers are natural persons; in the case of a partnership or association by a partner or member; in the case of a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application. The director of the [~~sales and severance tax~~] division *of legal services* shall sign for the department. The agreement may be terminated by any party to the agreement upon giving thirty (30) days written notice to the other parties to the agreement; however, the department may terminate the agreement immediately upon written notice to the other parties when either the taxpayer processing the coal or the taxpayer severing the coal fails to comply with the terms of the agreement.

Section 28. KRS 143A.010 is amended to read as follows:

(1) "Department" means the department of revenue.

(2) "Natural resource" means all forms of minerals including but not limited to rock, stone, limestone, shale, gravel, sand, clay, fluorspar, zinc, natural gas, and natural gas liquids which are contained in or on the soils or waters of this state. For purposes of this chapter, "natural resource" does not include coal and oil which are taxed under KRS 143.020 and 137.120.

(3) "Severing" or "severed" means the physical removal of the natural resource from the earth or waters of this state by any means; however, "severing" or "severed" shall not include the removal of natural gas from underground storage facilities into which the natural gas has been mechanically injected following its initial removal from the earth.

(4) "Taxpayer" means and includes any individual, partnership, joint venture, association, corporation, receiver, trustee, guardian, executor, administrator, fiduciary, or representative of any kind engaged in the business of severing and/or processing natural resources in this state for sale or use. In instances where contracts, either oral or written, are entered into whereby persons, organizations or businesses are engaged in the business of severing and/or processing a natural resource but do not obtain title to or do not have an economic interest therein, the party who owns the natural resource or has an economic interest is the taxpayer.

(5) "Gross value" is synonymous with gross income from property as defined in section 613(c) of the Internal Revenue Code and regulations 1.613-3 and 1.613-4 in effect on December 31, 1977, with the exception that in all instances transportation expense (whether or not by common carrier) incurred in transporting a natural resource shall not be considered as gross income from the property. Gross value is to be reported as follows:

(a) For natural resources severed and/or processed and sold during a reporting period, gross value is the amount received or receivable by the taxpayer.

(b) For natural resources severed and/or processed, but not sold during a reporting period, gross value shall be determined as follows:

1. If the natural resource is to be sold under the terms of an existing contract, the contract price shall be used in computing gross value.

2. If there is no existing contract, the fair market value for that grade and quality of the natural resource shall be used in computing gross value.

(c) In a transaction involving related parties, gross value shall not be less than the fair market value for natural resources of similar grade and quality.

(d) In the absence of a sale, gross value shall be the fair market value for natural resources of similar grade and quality.

(e) If severed natural resources are purchased for the purpose of processing and resale, the gross value is the amount received or receivable during the reporting period reduced by the amount paid or payable to the taxpayer actually severing the natural resource.

(f) If severed natural resources are purchased for the purpose of processing and consumption, the gross value is the fair market value of processed natural resources of similar grade and quality reduced by the amount paid or payable to the taxpayer actually severing the natural resource.

(g) In all instances, the gross value shall not be reduced by any taxes including the tax levied in KRS 143A.020, royalties, sales commissions, or any other expense.

(6) "Processing" shall include *any treatment processes as defined in Section 613(c)(4)(B) through (I) and Section 613(c)(5) of the Internal Revenue Code in effect on December 31, 1977* [~~but not be limited to breaking, crushing, cleaning, drying, sizing, or loading for shipment~~]. "Processing" shall not include the act of unloading or loading for shipment natural resources that have not been severed, cleaned, broken, crushed, dried, sized, *ground, cooled, sorted, sintered, concentrated* or otherwise treated in Kentucky.

(7) "Related parties" means two (2) or more persons, organizations or businesses owned or controlled directly or indirectly by the same interests.

(8) "Economic interest" for the purpose of this chapter is synonymous with the economic interest ownership required by Internal Revenue Code, section 611 in effect on December 31, 1977, entitling the taxpayer to a depletion deduction for income tax purposes with the exception that a party who only receives an arm's length royalty *from the severing or processing of natural resources other than natural gas and natural gas liquids* shall not be considered as having an economic interest.

(9) "Charges for transporting" or "transportation expense" shall mean:

(a) The amount paid by a taxpayer to a third party for transporting to a customer natural resources taxed in KRS 143A.020;

(b) The cost incurred by a taxpayer using his own facilities in transporting to a customer natural resources taxed under KRS 143A.020;

(c) In no case shall transportation expenses include the cost of acquisition, improvements, or maintenance of real property or the cost of loading or unloading facilities.

Section 29. KRS 143A.060 is amended to read as follows:

Notwithstanding any other provisions of this chapter to the contrary:

(1) In the case of natural resources other than natural gas, where the department finds that it would facilitate and expedite the collection of the tax imposed under KRS 143A.020, the department may authorize the taxpayer processing the natural resource to report and pay the tax which would be due from the taxpayer severing the natural resource. Authorization from the department shall be in the form of an agreement executed by the taxpayer processing the natural resource, the taxpayer severing the natural resource and the department. The agreement shall be in such form as the department may prescribe. The agreement must be signed by the owners if the taxpayers are natural persons; in the case of a partnership or association by a partner or member; in the case of a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application. The director of the [~~sales and severance tax~~] division *of legal services* shall sign for the department. The agreement may be terminated by any party to the agreement upon giving thirty (30) days' written notice to the other parties to the agreement; however, the department may terminate the agreement immediately upon written notice to the other parties when either the taxpayer processing the natural resource or the taxpayer severing the natural resource fails to comply with the terms of the agreement; and

(2) (a) In the case of natural gas, except for those cases:

1. Where the person severing or severing and processing the natural gas will sell the gas to the ultimate consumer, or

2. Where the department determines that the collection of the taxes due under KRS 143A.020 would be accomplished in a more efficient and effective manner through the severor, or severor and processor, remitting the taxes,

the first person to purchase the natural gas after it has been severed, or in the event that the natural gas has been severed and processed before the first sale, the first person to purchase the natural gas after it has been severed and processed, shall be liable for the collection of the tax imposed under KRS 143A.020. He shall collect the taxes imposed from the person severing, or severing and processing, the natural gas, and he shall remit the taxes to the department. In those cases where the person severing or severing and processing the natural gas sells the gas to the ultimate consumer, the person so severing or severing and processing the natural gas shall be liable for the tax imposed under KRS 143A.020. In those cases where the department determines that the collection of the taxes due under KRS 143A.020 from the severance or severance and processing of natural gas would be accomplished in a more efficient and effective manner through the severor, or severor and processor, remitting the taxes, the department shall set out its determination in writing, stating its reasons for so finding, and so advise the severor or severor and processor at least fifteen (15) days in advance of the first reporting period for which such action would be effective.

(b) On or before the last day of the month following each calendar month, each person first purchasing natural gas as described in (a) above, shall report purchases of natural gas during the month, showing the quantities of gas purchased, the price paid, the date of purchase, and any other information deemed necessary by the department for the administration of the tax levied by KRS 143A.020, and shall pay the amount of tax due, on forms prescribed by the department.

(c) On or before the last day of the month following each calendar month, each person severing, or severing and processing natural gas, shall report the sales of natural gas, showing the name and address of the person to whom sold, the quantity of gas sold, the date of sale, and the sales price on forms prescribed by the department.

Section 30. KRS 140.090 is amended to read as follows:

(1) In calculating the value of the distributive shares the following deductions and no others shall be allowed:

(a) Debts of the decedent, except debts secured by property not subject to the tax jurisdiction of Kentucky; and except debts barred by the statute of limitations;

(b) Taxes accrued and unpaid, except those on property not subject to the tax jurisdiction of Kentucky;

(c) Death duties paid to foreign countries;

(d) Federal estate taxes, in the proportion which the *adjusted gross estate* [~~net estate~~] in Kentucky subject to federal estate taxes bears to the total *adjusted gross estate* [~~net estate~~] everywhere subject to federal estate taxes; all calculations are subject to approval by the department of revenue;

(e) Drainage, street or other special assessments due and unpaid which are a lien on said property;

(f) Funeral, monument, and cemetery lot maintenance expenses actually paid not exceeding in total twenty-five hundred dollars ($2,500);

(g) Commission of executors and administrators in the amount actually allowed and paid;

(h) Cost of administration, including attorney's fees actually allowed and paid.

(2) Notwithstanding the provisions of KRS 404.040, the debts of a deceased wife, subject to the exception in subsection (1)(a) *of this section*, shall be allowed in calculating the distributive shares of her estate for purposes of this chapter, provided such debts are paid from the proceeds of her estate.

Section 31. KRS 140.130 is amended to read as follows:

(1) In addition to the inheritance tax hereinbefore imposed, an estate tax is hereby levied on all estates equal to the amount by which the credits for state death taxes allowable under the federal tax law exceeds the tax levied under KRS 140.010, less the discount allowed under KRS 140.210, if taken by the taxpayer. Said tax shall be payable at the same time and in the same manner as the inheritance taxes levied by this chapter.

(2) In the case of resident decedents and nonresident decedents over part of whose estates Kentucky has tax jurisdiction the estate tax shall be computed as follows:

(a) The ratio which that part of the *adjusted gross* [~~net~~] estate over which Kentucky has jurisdiction for estate tax purposes bears to the total *adjusted gross* [~~net~~] estate wherever located shall be ascertained.

(b) The total maximum offset for state succession taxes allowed under the provisions of the federal estate tax law shall be multiplied by the ascertained ratio to determine the offset allocable to this state.

(c) The estate tax levied by this section shall equal the amount, if any, by which the offset allocable to this state shall exceed the inheritance taxes under KRS 140.010, less the discount allowed under KRS 140.210, if taken by the taxpayer.

(3) All administrative provisions of this chapter, to the extent that they are applicable, shall be available for the enforcement of this section and KRS 140.140.

Section 32. KRS 140.222 is amended to read as follows:

(1) When the net tax due from a *Class A* beneficiary's distributive share exceeds five thousand dollars ($5,000), the beneficiary *or the personal representative if directed by the beneficiary* may elect to pay the inheritance tax in ten (10) equal installments *provided the beneficiary's distributable share does not consist of cash, marketable securities or other readily liquid assets in excess of twice the tax liability. When the will requires the tax to be paid from the residue of the estate, a beneficiary, in agreement with the personal representative of the estate, may make such election as provided in this section.* The first installment shall be due at the time the return is filed with succeeding payments due in annual installments beginning one (1) year after the return is filed.

(2) The portion of the tax deferred under this section shall be charged with interest at *twelve* [~~eight~~] percent *(12)%* [~~(8%)~~] percent per annum commencing eighteen (18) months after the date of death.

(3) When the beneficiary elects to pay the tax on his share as provided in this section, such election must be made in writing and signed by the beneficiary and must be filed with the department of revenue at the time of filing the tax return for the decedent's estate under KRS 140.160(2). The filing of the election together with payment of the first installment shall relieve the personal representative or trustee of the estate from further liability for the tax payments deferred under this section and the bond requirements of KRS 140.210, subject to the final approval by the department of revenue of all other taxes due under this chapter.

(4) A beneficiary electing to defer the payment of taxes under this section shall be personally liable for the amount of deferred taxes until paid.

(5) The period of limitations for actions to enforce the collection of taxes imposed by this chapter as provided by KRS 140.160(3) shall be suspended for the period of time for deferred payment granted by this section.

Section 33. KRS 140.300 is amended to read as follows:

As used in KRS 140.310 to 140.360 these words shall have the following meaning:

(1) "Agricultural land" means that real estate which is defined in KRS 132.010*(9)*[~~(7)~~].

(2) "Horticultural land" means that real estate which is defined in KRS 132.010*(10)*[~~(8)~~].

(3) "Agricultural or horticultural value" means the value as defined in KRS 132.010*(11)*[~~(9)~~].

(4) "Qualified real estate" means real property which:

(a) Is either horticultural or agricultural land;

(b) *Must have been owned and used by the decedent for agricultural or horticultural purposes for five (5) years prior to his death* [~~Has been used for agricultural or horticultural purposes for five (5) years prior to the death of the owner of the real estate or a joint owner thereof~~]; and

(c) Fair cash value *of the decedent's interest* exceeds fifty percent (50%) of the gross taxable estate of decedent for Kentucky inheritance tax purposes. *Gross taxable estate shall include agricultural and horticultural land at fair cash value.*

(5) "Qualified person" means the spouse of and/or the children (including adopted children) of and their spouses, if any, of a deceased owner of agricultural or horticultural land and is a person who proposes to devote the real property to agricultural or horticultural purposes for at least five (5) years after the death of the decedent in whose estate the agricultural or horticultural land is subject to assessment.

Section 34. KRS 140.350 is amended to read as follows:

(1) At such time as the department of revenue accepts the agricultural or horticultural value on qualified real estate comprising a portion of a decedent's estate and issues tax waivers thereon, it shall cause to be filed in the office of the county clerk of the county where the real estate or the greater portion thereof is located, on a form prescribed by the department of revenue, a lien which on its face shall expire in five (5) years and the lien shall secure the payment of any additional tax which may become due as the result of the qualified real estate being sold to others than qualified persons or the qualified real estate being converted to other than a qualified use.

(2) A qualified person may obtain a release of the lien by posting a bond with the department of revenue for the unexpired period of the five (5) year lien in the amount shown on the face of the lien plus twelve percent (12%) per annum interest.

(3) If additional taxes are due as the result of the real estate being transferred to other than a qualified person or its use is converted to other than agricultural or horticultural use, and the additional tax is not paid after assessment of the tax, within the time prescribed by the regulations of the department of revenue, then the department of revenue may proceed to enforce the lien in accordance with law.

Section 35. KRS 136.070 is amended to read as follows:

(1) Every corporation organized under the laws of this state, every corporation having its commercial domicile in this state, and every foreign corporation owning or leasing property located in this state or having one or more individuals receiving compensation in this state, except state and national banks and trust companies, savings and loan associations organized under the laws of this state and under the laws of the United States and making loans to members only, open-end registered investment companies organized under the laws of this state and registered under the investment company act of 1940, production credit associations, insurance companies, including farmers' or other mutual hail, cyclone, windstorm or fire insurance companies, insurers and reciprocal underwriters, public service companies subject to taxation under KRS 136.120, those corporations exempted by section 501 of the Internal Revenue Code *as defined in KRS 141.010(3)*, any property or facility which has been certified as an alcohol production facility as defined in KRS 247.910, and any other religious, educational, charitable or like corporations not organized or conducted for pecuniary profit, shall pay to the state an annual license tax of seventy cents (70¢) on each one thousand dollars ($1,000) of the capital employed in the business as computed under the provisions of subsections (2) and (3) of this section.

(2) (a) The term "capital" as used in this section means capital stock, surplus, advances by affiliated companies, intercompany accounts, borrowed monies or any other accounts representing additional capital used and employed in the business. Accounts properly defined as "capital" in this section shall be reported at the value reflected on financial statements prepared for book purposes as of the last day of the calendar or fiscal year.

(b) "Capital employed," in the case of corporations having property or payroll only in this state, means "capital" as defined above.

(c) "Capital employed," in the case of corporations having property or payroll both within and without this state means "capital" as defined above and as apportioned under subsection (3) of this section.

(d) Property means either real property or tangible personal property which is either owned or leased. Payroll means compensation, paid to one (1) or more individuals, as described in subsection (3) of this section. Property and payroll are deemed to be entirely within this state if all other states are prohibited by Public Law 86-272, as it existed on December 31, 1975, from enforcing income tax jurisdiction.

(e) "Corporations" means "corporations" as defined in section 7701 (a)(3) of the Internal Revenue Code. "Internal Code" means "Internal Revenue Code" as defined in KRS 141.010(3).

(3) The total capital, as determined under subsection (2) of this section, shall be apportioned as follows:

(a) The total capital shall be multiplied by a fraction, the numerator of which is the property factor plus the payroll factor, plus the sales factor, and the denominator of which is three (3).

(b) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period; provided, however, that property which has been certified as a pollution control facility as defined in KRS 224.850 shall be excluded from the property factor.

1. Property owned by the taxpayer is valued at its original cost. If the original cost of any property is not determinable or is nominal or zero, such property shall be valued by the department under regulations promulgated by the department. Property rented by the taxpayer is valued at eight (8) times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals, provided that such rental and such subrentals are reasonable. If the department determines that the annual rental or subrental rate is unreasonable, or if nominal or zero rate is charged, the department may determine and apply such rental rate as will reasonably reflect the value of the property rented by the taxpayer.

2. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the department may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

(c) The payroll factor is a fraction, the numerator of which is the total amount paid or payable in this state during the tax period by the taxpayer for compensation, and the denominator of which is the total compensation paid or payable everywhere during the tax period. Compensation is paid or payable in this state if:

1. The individual's service is performed entirely within the state; or

2. The individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or

3. Some of the service is performed in the state and the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

(d) The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period. Sales of tangible personal property are in this state if:

1. The property is delivered or shipped to a purchaser, other than the United States government, or to the designee of the purchaser within this state regardless of the f.o.b. point or other conditions of the sale;

2. The property is shipped from an office, store, warehouse, factory, or other place of storage in this state and the purchaser is the United States government; or

3. Sales, other than sales of tangible personal property, are in this state if the income-producing activity is performed in this state; or the income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

(4) If the apportionment provisions of this section do not fairly measure the taxpayer's capital in this state, the taxpayer may petition for or the department may require:

(a) The exclusion of any one (1) or more of the factors;

(b) The inclusion of one (1) or more additional factors which will fairly measure the taxpayer's capital in this state; or

(c) The employment of any other method to produce an equitable apportionment of the taxpayer's capital.

(5) No corporation required to pay an annual license tax under this section shall pay less than ten dollars ($10).

Section 36. KRS 136.076 is amended to read as follows:

(1) As soon as practicable after each return is received, the department shall examine and audit it. If the amount of tax computed by the department is greater than the amount returned by the taxpayer, the

excess shall be assessed by the department within four (4) years from the date the return was filed, except as provided in subsection (2) of this section, and except that in the case of a failure to file a return, or of a fraudulent return, the excess may be assessed at any time. A notice of such assessment shall be mailed to the taxpayer. The *times* [~~time~~] provided in this section *and KRS 134.580(3)* may be extended by agreement between the taxpayer and the department.

(2) For the purpose of subsection (1) of this section, a return filed before the last day prescribed by law for the filing thereof shall be considered as filed on such last day.

Section 37. KRS 136.090 is amended to read as follows:

(1) Corporations liable to taxation under KRS 136.070 shall file with the department of revenue each year, on forms prepared by the department, a written report, verified by *an affidavit executed by one (1) of the following officers of the corporation: the president, vice-president, secretary, treasurer, assistant secretary, assistant treasurer, or chief accounting officer* [~~the affidavit of the president or secretary of the corporation~~]. This report shall give the name of the corporation; the name of the state or government under the laws of which it is incorporated; the date of incorporation; the place of its principal office in and out of this state; the name and address of its president and secretary; the name and address of its authorized agent or attorney upon whom process may be executed in this state; the name and address of the officer or agent in charge of its business in this state; and the nature and kind of business in which it is engaged.

(2) The report shall also give the total value of all the property owned and used by the corporation; the value of the property owned and used by it in this state; the aggregate amount of business transacted by it during the preceding calendar year or fiscal year; the amount of such business transacted in this state; and such other facts as the department requires.

Section 38. KRS 136.990 is amended to read as follows:

(1) Any county clerk who fails to comply with the provisions of subsection (2) of KRS 136.020 shall be fined not less than ten dollars ($10.00) nor more than twenty-five dollars ($25.00).

Section 6. KRS 143A.060 is amended to read as follows:

Authorization from the department shall be in the form of an agreement executed by the taxpayer processing the natural resource, the taxpayer severing the natural resource and the department. The agreement shall be in such form as the department may prescribe. The agreement must be signed by the owners if the taxpayers are natural persons; in the case of a partnership or association by a partner or member; in the case of a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application. In those cases where the person severing or severing and processing the natural gas sells the gas to the ultimate consumer, the person so severing or severing and processing the natural gas shall be liable for the tax imposed under KRS 143A.020. In those cases where the department determines that the collection of the taxes due under KRS 143A.020 from the severance or severance and processing of natural gas would be accomplished in a more efficient and effective manner through the severor, or severor and processor, remitting the taxes, the department shall set out its determination in writing, stating its reasons for so finding, and so advise the severor or severor and processor at least fifteen (15) days in advance of the first reporting period for which such action would be effective.

(b) On or before the last day of the month following each calendar month, each person first purchasing natural gas as described in (a) above, shall report purchases of natural gas during the month, showing the quantities of gas purchased, the price paid, the date of purchase, and any other information deemed necessary by the department for the administration of the tax levied by KRS 143A.020, and shall pay the amount of tax due, on forms prescribed by the department.

Section 9. KRS 140.222 is amended to read as follows:

When the will requires the tax to be paid from the residue of the estate, a beneficiary, in agreement with the personal representative of the estate, may make such election as provided in this section.* The first installment

shall be due at the time the return is filed with succeeding payments due in annual installments beginning one (1) year after the return is filed.

(2) The portion of the tax deferred under this section shall be charged with interest at *the tax interest rate as defined in KRS 131.030(6)* [~~eight percent (8%) per annum~~] commencing eighteen (18) months after the date of death.

(3) When the beneficiary elects to pay the tax on his share as provided in this section, such election must be made in writing and signed by the beneficiary and must be filed with the department of revenue at the time of filing the tax return for the decedent's estate under KRS 140.160(2). The filing of the election together with payment of the first installment shall relieve the personal representative or trustee of the estate from further liability for the tax payments deferred under this section and the bond requirements of KRS 140.210, subject to the final approval by the department of revenue of all other taxes due under this chapter.

(4) A beneficiary electing to defer the payment of taxes under this section shall be personally liable for the amount of deferred taxes until paid.

(5) The period of limitations for actions to enforce the collection of taxes imposed by this chapter as provided by KRS 140.160(3) shall be suspended for the period of time for deferred payment granted by this section.

Section 10. KRS 140.300 is amended to read as follows:

As used in KRS 140.310 to 140.360 these words shall have the following meaning:

(1) "Agricultural land" means that real estate which is defined in KRS 132.010*(9)*[~~(7)~~].

(2) "Horticultural land" means that real estate which is defined in KRS 132.010*(10)*[~~(8)~~].

(3) "Agricultural or horticultural value" means the value as defined in KRS 132.010*(11)*[~~(9)~~].

(4) "Qualified real estate" means real property which:

(a) Is either horticultural or agricultural land;

(b) *Must have been owned and used by the decedent for agricultural or horticultural purposes for five (5) years prior to his death* [~~Has been used for agricultural or horticultural purposes for five (5) years prior to the death of the owner of the real estate or a joint owner thereof~~]; and

(c) Fair cash value *of the decedent's interest* exceeds fifty percent (50%) of the gross taxable estate of decedent for Kentucky inheritance tax purposes. *Gross taxable estate shall include agricultural and horticultural land at fair cash value.*

(5) "Qualified person" means the spouse of and/or the children (including adopted children) of and their spouses, if any, of a deceased owner of agricultural or horticultural land and is a person who proposes to devote the real property to agricultural or horticultural purposes for at least five (5) years after the death of the decedent in whose estate the agricultural or horticultural land is subject to assessment.

Section 11. KRS 140.350 is amended to read as follows:

(1) At such time as the department of revenue accepts the agricultural or horticultural value on qualified real estate comprising a portion of a decedent's estate and issues tax waivers thereon, it shall cause to be filed in the office of the county clerk of the county where the real estate or the greater portion thereof is located, on a form prescribed by the department of revenue, a lien which on its face shall expire in five (5) years and the lien shall secure the payment of any additional tax which may become due as the result of the qualified real estate being sold to others than qualified persons or the qualified real estate being converted to other than a qualified use.

(2) A qualified person may obtain a release of the lien by posting a bond with the department of revenue for the unexpired period of the five (5) year lien in the amount shown on the face of the lien plus interest at the tax interest rate as defined in KRS 131.030(6).

(3) If additional taxes are due as the result of the real estate being transferred to other than a qualified person or its use is converted to other than agricultural or horticultural use, and the additional tax is not paid after assessment of the tax, within the time prescribed by the regulations of the department of revenue, then the department of revenue may proceed to enforce the lien in accordance with law.

Section 12. KRS 136.070 is amended to read as follows:

(1) Every corporation organized under the laws of this state, every corporation having its commercial domicile in this state, and every foreign corporation owning or leasing property located in this state or having one or more individuals receiving compensation in this state, except state and national banks and trust companies, savings and loan associations organized under the laws of this state and under the laws of the United States and making loans to members only, open-end registered investment companies organized under the laws of this state and registered under the investment company act of 1940, production credit associations, insurance companies, including farmers' or other mutual hail, cyclone, windstorm or fire insurance companies, insurers and reciprocal underwriters, public service companies subject to taxation under KRS 136.120, those corporations exempted by section 501 of the Internal Revenue Code *as defined in KRS 141.010(3)*, any property or facility which has been certified as an alcohol production facility as defined in KRS 247.910, and any other religious, educational, charitable or like corporations not organized or conducted for pecuniary profit, shall pay to the state an annual license tax of seventy cents (70¢) on each one thousand dollars

($1,000) of the capital employed in the business as computed under the provisions of subsections (2) and (3) of this section.

(2) (a) The term "capital" as used in this section means capital stock, surplus, advances by affiliated companies, intercompany accounts, borrowed monies or any other accounts representing additional capital used and employed in the business. Accounts properly defined as "capital" in this section shall be reported at the value reflected on financial statements prepared for book purposes as of the last day of the calendar or fiscal year.

(b) "Capital employed," in the case of corporations having property or payroll only in this state, means "capital" as defined above.

(c) "Capital employed," in the case of corporations having property or payroll both within and without this state means "capital" as defined above and as apportioned under subsection (3) of this section.

(d) Property means either real property or tangible personal property which is either owned or leased. Payroll means compensation, paid to one (1) or more individuals, as described in subsection (3) of this section. Property and payroll are deemed to be entirely within this state if all other states are prohibited by Public Law 86-272, as it existed on December 31, 1975, from enforcing income tax jurisdiction.

(e) "Corporations" means "corporations" as defined in section 7701 (a)(3) of the Internal Revenue Code.

(3) The total capital, as determined under subsection (2) of this section, shall be apportioned as follows:

(a) The total capital shall be multiplied by a fraction, the numerator of which is the property factor plus the payroll factor, plus the sales factor, and the denominator of which is three (3).

(b) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period; provided, however, that property which has been certified as a pollution control facility as defined in KRS 224.850 shall be excluded from the property factor.

1. Property owned by the taxpayer is valued at its original cost. If the original cost of any property is not determinable or is nominal or zero, such property shall be valued by the department under regulations promulgated by the department. Property rented by the taxpayer is valued at eight (8) times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals, provided that such rental and such subrentals are reasonable. If the department determines that the annual rental or subrental rate is unreasonable, or if nominal or zero rate is charged, the department may determine and apply such rental rate as will reasonably reflect the value of the property rented by the taxpayer.

2. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the department may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

(c) The payroll factor is a fraction, the numerator of which is the total amount paid or payable in this state during the tax period by the taxpayer for compensation, and the denominator of which is the total compensation paid or payable everywhere during the tax period. Compensation is paid or payable in this state if:

1. The individual's service is performed entirely within the state; or

2. The individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or

3. Some of the service is performed in the state and the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

(d) The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period. Sales of tangible personal property are in this state if:

1. The property is delivered or shipped to a purchaser, other than the United States government, or to the designee of the purchaser within this state regardless of the f.o.b. point or other conditions of the sale;

2. The property is shipped from an office, store, warehouse, factory, or other place of storage in this state and the purchaser is the United States government; or

3. Sales, other than sales of tangible personal property, are in this state if the income-producing activity is performed in this state; or the income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

(4) If the apportionment provisions of this section do not fairly measure the taxpayer's capital in this state, the taxpayer may petition for or the department may require:

(a) The exclusion of any one (1) or more of the factors;

(b) The inclusion of one (1) or more additional factors which will fairly measure the taxpayer's capital in this state; or

(c) The employment of any other method to produce an equitable apportionment of the taxpayer's capital.

(5) No corporation required to pay an annual license tax under this section shall pay less than ten dollars ($10).

Section 13. KRS 136.076 is amended to read as follows:

(1) As soon as practicable after each return is received, the department shall examine and audit it. If the amount of tax computed by the department is greater than the amount returned by the taxpayer, the excess shall be assessed by the department within four (4) years from the date the return was filed, except as provided in subsection (2) of this section, and except that in the case of a failure to file a return, or of a fraudulent return, the excess may be assessed at any time. A notice of such assessment shall be mailed to the taxpayer. The *times* [~~time~~] provided in this section *and KRS 134.580(3)* may be extended by agreement between the taxpayer and the department.

(2) For the purpose of subsection (1) of this section, a return filed before the last day prescribed by law for the filing thereof shall be considered as filed on such last day.

Section 14. KRS 136.090 is amended to read as follows:

(1) Corporations liable to taxation under KRS 136.070 shall file with the department of revenue each year, on forms prepared by the department, a written report, verified by *an affidavit executed by one (1) of the following officers of the corporation: the president, vice-president, secretary, treasurer, assistant secretary, assistant treasurer, or chief accounting officer* [~~the affidavit of the president or secretary of the corporation~~]. This report shall give the name of the corporation; the name of the state or government under the laws of which it is incorporated; the date of incorporation; the place of its principal office in and out of this state; the name and address of its president and secretary; the name and address of its authorized agent or attorney upon whom process may be executed in this state; the name and address of the officer or agent in charge of its business in this state; and the nature and kind of business in which it is engaged.

(2) The report shall also give the total value of all the property owned and used by the corporation; the value of the property owned and used by it in this state; the aggregate amount of business transacted by it during the preceding calendar year or fiscal year; the amount of such business transacted in this state; and such other facts as the department requires.

(2) Any corporation that fails to pay its taxes, penalty and interest as provided in subsection (2) of KRS 136.050, after becoming delinquent, shall be fined fifty dollars ($50.00) for each day the same remains unpaid, to be recovered by indictment or civil action, of which the Franklin Circuit Court shall have jurisdiction.

(3) Any public service corporation, or officer thereof, that willfully fails or refuses to make reports as required by KRS 136.130 and 136.140 shall be fined one thousand dollars ($1,000), and fifty dollars ($50.00) for each day the reports are not made after March 31 of each year.

(4) Any superintendent of schools or county clerk who fails to report as required by KRS 136.190, or who makes a false report, shall be fined not less than fifty dollars ($50.00) nor more than one hundred dollars ($100) for each offense.

(5) Any company or association that fails or refuses to return the statement or pay the taxes required by KRS 136.330 or 136.340 shall be fined one thousand dollars ($1,000) for each offense.

(6) Any insurance company that fails or refuses for thirty (30) days to return the statement required by KRS 136.330 or 136.340, under the oath of some principal officer or general agent or manager of this state, and to pay the tax required by KRS 136.330 or 136.340, shall forfeit one hundred dollars ($100) for each offense. (9) The Franklin Circuit Court shall have jurisdiction of all prosecutions under subsections (5) to (7) of this section.

(10) If any taxpayer fails to make *and* [~~or~~] file a return as required by KRS 136.090 on or before the due date of the return *or the due date as extended by the department, or fails to pay the tax imposed by this chapter within the time prescribed*, then, unless it is shown to the satisfaction of the department that

the failure is due to reasonable cause, five per cent (5%) of the tax found to be due by the department shall be added to the tax for each thirty (30) days or fraction thereof elapsing between the due date of the return and the date on which it was filed, but the total penalty shall not exceed twenty-five per cent (25%) of the tax provided, however, that in no case shall a penalty be less than ten dollars ($10.00).

(11) If the tax imposed by KRS 136.070, whether assessed by the department or the taxpayer, or any instalment or portion of the tax, is not paid on or before the date prescribed for its payment, it shall be collected as a part of the tax, interest upon the nonpaid amount at the *tax interest* rate *as defined in KRS 131.030(6)* [~~of eight per cent (8%) per annum~~] from the date prescribed for its payment until payment is actually made to the department.

Section 9. KRS 91.511 is amended to read as follows:

(1) At any time prior to the sale of the property any person having any right, title or interest in, or lien upon, any parcel of real estate described in the petition may *discharge any city lien or satisfy a judgment in favor of the city as to said parcel of real estate* [~~redeem the parcel of real estate~~] by paying to the collector all of the sums mentioned therein, including the principal, interest, penalties, and costs then due.

(2) If the property is sold[~~, and~~] pursuant to the judgment or order of the court *and*[~~,~~] does not bring *its most recent assessed value certified by the department of revenue to the county clerk as required by KRS 133.180,* [~~two-thirds (⅔) of its appraised value,~~] the *owner* [~~defendant or his representative~~] may redeem it within sixty (60) days from the day of the sale, by paying the purchaser [~~or his representatives~~] the original purchase money and interest at *eighteen percent (18%)* [~~ten percent (10%)~~] per annum. Any

owner [~~defendant~~] who redeems his land shall take a receipt from the purchaser and lodge it with the clerk of the court. The receipt shall be entered upon the records of the court.

(3) The *owner* [~~defendant~~] may tender the redemption money to the purchaser, his agent or attorney, if found in the county where the land lies or in the county in which the judgment was obtained or order of sale made. If the money is refused, or if the purchaser does not reside in either of the counties, the *owner* [~~defendant~~] may, before the expiration of the right of redemption, go to the clerk of the court in which the judgment was rendered or the order made, and make affidavit of the tender and refusal, or that the purchaser or his agent or attorney do not reside in either of the counties. He may then pay to the clerk the redemption money, and the clerk shall give receipt therefor and file the affidavit among the papers of the action.

(4) When the right of redemption exists, the *owner* [~~defendant~~] may remain in possession of the property until it expires. Real property so sold shall not be conveyed to the purchaser until the right of redemption has expired. If it is redeemed, the sale shall, from and after the redemption or from and after the deposit of the redemption money with the clerk, be null and void.

(5) In the event of failure to redeem within the period provided for redemption, the *owner* [~~defendant~~] or any other party in interest shall be barred forever of all his right, title and interest in and to the parcel of real estate described in the petition.

(6) Upon redemption, as permitted by this section, the person redeeming shall be entitled to a certificate of redemption from the collector describing the property in the same manner as it is described in the petition and the collector shall thereupon note on his records the word "redeemed" and the date of the payment opposite the description of the parcel of real estate.

Section 10. KRS 91.514 is amended to read as follows:

(1) Upon the confirmation of the sale by the court and the expiration of the right of redemption provided in KRS 91.511, the title to any real estate purchased from the master commissioner pursuant to KRS *91.481* [~~91.484~~] to 91.527 shall vest in the purchaser. The title of the real estate shall be an absolute estate in fee simple, subject to rights of way of public utilities on which tax has been otherwise paid and subject to any lien of the United States of America, if any. All persons, including the Commonwealth of Kentucky, infants, incompetents, absentees, and nonresidents who may have had any right, title, interest, claim or equity of redemption in or to, or lien upon the land shall be barred of all right, title, interest, claim, lien or equity of redemption, and the court shall order that immediate possession of the real estate be given to the purchaser. *Any person so barred shall thereafter have as his exclusive remedy a claim for a share of the proceeds of the sale of the real estate by the master commissioner.*

(2) The title shall be subject to the liens of any tax bill which may have attached to the parcel of real estate prior to the time of the filing of the petition affecting such parcel of real estate not then delinquent, or which may have attached after the filing of the petition and prior to the expiration of the period provided for redemption and not including any answer to such petition.

(3) If the parcel of real estate is sold to the city, the title shall be free of any liens to the extent of the interest of any taxing authority in any such real estate.

(4) The title shall not be subject to the lien of special tax bills which have attached to the parcel of real estate but the lien of the special tax bill shall attach to the proceeds of the master commissioner's sale or to the proceeds of the ultimate sale of the parcel by the city.

(5) Failure of any party other than the purchaser to follow the procedures set out in KRS 91.481 to 91.527 shall not affect the vesting of title in the purchaser.

Section 11. KRS 91.517 is amended to read as follows:

(1) After the master commissioner sells any parcel of real estate, the court shall, upon its own motion or upon motion of any interested party, set the cause down for hearing to confirm the sale, even though such parcels are not all of the parcels of real estate described in the notice of the master commissioner's sale.

(2) If the sale is confirmed, the court shall order the proceeds of the sale applied in the following order:

If after such payment, there is any sum remaining of the proceeds of the commissioner's sale *of such property*, the court shall try and determine the other issues in the suit *with respect to that particular count* [~~in accordance with the trial~~]. If any of the answering parties has specifically appealed, the court, *provided that such answering parties have, prior to the appeal, executed an appropriate supersedeas bond,* shall retain custody of the funds pending disposition of the appeal, and upon disposition of the appeal shall make distribution. If there are not sufficient proceeds of the sale to pay all claims in any class described, the court shall order them to be paid [~~pro rata~~] in accordance with the priorities.

(3) If there are any funds remaining of the proceeds after the commissioner's sale and after the distribution of the funds as herein set out and no person entitled to any such funds, whether or not a party

(2) The real property of an infant or person judicially found to be of unsound mind shall not, during his disability, *after ascertainment of such disability by the city,* be sold *without the appointment of a guardian ad litem to represent the interest of such person,* for less than *its certified assessed value* [~~two-thirds (⅔) of its appraised value~~] on any judgment of sale rendered for taxes and costs alone, where the real property came to the infant or person of unsound mind by descent, distribution or devise, or by gift or settlement of some person then deceased, or where the real property belonged to the person of unsound mind before he became of unsound mind.

(3) No entire estate shall be sold, for taxes and costs chargeable to the owner of the particular estate, for less than *its certified assessed value* [~~two-thirds (⅔) of the appraised value~~], so as to defeat any reversion, remainder or other future estate outstanding, unless the reversioners, remaindermen or holders of other future estates are ascertained and are of full age, and no such entire estate shall ever be put up to sale unless the particular estate of the taxpayer has first been put up and has failed to bring the amount of the taxes and costs.

A vacancy shall be filled for the unexpired term in the same manner as original appointments. At the time of any appointment, *if the mayor elects to appoint only three (3) commissioners,* not more than two (2) commissioners shall be adherents of the same political party. *If the mayor elects to appoint more than three (3) commissioners not more than three (3) commissioners shall be adherents of the same political party.* The appointee originally appointed for the term of three (3) years shall be secretary of the commission. (4) The civil service commission shall make and enforce rules, not inconsistent with the provisions of KRS 90.310 to 90.410 or the ordinances of the city, for examinations and registrations therefor.

Section 2. KRS 90.350 is amended to read as follows:

(1) The appointing authority shall make all civil service appointments, and the appointments shall be made only from the lists of applicants certified to him by the civil service commission after examination.

Appointments shall be made only by the selection of one (1) of the three (3) holding the highest averages in the particular class and grade wherein the vacancy exists, except as provided in subsection (6) of this section.

(2) Whenever it is imperative to fill a vacancy in classified civil service before the commission can certify a list of as many as three (3) persons eligible for appointment after competitive examination, the appointing authority shall nominate a competent person from the same class or next lower rank to the commission for noncompetitive examination, and if certified by the commission as qualified after the noncompetitive examination he may be appointed provisionally to fill the vacancy until an appointment can be made after competitive examination. This provisional appointment shall continue only until a regular appointment can be made from the eligible list prepared by the commission, which eligible list shall be prepared within thirty (30) days after a vacancy occurs in cities of the second class, or within ninety (90) days after vacancy in cities of the third class.

(3) In case of great emergency and when no one upon the eligible list or by promotion from a lower rank is available, an appointment may be made by the appointing authority without examination, but in no case shall such appointment continue longer than thirty (30) days in cities of the second class, or sixty (60) days in cities of the third class, and in no case shall successive appointments be made of the same person, or other persons, to such vacancy.

(4) Temporary appointments made necessary by reason of illness or disability of regular employes shall continue only during such period of disability.

(6) Whenever, from any cause, there shall be a vacancy in any of the classified services, the employe in said classification ranking next highest in seniority, if he chooses, shall succeed to and fill said vacancy, unless upon charges made by the city that said employe is not qualified to fill said vacancy, and after notice and upon trial to determine his qualifications in the same manner as is now required for the dismissal, suspension or reduction in grade or pay of an employe, it be established by the city that said employe has not the necessary qualifications to enable him to discharge the duties of the office or position in which the said vacancy occurs. Provided that in case of a vacancy in the classified service, where peculiar and exceptional qualifications of a particular professional or educational character are required, upon satisfactory evidence that for reasons stated in writing by the appointing authority, competitive examination in such case has failed to provide an eligible list; the commission may suspend the provisions requiring competitive examination under civil service.

(7) Where the service to be rendered by an appointee in the classified service is for a temporary period not to exceed thirty (30) days in cities of the second class, or sixty (60) days in cities of the third class, and the need of such service is imperative, the appointing authority may select for that temporary service any person on the list of those eligible for permanent appointment. Successive temporary appointments to the same position shall not be made under this provision. The acceptance or refusal by an eligible applicant of a temporary appointment shall not affect his standing on the register for permanent employment, nor shall temporary service be counted as part of the probationary service in case of subsequent appointment to a permanent position.

(8) No person shall be certified by the commission from an eligible list more than four (4) times to the same appointing authority for the same or similar position.

(9) The appointing authority may provide that all appointments for initial permanent employment may be probationary appointments for a period of not more than *twelve (12)* [~~six (6)~~] months, after which probationary period regular appointments shall be given to all probationary employes who are deemed to be satisfactory by the respective appointing authority.

The Committee on Energy reported **HR 85**, **HR 86**, and **HR 91** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HR 85, A RESOLUTION commending the Board of Directors of the Tennessee Valley Authority for its decision with respect to electric power generation.

WHEREAS, the Tennessee Valley Authority did in 1982 cancel construction of three nuclear power plants in the interest of conservation and economic development, in view of escalating nuclear power costs, and in recognition of the abundance of coal in the TVA area;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Board members of the Tennessee Valley Authority be and hereby are commended for their courageous, forthright and conservative action in moving to stop multi-billion dollar development of nuclear power plants already under construction and to consider further use of coal, an abundant resource throughout most of the TVA area of service and a major industry in both Kentucky and Tennessee.

Section 2. That copies of this commendation be sent to the White House, to the members of the United States Congress from Kentucky and Tennessee, to the members of the TVA Board, and to Public Service of Indiana, and to the sponsors of the World's Fair International Energy Symposia Series.

HR 86, A RESOLUTION commending the International Energy Symposium on its recommendation as to the use of coal in the foreign aid program.

WHEREAS, at the International Energy Symposia Series II it was suggested that American coal be made available to developing countries as part of the United States foreign aid program, in the interest of reducing international dependence on oil supplies and increasing prospects for developing countries to meet their energy needs at affordable costs; and

WHEREAS, final symposia recommendations will be developed by a World Energy Congress for satellite broadcasting in May from 1982 World's Fair in Knoxville;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Symposia participants be and are hereby commended for their work in the first two symposia, for recognizing the special energy needs and interests of developing nations, and the potential contribution to those particular needs that can be met with coal; and that the program planners be encouraged to arrange for full exploration of this idea by the participants at the World Energy Congress.

Section 2. That copies of this resolution be sent to the planners of the 1982 World's Fair World Energy Congress planners in Knoxville, and to the U.S. participants in the Symposia and the World Energy Congress.

HR 91, A RESOLUTION supporting the two Kentucky coal conversion projects currently being evaluated for federal support.

WHEREAS, this nation is nearing the end of a decade in which the dominant force of change on the lives of people in many parts of the world was an oil embargo imposed by small mid-eastern countries that, working through large international conglomerates, has established a new order of energy relationships that has engendered international instabilities, recessions in the western world, lower productivity and lower standards of living for people of many lands; and

WHEREAS, the Commonwealth of Kentucky's response to the national dilemma posed by this embargo was both immediate and visionary with legislative research and development programs that provided a model of federal and state cooperation in preserving energy options vital to the welfare of this nation, but which, after nearly a decade, have left this nation vulnerable to international oil geo-politics and its people burdened with ever-increasing energy costs; and

WHEREAS, the Congress of the United States did, in the latter part of this decade, design and enact long-range plans for the use of energy alternatives developed from coal, oil shale and tar sands and new applications of solar energy, and did establish the United States Synthetic Fuels Corporation to combine the strengths of the public and private sectors for a more effective pursuit of national energy objectives; and

WHEREAS, that public corporation is now in the process of evaluating eleven private sector programs in alternative energy development, two of which are proposed by Kentucky energy enterprises and both of which would strengthen the market for Kentucky coal;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That full support be given by the legislative and executive branches of the federal government to the United States Synthetic Fuel Corporation and its program to develop alternatives to oil as an energy source and reduce America's dependence on imported oil.

Section 2. That the corporation is encouraged to accord full recognition to the unique characteristics of two current Kentucky programs both of which emphasize the value of cooperation between government, education and industry; one program representing the first governmentally funded synfuel research and development project, dating from the early 1970's, that is projected to become a private business after completion of its demonstration phase; and the other program representing a non-governmental, privately funded program that seeks governmental support only for the use of the product it has already developed.

Section 3. That Ashland Oil, the Department of Energy, and the University of Kentucky, and the people of Ashland and Lexington be commended for their eight years of effort that have brought Kentucky closer to being the home of the first $2 billion synfuel demonstration plant; and that Coaliquid, Inc. and the University of Louisville, and the people of Shelbyville and Louisville, be commended for their five years of effort which have seen the development of a liquid coal through the demonstration phase without the use of public monies.

Section 4. That copies of this resolution be sent to the President of the United States, members of Congress from the Commonwealth of Kentucky, the Chairman of the United States Synthetic Fuels Corporation, Ashland Oil, Coaliquid, to the Mayors of Ashland and Shelbyville and to the Presidents and Board Chairpersons of the University of Louisville and the University of Kentucky.

The Committee on Health and Welfare reported **SB 3, SB 155, SB 300** with Committee Amendment attached thereto, and **HB 819** with Committee Substitute attached thereto, with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

SB 300, AN ACT relating to the regulation of health facilities and health services.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 216B.010 is amended to read as follows:

The general assembly finds that the licensure of health facilities and health services is a means to insure that the citizens of this Commonwealth will have safe, adequate and efficient medical care; that the proliferation of unnecessary health care facilities, health services and major medical equipment results in costly duplication and underuse of such facilities, services and equipment; and that such proliferation increases the cost of quality health care within the Commonwealth. [~~The general assembly further finds that a certificate of need law is required under the provisions of the national health planning resource development act of 1974, P.L. 93-641 as amended, as a condition for the receipt of federal funds.~~] Therefore, it is the purpose of this chapter to provide for the establishment of the Kentucky health facilities and health services certificate of need and licensure board for the [~~specific~~] purpose of licensing health facilities and services, and *acting on* [~~to review and approve~~] applications for certificates of need.

(2) The holder of the certificate of need to be revoked may request in writing a public hearing in respect to an initial decision by the board to revoke a certificate of need within thirty (30) days of the date of notice of such initial decision. Any final decision revoking a certificate of need shall be made by the board in writing and shall be recorded in the minutes of the board. The board shall notify the parties to the proceedings of the final decision.

(8) Any final decision of the board to revoke a certificate of need shall be based solely on the record established with regard to the revocation.

(9) Except as provided in subsection (1) of this section, reconsideration pursuant to Section 18 of this Act or judicial appeal pursuant to Section 20 of this Act is available with regard to a final decision of the board to revoke a certificate of need.

Such decal shall be affixed to the five (5) year registration plate.

At the recanvass, each political party represented on the board may appoint a representative there to be its governing body, and also each candidate to be voted for may be present either in person or by a representative or both. The county board of elections shall authorize representatives of the news media to observe the recanvass of the votes cast on the voting machine in each precinct.
